Monday, January 15, 1968—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, January 15, 1968—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Quorum present.

President John A. Ertola presiding.

Approval of Journal.

There being no errors, corrections, or omissions, the Journal of Proceedings for the meeting of Tuesday, December 26, 1967, was considered read and approved.

Communication.

The Clerk presented a communication from his Honor, the Mayor, dated January 11, 1968, urging prompt adoption of the Workable Program for Community Improvement with an amended relocation section, and transfer of \$200,000 to the office of the Mayor for a local rent assistance program and relocation service.

Ordered filed, copy having been furnished each member of the Board.

Consideration Continued.

Approving amended section of Workable Program for Community Improvement entitled "Housing for Displaced Families," and reaffirming Board of Supervisors' Resolution No. 415-67, approving all other elements of the Workable Program, and approving by these actions the submission of the Workable Program to the U.S. Department of Housing and Urban Development for recertification.

Supervisor Ertola presented:

File No. 250-67-2, Resolution No.

(See infra under File No. 250-67-3 for discussion and action.)

Reference to Committee.

Appropriating \$200,000, Mayor, for local rent assistance program and City financed relocation services; rescinding appropriation of \$100,000 Redevelopment Agency, for administrative expense related to privately owned moderate priced housing and senior citizens housing; rescinding appropriation of \$100,000, Chief Administrative Officer, for centralized housing and business relocation service.

Supervisor Ertola presented:

File No. 250-67-3, Ordinance No.

The Chair informed the Board that since Files No. 250-67-2 and No. 250-67-3 are new matters, proposed ordinance, File No. 250-67-3, must be sent to Committee for public hearing, report, and recommendation, and that proposed resolution, File No. 250-67-2, could be enacted today only by a unanimous vote of the Board.

Motion.

Adopted as Amended.

The Chair stated that he would entertain a motion that the proposed resolution and proposed ordinance, Files No. 250-67-2 and No. 250-67-3, respectively, be referred to committee, and that the public hearing on the proposed relocation section of the Workable Program for Community Improvement be limited to one hour, with a two-minute time allotment for individual speakers and a three-minute allotment for representatives of major organizations. Supervisor Tamaras, seconded by Supervisor Blake, so moved.

Supervisor Francois stated that, since the Board has had extensive hearings relative to the relocation section of the Workable Program and would hold a further hearing today, he failed to see why proposed resolution, File No. 250-67-2, should be referred to committee.

Supervisor Francois, seconded by Supervisor Boas, moved as an amendment to the pending motion that consideration of proposed resolution, File No. 250-67-2, be continued for hearing by the Board sitting as a Committee of the Whole on January 22, 1968, that proposed ordinance, File No. 250-67-3, be referred to joint Finance and Planning and Development Committee for report to the Board on January 22, 1968, and that the public hearing today be limited to one hour, with a two-minute time allotment for individual speakers and a three-minute allotment for representatives of major organizations.

In response to a question by Supervisor McCarthy, the Chair stated that the purpose of the proposed time limit is to give everyone who wishes to speak an opportunity to do so without detriment to anyone else. In that spirit, he would attempt to maintain the proposed time limit, but with some flexibility where necessary.

Motion as amended adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCa-

thy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

(Supervisor Blake dissenting in Committee.)

Urging State Legislature to increase vehicle license fees in Alameda, Contra Costa and San Francisco Counties for the purpose of assuring completion of the full 75-mile Bay Area Rapid Transit System.

File No. 137-68-1, Resolution No. 45-68.

Chief Administrative Officer Mellon stated that this method of raising finances for BARTD seems to be the only practical approach the Legislature can take, since the counties involved have not been able to agree on other methods of raising funds. The Governor has indicated that unless he sees some direct support from the counties involved he would not be inclined to approve additional funds for this purpose. There is a sense of urgency, since if BARTD does not receive

additional funds by the middle of March, 1968, additional contracts cannot be let, and the cost of delay could be astronomical.

Supervisor Blake stated that he believed other methods of financing would be far preferable to the imposition of a motor vehicle tax on San Francisco residents. This proposed tax could be as much as forty or fifty dollars on the more expensive model automobiles.

Supervisor Pelosi questioned the equity of this tax proposal.

Adopted by the following vote:

Ayes: Supervisors Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Tamaras, von Beroldingen—8.

Noes: Supervisors Blake, Boas, Pelosi—3.

It shall be the right and duty of said committees to perform all legal acts permitted or required in the instigation, consideration and promotion of the matters set forth herein or related thereto, provided that matters requiring commitments of the Board as an entity shall be submitted to the Board for approval prior to committee action thereon. No member or combination of members of the Board shall employ or engage the services of any person, or authorize or incur any charge, debt or liability against the City and County unless authority therefor shall have been given first by the Board, except as otherwise provided by law.

Specific committee assignments shall modify and control general assignments.

Each standing committee shall be comprised of three Board members. ((except that the Finance Committee shall be comprised of five Board members.))

In the event that the scope of committee assignments may be conflicting, overlapping or ambiguous, the President shall determine and designate, subject to an appeal to the Board, the committee which shall have jurisdiction over a particular matter.

Should a particular matter be referred to a joint committee, the chairman of the committee designated first by the President in his order of referral shall serve as chairman of the joint committee.)

Inasmuch as the text of the foregoing amendment had been presented to the Board by the President on January 8, 1968, the Board impliedly waived the requirement of Rule 3 of the Board's Rules of Order to the effect that one week's notice of an amendment must be given by inclusion in the Board calendar.

Declaring Wall Street Journal to be official newspaper of the City and County for a temporary period.

Supervisor Boas presented:

File No. 465-67-1, Resolution No.

Supervisor Boas advised the Board that because of the strike, the San Francisco Examiner is unable to comply with the terms of its contract with the City whereby, as the official newspaper of the City and County for the calendar year 1968, it has undertaken to publish all official advertising.

Accordingly, the City Attorney's office has drafted the subject resolution declaring the Wall Street Journal to be the official newspaper for the duration of the strike.

Supervisor Boas stated that the line rate of the Wall Street Journal is substantially higher than that of the Examiner—\$1.76 per line as compared to \$.44—but it is the only publication qualified under Sec-

tion 13 of the Charter to publish the City's advertising, other than the Examiner and Chronicle, neither of which is being published during the strike.

Supervisor Blake, seconded by Supervisor Tamaras, moved that the Mayor be asked to declare that a state of emergency exists with respect to publication of official advertising, in view of the excessively high costs which would result from any prolonged inability of the Examiner to fulfill its contract.

Supervisor McCarthy, seconded by Supervisor von Beroldingen, moved as an amendment to the pending motion that the Purchaser of Supplies be directed to investigate whether there is any other newspaper which might qualify as the City's official newspaper, such as the San Francisco Gater or the Daily Californian, or any other, and whether the San Francisco Shopping News or the San Francisco Progress have any plans to go into daily publication during the newspaper strike, and to report back to the Finance Committee on or before Wednesday, January 17, 1968.

At the suggestion of the Chair, Supervisor McCarthy, seconded by Supervisor von Beroldingen, amended his motion as follows: That subject legislation be referred to Finance Committee; that the Mayor be asked to declare that a state of emergency exists with respect to publication of official advertising, in view of the excessively high costs which would result from any prolonged inability of the Examiner to fulfill its contract; that the Purchaser of Supplies be directed to investigate and report to the Finance Committee on or before Wednesday, January 17, 1968, whether there is any other newspaper which might qualify as the City's official newspaper and whether the San Francisco Shopping News or the San Francisco Progress have any plans to go into daily publication during the newspaper strike.

File No. 250-67-2.

(Proposed resolution entitled, "Approving amended section of Workable Program for Community Improvement, entitled 'Housing for Displaced Families,' and reaffirming Board of

Supervisors' Resolution No. 415-67, approving all other elements of the Workable Program, and approving by these actions the submission of the Workable Program to the U.S. Department of Housing and Urban Development for recertification" received from Mayor Alioto, introduced by President Ertola, and referred to Committee of the Whole on January 15, 1968.)

Motion adopted by the following vote:

Absent: Supervisors Boas, McCarthy, Morrison—3.

The Mayor's Deputy for Development, John H. Tolan, Jr., advised that Mayor Alioto will be in Washington, D.C., this week and has made appointments with officials in the Department of Housing and Urban Development to discuss the relocation section of the Workable Program and the City's code enforcement program.

Mayor Alioto has in mind some substantial amendments to the Workable Program as submitted to the Board and requests that consideration be continued to January 29, 1968, so that these amendments can be presented to the Board in final form.

Mr. Tolan also stated that some revisions in the code enforcement section of the Workable Program are required to meet new Department of Housing and Urban Development criteria. These revisions will be brought to the attention of the Board at an early date. The required revisions generally involve designation of present and possible future federally assisted urban renewal projects and an expanded program of Housing Code inspections throughout the City of single- and two-family dwellings, to be carried out systematically in a ten-year period. He added that during the first year's program probably no additional City funds for such inspections will be required. However, it is anticipated that in the following years additional financial commitments by the City will be required.

Motion to Continue Consideration.

Supervisor Blake, seconded by Supervisor Tamaras, moved that the Committee of the Whole rise and report, without recommendation on the proposed legislation, but with the recommendation that consideration be continued to January 29, 1968.

Motion to rise and report adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

In meeting of the Board of Supervisors, San Francisco, Monday, January 29, 1968—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Quorum present.

President John A. Ertola presiding.

SPECIAL ORDER—2:00 P.M.

Adopted as Amended.

The following measure from the Committee of the Whole, without recommendation, heretofore considered, was taken up:

((Approving amended section of Workable Program for Community Improvement, entitled "Housing for Displaced Families," and reaffirming Board of Supervisors' Resolution No. 415-67, approving all other elements of the Workable Program, and approving by these actions the submission of the Workable Program to the U.S. Department of Housing and Urban Development for recertification.))

Adopting the Workable Program for Community Improvement for the City and County of San Francisco, including the relocation section thereof, and approval submitted to the U.S. Department of Housing and Urban Development for recertification.

File No. 250-67-2, Resolution No. 64-68.

January 22, 1968—Proposed resolution reported out of the Committee of the Whole without recommendation, and consideration continued to January 29, 1968, as a special order of business at 2:00 p.m.

The Clerk presented a communication from the Mayor transmitting and urging approval of a revised Section VI of the Workable Program.

"Housing for Displaced Families," and urging approval of an appropriation of \$200,000 to the office of the Mayor for a special assistance program rather than a local rent assistance program.

Noted and ordered filed.

John H. Tolan, Jr., the Mayor's Deputy for Development, advised the Board that the only major change occurs in subsection D-2h, in which a special assistance program is substituted for a rent assistance program. While details of this program have not been worked out, possible aids might include assistance in procuring employment, payment of the first month's rent to ease the burden of relocation, assistance in obtaining needed services from public and private agencies, and limited rehabilitaton assistance. In some cases, rent supplements may have to be provided for a short term only. Rent assistance as a continuing program is not being advocated.

He added that within six months after recertification of the Workable Program by the Secretary of Housing and Urban Development, assignment will be made of responsibility for the administration of a centralized housing relocation service. In the interim period, the Redevelopment Agency will continue to provide relocation services.

Adopted.

Motion to Amend.

Supervisor von Beroldingen presented proposed resolution entitled "Adopting the Workable Program for Community Improvement for the City and County of San Francisco, including the relocation section thereof, and approval submitted to the U.S. Department of Housing and Urban Development for recertification," as an amendment of the whole for the proposed resolution.

File No. 250-67-2.

Supervisor von Beroldingen, seconded by Supervisor Francois, moved adoption.

Supervisor Mailliard stated that he is prepared to support the legislation as amended, since he is now satisfied that the City is not writing a blank check for continued rent subsidies.

Supervisor Morrison stated that it has been his goal for a long time to get the principle established in City government that a part of the tax increment resulting from redevelopment should be put back into the program for social purposes, including rent supplements. He said that he was dismayed today to see the Mayor and the City back away from what seemed to him to be a great step forward in local administration of renewal and redevelopment programs. He added that he would be willing today to vote for the \$200,000 appropriation in the hope that the Mayor's office can achieve some laudable program; however, he would be unwilling to vote for the Workable Program as amended. The City is confronted with a severe problem which requires decisive action at the local level; there is no such program presented today, and for that reason he would vote against it.

Amendment of the whole adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Morrison—1.

Reference to Committee.

There being no objection, Supervisor Morrison presented the following out of order:

Referred to Planning and Development Committee.

The Clerk presented a communication from Assemblyman Willie L. Brown, Jr., addressed to Supervisor Ertola, urging an increase in the proposed reappropriation of \$100,000 to the Mayor's Office for a rent assistance/rent subsidy program.

Noted and ordered filed.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

REPORT BY SUPERVISOR BLAKE ON HIS RECENT TRIP TO NEW YORK AND WASHINGTON, D.C., WITH MAYOR ALIOTO FOR THE PURPOSE OF STIMULATING ADDITIONAL INDUSTRIAL ACTIVITY IN SAN FRANCISCO.

Supervisor Blake reported that in Washington, D.C., he and Mayor Alioto had talked first with the Secretary of Commerce, who had told them that at the present time no ships are being built under government auspices. However, the Economic Development Administration has promised to undertake, without cost to the City, a survey to determine how Bethlehem Shipyard might be converted to other uses in order to provide additional jobs for San Francisco. Unfortunately, the Navy held out no hope for increasing the number of employments at Hunters Point Naval Shipyard.

In New York Supervisor Blake and the Mayor interviewed first the President of American Airlines and urged that the company select San Francisco as the site for construction of a new jet engine overhaul base. Supervisor Blake stated that such a facility would create 5,400 new jobs with a total payroll of about \$59 million.

Then they talked with the President of Bethlehem Steel Corporation, who promised to cooperate fully with the Economic Development Administration in their study of possible other uses of the Bethlehem Shipyard in San Francisco. Next, Mayor Alioto and Supervisor Blake talked to representatives of Equitable Life Insurance Company, who promised to look into possibilities of investing in construction of low-cost housing in San Francisco.

Supervisor Blake concluded by saying that in his opinion the trip had been very successful; that the people of San Francisco are most fortunate in having Mayor Alioto representing their interests.

Amendment of dance hall ordinance to permit long-established charitable and community organizations to hold dances.

Supervisor Ertola reiterated his previous request that the dance hall ordinance be amended to permit the holding of dances by long-established charitable and community organizations which cannot qualify for a permit under the present law, and requested that the City departments involved take the initiative in preparing such an amendment. (See *infra*.)

Method of raising additional funds for completion of the Bay Area Rapid Transit System.

Supervisor Ertola called attention to the fact that the Board of Supervisors of Contra Costa has adopted a resolution reaffirming its position that additional funds required for BARTD be obtained by increasing bridge tolls. He stated that the Board of Supervisors of San Francisco had recently enacted Resolution No. 45-68 with the understanding that this was the only type of action the three counties of San Francisco, Alameda, and Contra Costa could agree to relative to financing of BARTD.

Supervisor Ertola said he plans to ascertain the intention of Contra Costa County. If the representation made to this Board is not now correct, he said he believes the Board should reconsider its enactment of Resolution No. 45-68.

There being no objection, on motion of Supervisor McCarthy, the following recommendation of State and National Affairs Committee was taken up out of order:

(Supervisor Blake dissenting in Committee.)

Endorsing plans of City Planning Commission and Bay Conservation and Development Commission for shoreline development of the South Bayshore study area, with particular reference to Hunters Point Reclamation District Area.

File No. 144-68, Resolution No. 97-68.

Appointment of President Pro Tempore.

At the request of Supervisor Ertola, Supervisor Blake assumed the Chair as President Pro Tempore during the following discussion so that Supervisor Ertola might participate more fully.

At the request of Supervisor McCarthy, the Director of City Planning presented tentative plans for the area and informed the Board that the Department has been involved for over a year in developing a plan which will be presented to the Board for its approval in July of this year.

At the request of Supervisor Ertola, the privilege of the floor was granted to Mr. Arthur Paulson, 455 West Portal Avenue, President of the Hunters Point Reclamation District. Mr. Paulson, speaking for himself as an owner of property in the area, questioned the engineering feasibility of one of the City Planning Department's proposals. He said that while the Reclamation District has not filed an application with the Bay Area Conservation District for permission to fill the Bay, it is the thought of the District that they and the City might join together in a proposal for the completion of the reclamation project.

Supervisor McCarthy urged adoption of the subject legislation as a means of bringing about an orderly desirable development within the area. The Reclamation District has been in existence for thirteen years without having brought to the Board's attention an industrial development plan. The City and County endorsed the creation of the Bay Area Conservation District and should not now ask the District to grant permission to one person to fill a portion of the Bay.

Supervisor Ertola stated that the Reclamation District was created by the City for the purpose of reclaiming submerged land. Individuals bought property there in reliance on that policy. He said that if funds were available now to implement the City Planning Department plan, he would favor that plan, but under the circumstances, he felt the City should not deter any activity by private industry from which additional tax revenue and employments would accrue.

Supervisor Tamaras stated that he would vote in favor of the subject proposal because the Board would soon have the opportunity to consider a plan for a comprehensive development of the area. However, if a practical plan is not presented to the Board in July, he would not be willing to keep these property owners waiting any longer.

Adopted by the following vote:

Ayes: Supervisors Boas, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisors Blake, Ertola—2.

Refused Adoption.

The following from State and National Affairs Committee, without recommendation, was taken up out of order:

Declaring policy that San Francisco should have separate comprehensive Health Planning Council.

File No. 136-68.

Supervisor Mendelsohn stated that subject legislation, which had recently been referred to Health Committee would be calendared for Committee consideration in the near future.

Committee consideration of legislation pending in the State Legislature dealing with the future of the Golden Gate Bridge and Highway District.

Supervisor Morrison stated that as a member of the Tri-Partite Transportation Committee he has been meeting each month with Com-

mittee members from Marin County and the Golden Gate Bridge District. There has been in recent months a strong move in that group for an expression from all three of these jurisdictions as to the future of the Golden Gate Bridge District. One of the Bridge District Directors has introduced a resolution in the Tri-Partite Committee asking the Committee to go on record favoring perpetuation of the Bridge District.

Supervisor Morrison called attention to the fact that AB 174, providing for the dissolution of the Golden Gate Bridge and Highway District, and AB 175, increasing the number of members of the District Board of Directors and authorizing the District to establish and operate any and all modes of transportation between Marin County and San Francisco, have both been referred to State and National Affairs Committee. He said that it appears that these bills offer a ready vehicle for expression of an official opinion by the Board of Supervisors and requested that the Committee schedule hearings on these two bills in the near future.

Reference to Committee.

Authorizing a study by San Francisco and Marin County jointly of the economic and technical feasibility of establishing ferry boat service between the two counties.

File No. 285-68-2.

Supervisor Morrison recalled that by Resolution No. 639-67, adopted October 2, 1967, the Board went on record urging that City, County, District, and State authorities proceed as a first and immediate priority to prosecute reports and plans for a high-speed, modern passenger ferry service between San Francisco and Marin County. In order that action may be taken to implement that declaration of policy, it has become apparent to members of the Tripartite Transportation Committee that San Francisco and Marin County should undertake a study of the feasibility of establishing ferry boat service between the two counties.

Supervisor Morrison, seconded by Supervisor Blake, moved that the Streets and Transportation Committee of the Board hold hearings with a view to authorizing and recommending implementation of a study by San Francisco and Marin County jointly of the economic and technical feasibility of establishing ferry boat service between the two counties.

No objection and motion adopted.

Supervisor Blake stated that he felt Supervisor von Beroldingen's comments merited consideration and that he and Supervisor Pelosi would discuss the subject of development of Market Street with Mayor Alioto at the conclusion of today's Board meeting.

Hearing Held.

SPECIAL ORDER—2:00 P.M.

Presentation of the Airport master plan by the staff of the Public Utilities Commission.

File No. 246-67.

Mr. James K. Carr, General Manager of Public Utilities, explained that the master plan concept for the new San Francisco International Airport being presented today was enabled through the passage of the airport bond issue last year, and the job of preparing schematic plans was turned over to the joint venture firm of J. Carl Warneke and Dreyfuss & Blackford, Architects.

Mr. J. Carl Warneke introduced his staff, who presented a comprehensive report through the use of charts, models, photographs and plans to depict the planned expansion of the Airport.

Supervisors Ertola, Blake and Tamaras then presented questions to Mr. Carr to clarify their understanding of the proposed project.

Mr. Carr concluded by stating the expansion of the Airport as conceived will be one of the most beautiful and compact in the world and that it would be the nucleus of a Bay Area regional airport and a model for other cities throughout the nation to copy.

At the conclusion of the presentation the Chair thanked the architects and Mr. Carr for their report, and consideration of the Board's regular Calendar of matters was taken up.

Postponement of Caucus.

The President recalled to his colleagues that at the Board caucus on January 29 there was agreement that the entire matter of noncivil service personnel and interim personnel for the Board, together with new quarters for the Supervisors and their personal staffs, would be deferred until the next caucus of the Board to be held on February 5 at the conclusion of the regular Board meeting. The February 5 caucus subsequently was postponed for one week, and at that time, with the concurrence of his colleagues, the President did postpone the caucus indefinitely, to the call of the Chair.

No objection and so ordered.

Taken Up Off Calendar.

Adopted as Amended.

There being no objection, on motion of Supervisor von Beroldingen, seconded by Supervisor Pelosi, the following recommendation of the Finance Committee was taken up Off Calendar:

Determining and declaring that public interest and necessity require bond issue in the amount of (\$25,000,000) \$24,500,000 for Market Street rehabilitation.

File No. 118-68, Resolution No. 109-68.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that the subject resolution be amended to decrease the amount stated on page 1, line 29, from \$34,900,000 to \$34,400,000; and the amounts stated on page 2, lines 2 and 6, from \$25,000,000 to \$24,500,000. Supervisor von Beroldingen explained that the difference in the amount would be picked up by the gas tax funds.

Motion to amend carried by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Supervisor Francois stated that since the City was undertaking the Market Street restoration and beautification program, a certain amount would be reimbursed from the Bay Area Rapid Transit District.

Supervisor Ertola questioned whether the bond issue was binding the City to a schematic plan. Supervisor von Beroldingen brought up the question of jeopardizing the bond issue by switching plans for a Civic Center Plaza from the north side to the south side of Market Street, since the agreement with the Housing and Urban Development Agency was based on schematic plans for utilizing a north side parcel of land.

Deputy City Attorney James J. Stark opinioned that since the resolution was worded in broad and general terms, this would not affect the agreement, and that the will of the people would be authority for the departments to proceed.

Supervisor McCarthy questioned Mr. Murphy of the Market Street Transit Task Force whether included in the bond issue was certain street improvements around the 5 BART stations at 24th Street, 16th Street, Church Street, Castro Street and West Portal Avenue. Supervisor McCarthy asked that the Market Street Task Force report back to the Board four weeks from today with definite plans covering the design and plan for these stations.

Supervisor Francois asked for and received definite assurance from Mr. Murphy that the Market Street Task Force would keep the Board informed of its plans, respond to questions of priorities and the different alternatives faced in the next couple of months, and to let the Board make the over-riding decisions on these matters.

Deputy City Attorney Norman S. Wolff stated that Supervisor McCarthy made an observation that if there was not sufficient moneys, the Board might want to eliminate some part of the stations. Mr. Wolff pointed out that the agreement between HUD and the City provides that the City will follow through as provided in the application; therefore if the Board wished to eliminate any part of the plans, approval must first be received from HUD.

Adopted as amended by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Taken Up Out of Order.

There being no objection, on motion of Supervisor von Beroldingen, seconded by Supervisor Morrison, the following recommendation of Joint Planning and Development and Streets and Transportation Committees, appearing on the calendar under New Business, was taken up out of order:

File No. 137-67, Resolution No. 116-68.

Supervisor Morrison, seconded by Supervisor von Beroldingen, moved that the legislation be amended by amending the first "Further Resolved" on page 4 as follows: Delete the following language: "Further Resolved, That the Board of Supervisors of the City and County does hereby approve the Schematic Design Plan for the Civic Center Station Plaza as depicted by the Consultants on the following plans;

"1. Alternate Plan, Civic Center Station Plaza, Scale 1/16"=1', dated October 13, 1967;

"as to the establishment of the overall character of the functional and spatial development of the station area, except for that portion of the plaza as portrayed at the mid-block location on the south side of Market Street and as to such south side Market Street development that the same be re-studied, giving reconsideration", and add in lieu thereof the language: "Further Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby request the Market Street Task Force and the Market Street Consultants to restudy the establishing of the overall character of the functional and spatial development of the station area at Civic Center, giving consideration".

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Supervisor Morrison, seconded by Supervisor Mendelsohn, moved that the matter be rereferred to committee since it had no public hearing.

Supervisor Boas expressed complete opposition to rereferral, stating that the amendment was ineffective and the matter rightly should be in the hands of the Charter Revision Committee.

Noes: Supervisors Blake, Boas, Ertola, Mailliard, Tamaras, von Beroldingen—6.

Adopted as Amended.

The following recommendations of Joint Finance and Planning and Development Committee were taken up:

Authorizing City Planning Commission to apply for Federal funds for the conduct of an urban design study, and declaring intention to appropriate \$20,000 as a cash contribution to the project cost.

File No. 152-68, Resolution No. 112-68.

Supervisor von Beroldingen reported that in committee there was a discussion concerning the exact nature of the contract whereby federal funds would be obtained and matched with funds from the Association of Bay Area Governments. She believed the City did not need a voice represented by the regional government but since the Department of Housing and Urban Development had made this a part of the agreement the committee had no choice but to make a recommendation of "Do Pass".

Mr. Allan B. Jacobs, Director of City Planning, in response to inquiry from Supervisor Ertola, explained that the Urban Design Study was an overall study and plan for the urban and physical design for the City as a whole; a part of the overall Master Planning operations.

Supervisor Mendelsohn suggested that in view of the recent fiasco concerning the Association of Bay Area Governments, an amendment be made to remove ABAG as a party to the contract.

Supervisor von Beroldingen, seconded by Supervisor Mendelsohn, moved that the matter be continued one week in order to allow Mr. Jacobs to apply for funds from the State.

At the suggestion of Supervisor Francois, there being no objection, Supervisor von Beroldingen withdrew her motion subject to renewing it.

Supervisor Francois, seconded by Supervisor Morrison, moved that the words "or regional" be stricken from the pending legislation.

Supervisor Mailliard, at the hour of 5:00 p.m., requested permission to be excused from attendance.

No objection and request granted.

At the request of the President, Supervisor Blake assumed the Chair in order that the President might participate in the debate from the floor.

Supervisor Ertola stated that some place along the line we have to put the brakes on spending; he was going to vote against this legislation on the basis that we can't keep talking economy and keep spending money every week. Since there is no urgency regarding this plan, he said, we all have to tighten our belt.

Mr. Jacobs countered that he considered the plan urgent because the City Planning Department is in need of an overall policy to follow, especially in view of the great number of problems his staff faces every day to maintain the unique design and attributes of the City.

Adopted as amended by the following vote:

Ayes: Supervisors Boas, Francois, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—8.

Determining and declaring that public interest and necessity require the submission of a bond issue in amount of \$14,885,000 for additions to and improvement of the recreation and park system.

File No. 133-68, Resolution No. 130-68.

Supervisor von Beroldingen stated that at the Finance Committee meeting it was recommended that this matter be placed in the "B" position on the ballot. She stated that she wished now to rescind her vote on that matter until it is debated before the Board and a report heard from Mr. Tatarian, Director of Public Works.

Mr. Tatarian stated that the Capital Improvement Advisory Committee, Mr. Mellon and the Regional Water Quality Control Board recommended that this issue be No. 2, or "B," on the ballot.

In response to an inquiry by Supervisor Blake, Mr. Edward J. McDevitt, Superintendent of Recreation and Mr. Frank Foehr, Superintendent of Parks, explained the various items which comprise the proposed bond issue.

Motion to Amend Priority List.

Supervisor von Beroldingen stated that she had just received a letter from the Recreation and Park Commission amending two items in its Priority List of items comprising the bond issue, as follows: Priority 1 should be amended to remove the restricted location of the Hunters Point Swimming Pool from being adjacent to the Joseph Lee Recreation Center, in order that the location may be more flexible to allow placement to best serve the community. Priority 11 should be amended

to remove the word "Tentative" from the title "Recreation Center Buildings" inasmuch as this word no longer serves a useful purpose in view of the Committee's action to recommend the bond issue.

Thereupon Supervisor von Beroldingen, seconded by Supervisor Francois, moved that the priority list be so revised.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Motion to Take Up Out of Order.

Supervisor von Beroldingen, seconded by Supervisor Boas, moved that proposed legislation relative to bond issue for the improvement of sewerage and water pollution control systems be taken up out of order.

In response to inquiry by the Chair, James J. Stark, Deputy City Attorney, advised the Board there would be no legal objection to combining the bond issue for improvement of the Recreation and Park system with that provided for the purchase of the Cliff House-Sutro Baths area, inasmuch as both concern the Recreation and Park system.

Supervisor Pelosi remarked that he was opposed to any consolidation of the bond issues.

Supervisor von Beroldingen also expressed her opposition to combining the bond issues because the suggestion had been discussed in committee and the Recreation and Park Department expressed its displeasure.

The roll was called on the motion to take the matter out of order and it was *defeated* by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Mailliard, von Beroldingen—5.

Noes: Supervisors Francois, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras—6.

Thereupon the roll was called on the adoption on the pending legislation and it was *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Taken Up Out of Order.

Adopted.

There being no objection, on motion of Supervisor Morrison, seconded by Supervisor Tamaras, the following was taken up out of order:

Determining and declaring that public interest and necessity require the submission of a bond issue in the sum of \$5,700,000 for the acquisition of approximately twelve acres of land known as the Cliff House-Sutro Baths property, with the structures thereon, and its improvement for recreation and park purposes.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, McCarthy, Morrison, Tamaras—6.

Noes: Supervisors Boas, Mailliard, Mendelsohn, Pelosi, von Beroldingen—5.

Mr. Allan B. Jacobs, Director of Planning, stated that every effort to get Federal funds for the purchase of the Cliff House-Sutro Baths property had not met with success.

In response to inquiry of Supervisor Francois as to the right of a member to move to reconsider the vote by which the subject bond issue was taken up out of order, the Chair replied that any member voting on the prevailing side could so move.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that the Board reconsider the vote whereby it voted to take the subject matter up out of order.

Motion defeated by the following vote:

Ayes: Supervisors Boas, Francois, Mendelsohn, Pelosi, von Beroldingen—5.

Noes: Supervisors Blake, Ertola, Mailliard, McCarthy, Morrison, Tamaras—6.

Thereupon the roll was called on the adoption of the subject legislation and it was adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

The Board thereupon resumed consideration of the Calendar items in the order set forth therein.

Hearing of Protests—Improvement of Madison and Pioche Streets between Gambier Street and Valmar Terrace.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the warrant, assessment, or diagram for pay of the cost of the same, or in any property affected thereby: Improvement of Madison and Pioche Streets between Gambier Street and Valmar Terrace by O. C. Jones and Sons, as described in Declaration of Intention, Order No. 72060 of the Department of Public Works, dated March 4, 1966.

File No. 227-66.

The Chair inquired if anyone present wished to protest.

Mr. W. M. Pinney, Jr., representing Thomas W. and Georgia Campbell, owners of Lot 35, Block 5907, presented a tabulation showing the ratio of street improvement assessment to Assessor's valuation of each parcel in the improvement district. The assessment for Lot 35, Block 5907, was shown as being 86% of the Assessor's valuation of the parcel. Mr. Pinney stated that this was unfair, that, in fact, some of the other parcels benefited more from the street improvement than did that of his clients.

Mr. Robert Erickson, owner of Lots 46 and 47, Block 5946, stated that the street improvement destroyed the good, usable driveway that he had formerly had as access to his garage. It is not possible to construct a driveway into his garage as the street stands now. He stated

that at no time was information available to him showing that the grade of the improved street would be some five feet below his garage.

Messrs. Beneke and Udaloff of the City Engineer's Office explained the improvement and how the assessment against each parcel was arrived at.

Supervisor Pelosi, seconded by Supervisor McCarthy, moved that consideration be continued to March 4, 1968, so that the Department representatives and protestants might discuss this matter further.

Supervisor Blake presented:

File No. 130-68, Resolution No.

Referred to Streets and Transportation Committee.

Request Granted.**Transportation between San Francisco and the Airport.**

Supervisor Blake called attention to an article in the San Francisco Progress of February 21-22, 1968, relative to proposals of the Director of Planning for transportation between downtown San Francisco and the Airport.

Supervisor Blake stated that the Board of Supervisors is the official policy-making body for San Francisco. If any City agency is to attempt to get the Southern Pacific Company to agree to use of their tracks for commute service to the Airport, it should be the Board of Supervisors and not the Director of Planning or the City Planning Commission. If the Director has ideas for solving this important transportation problem, he should present his plans to the Board through the City Planning Commission. Supervisor Blake asked that the Director and City Planning Commission be so advised.

No objection and request granted.

Request Granted.**Use of Pier 45 as a Public Parking Facility.**

Supervisor Blake called attention to the fact that the Planning Commission has developed a plan for the Fisherman's Wharf area. However, one unsolved problem is the lack of parking in the area. Supervisor Blake proposed that Pier 45 would be an ideal place for a public parking facility; it is right at Fisherman's Wharf and is the largest permanent pier in San Francisco.

Supervisor Blake requested that a communication be directed to the Parking Authority, asking them to consider his proposal and explore the possibility of the City's leasing Pier 45 for a public parking area. Supervisor Blake said he has been told that the Port Authority is considering renting this pier. In his opinion, if any of this property is leased, it should be leased directly to the people of San Francisco.

No objection and request granted.

File No. 270-67-1, Ordinance No.

(February 19, 1968—Consideration continued to March 4, 1968.)

STATEMENT BY SUPERVISOR TAMARAS RELATIVE TO SALARY STANDARDIZATION ORDINANCE

Your Legislative and Personnel Committee presents to you today its recommendations in connection with File No. 270-67-1, the Salary Standardization Ordinance of 1968 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

Each member of the Board has before him today a copy of the Civil Service Commission's Salary and Wage Survey dated February 5, 1968; a copy of the Commission's letter to the Board of Supervisors under date of February 14, 1968, transmitting a draft of the administrative provisions of the Salary Standardization Ordinance as recommended by the Civil Service Commission; and a copy of the Commission's letter dated February 28, 1968, addressed to the Clerk of the Board, transmitting supplemental recommendations for salary increases and other revisions of the proposed Salary Standardization Ordinance. The foregoing constitute a comprehensive compilation of Commission recommendations. Also before each Board member today is the pamphlet dated March 1 entitled "Recommendations of the Legislative and Personnel Committee in Connection with the Salary and Wage Survey 1967-1968" which reflects the compensation schedule recommendations of the Committee.

ADMINISTRATIVE PROVISIONS: The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved. Of these requests, the Civil Service Commission has recommended approval of 13, as enumerated in the Commission's letter of February 14.

The Legislative and Personnel Committee studied intensively these administrative provisions, giving careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance appearing in the copy of the ordinance furnished you at this meeting. Any additions or deletions proposed by the members would have to be the subject of an appropriate motion to amend.

Briefly, the changes in the administrative provisions recommended by the Committee are as follows:

Section II (A) (1)—Work Schedule. This is a new section which would authorize permanent employees to be assigned with pay, but not to exceed twenty hours in any one week, to attend classes during working hours. These classes would be in educational institutions approved by the Civil Service Commission for the purpose of preparing for promotion to higher classifications. The amendment lists the safeguards for the administration of this provision. The only costs would be those involved should replacements be required. Funds for such replacements could be made available from the compensation reserve. No cost estimate is possible.

Section IV (A)—Additional Compensation. This is a simple technical amendment to change the name of Hassler Health Home to Hassler Hospital. No cost is involved.

Section IV (F)—Additional Compensation. This provides a 7½ % premium to employees assigned to EDP project work comparable to the work performed by the Controller's EDP Project Staff but in departments other than the Controller's Office. The annual cost of this amendment is estimated at \$600.

Section V (A)—Overtime. This amendment will limit overtime to emergency situations in the same manner as overtime is limited for those classes whose compensations are fixed by the Salary Standardization Ordinance adopted pursuant to Section 151.3 of the Charter. Replacement on a day for day basis at straight time could result in an overall saving of \$50,000. However, the Legislative and Personnel Committee recommends that this proposal of the Civil Service Commission be adopted with the exception of the Log Cabin Ranch School and the Hidden Valley School for Boys, which will continue to operate under an extended work week. Therefore, the annual saving is estimated at \$38,000.

Section VII—Method of Payment. (A) First Paragraph; (C) Third Paragraph; (C) Fourth Paragraph. These are technical amendments in order to clarify and explain procedures which are followed in setting salaries of appointees, and in calculating salary increments in particular types of appointive procedures as indicated in the amendment. No cost is involved.

Section VII—Method of Payment. (B) (G). The amendment of these two paragraphs is recommended in order to require an employee who has a special protected rate of pay in excess of the compensation schedule established for his class, to take all steps possible to promote himself to a higher classification with a compensation schedule in line or more in line with his protected rate. Section VII (G)

is also amended to clarify the original intent of this section which was to grant this special consideration only to regular permanent civil service or permanent exempt appointees. No cost is involved. The Commission's recommendation has been further modified by the Committee which has deleted the words "or entrance" with respect to the necessity for an employee to file for and compete in an examination in order to maintain his eligibility for receipt of his protected salary.

Section VII—Method of Payment (D). This amendment provides that if the maintenance of personnel records is converted to electronic data processing during fiscal year 1968-69, then the Civil Service Commission is authorized to provide by rule, subject to approval of the Board of Supervisors, for the advancement of employees in increment steps in the compensation schedule on the basis of actual number of days worked rather than on the basis of the anniversary of appointment date. No cost estimate is possible.

With respect to the other recommendations for changes in the administrative provisions made by the Civil Service Commission, which were disapproved by a majority of the Committee, it is to be noted for the record that Supervisor Morrison moved adoption thereof, and that his motions were defeated.

Also, with regard to Section V—Overtime (A) (1st paragraph), noted above, which confines overtime to emergency situations and permits an extended work week only at Log Cabin Ranch School and Hidden Valley School for Boys, Supervisor Morrison dissented from the action of the Committee majority and noted for the record that he voted in favor of rejecting the Commission's recommendation in its entirety, as urged by city employee organizations. The majority of the Committee voted to limit overtime as set forth above, which will presumably create additional employments at regular time with a consequent saving as opposed to an extended work week at premium time, and which will further implement the principle of the 40-hour week as urged by the San Francisco Labor Council and the San Francisco Building and Construction Trades Council.

It is the recommendation of your Legislative and Personnel Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

SCHEDULE OF COMPENSATIONS: The Legislative and Personnel Committee presents to the Board its recommendations for amendment of the schedule of compensations. The members of the Committee have made their recommendations with a full awareness of the needs of the community, the services rendered by the employees, the requirement for maintenance of equitable relationships, the mandate of the people as set forth in the Charter that compensations shall be in accord with the generally prevailing rates of wages for like service and working conditions, and the property tax base.

Each half-schedule number (.5) represents approximately a 2½% increase above the next lower schedule number, and each full schedule (for example, Schedule 21 compared with Schedule 20) represents approximately a 5% increase above the next lower schedule.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 13,482, divided into 1,196 classifications.

I quote the following tabulation showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1967 and those which this year are recommended by the Civil Service Commission and/or Legislative and Personnel Committee:

Classes and Positions Recommended for Increases by Civil Service Commission:

	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
1967	1,098*	12,633*	\$7,638,001	\$458,280
1968	1,109**	12,760**	8,157,330	489,439

*60 classes, 1,475 positions not included for increase by Civil Service Commission.

**87 classes, 722 positions not included for increase by Civil Service Commission.

Classes and Positions Recommended for Increases by the Legislative and Personnel Committee Additional to Those Recommended by the Civil Service Commission:

	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
1967	276	4,737	\$1,693,224	\$106,593
1968	105	485	170,567	10,235

Total Classes and Positions Recommended for Increase:

	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
1967	1,098	12,633	\$9,331,225	\$564,873
1968	1,178	13,464	8,327,897	499,674

It should be noted that of the total amount of increases granted, the Civil Service Commission estimates that approximately \$132,000 is attributable to new positions created during the period which has elapsed since March, 1967.

Also noteworthy is the total of requested salary increases, referred by the Board to the Civil Service Commission on February 19, 1968, aggregating \$4,252,213, which was in addition to the \$8,514,144 previously recommended by the Commission on February 5, 1968.

An even more graphic picture of the salary requests and recommendations is set forth in the tabulation which appears below:

Civil Service Commission recommendations (including retirement costs):

Initial salary increases	\$8,514,114
Administrative provisions	591,600
Additional salary increases and new or amended classes	132,655

TOTAL

\$9,238,369

Legislative and Personnel Committee Recommendations:

Salary increases recommended by Civil Service Commission	\$8,514,114	
Add'l increases recommended by Civil Service Commission	132,655	
Administrative provisions	12,600	
Add'l increases to maintain equitable relationships	180,802	
	<hr/>	
TOTAL		8,840,171
 Amount reduced by L & P Committee from Civil Service Commission recommendations		 \$ 398,198

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain the maxima of their respective salary ranges.

COMMISSION AND COMMITTEE RATIONALE: The Civil Service Commission at a meeting held on January 17, 1968, approved, as amended, the staff salary and wage survey report for 1968-69, and ordered the submission of its recommended schedule of compensations to the Board of Supervisors. In taking its action, the Civil Service Commission, in effect, generally increased the compensations for employees in classifications at Schedule 23.5 (\$593-721) or below by two full schedule steps, or 10%. The Commission, and the Legislative and Personnel Committee, combined to generally increase the compensations for other employees by one step, or 5%. In each category, there are relatively minor variations.

The record of the Civil Service Commission's proceedings will show that the action of the Commission was based upon the interpretation by the Commission of the data that had been presented to it. We have been informed that taking into account the general inflationary process, the fact that the data before it represented the salary situation as of the beginning of the calendar year (January, 1968), and further, that such data was to be the basis for consideration of salaries for City and County employees for the period July 1, 1968, through June 30, 1969, the Civil Service Commission concluded that the data before it should be given liberal interpretation. On the basis of such liberal interpretation, the Civil Service Commission justifies its recommended increases.

The Civil Service Commission with its staff, under Section 151 of the Charter, represents the expert body in these matters, and upon its findings and conclusions, the Board of Supervisors must place some measure of reliance. Within certain procedural limitations, the Board of Supervisors has the authority to approve, amend, or to reject the schedules of compensations proposed by the Civil Service Commission. After public hearing, and after a comprehensive and detailed study of the report of the recommendations submitted by the Civil Service Commission, and the data and arguments submitted by em-

ployees and employee organization representatives, it was the conclusion of the Legislative and Personnel Committee that there was no valid basis upon which the Committee could recommend that the increases proposed by the Civil Service Commission be cut back or rejected.

The recommendations for salary schedule changes made by the Legislative and Personnel Committee, in addition to those presented by the Commission, were required in order to maintain equitable relationships within the compensation classification plan. The overall reduction recommended by the Committee is \$398,198, as set forth above.

CONCLUSION: Your Legislative and Personnel Committee, Supervisor Roger Boas, Supervisor Jack Morrison and the writer, has held five separate sessions of several hours' duration each, during daytime and evening hours, in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons, and organizations. The Counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered.

—PETER TAMARAS

In response to questions by Supervisor Blake, George Grubb, General Manager, Personnel, and Commissioner Yori Wada explained the procedures by which the Civil Service Commission salary recommendations were reached.

In response to a question by Supervisor McCarthy as to whether or not the question of salaries might be subject to arbitration, as suggested by a communication received from the Chamber of Commerce, Deputy City Attorney Stark advised that the Board cannot delegate its power and duty to an arbitration board; and that, even if it could, time limits would not permit arbitration.

MOTION.

Supervisor Tamaras, as a recommendation of the Legislative and Personnel Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 19, 1968, to the schedule of compensations submitted by the Civil Service Commission on February 5, 1968, and revised by the Commission on February 28, 1968, moved that the compensations set forth in the Legislative and Personnel Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 270-67-1, the Salary Standardization Ordinance of 1968 pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Legislative and Personnel Committee and more specifically set forth in Supervisor Tamaras' statement concerning the Ordinance, be approved, adopted, and included in said Ordinance; seconded by Supervisors Boas and Morrison.

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Francois—1.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

File No. 216-68, Ordinance No.

Referred to Planning and Development Committee.

Consideration Continued.**Designation of Community Action Agency to conduct local anti-poverty program.**

File No. 194-68.

Supervisor Pelosi reported that he had attended a meeting of the County Supervisor's Association in Sacramento relative to recent changes in the Economic Opportunity Act under which state and local government agencies have the right to designate a community action agency to conduct local anti-poverty programs under Title II of the Act.

Supervisor Pelosi said that the most significant feature of this change in the law is the fact that the Board will be in a position to use leverage to impose conditions on any agency designated and require improved performance. He urged that the Board consider this matter carefully, particularly with regard to fiscal controls of the community action agency.

Supervisor Morrison advised that this matter is presently in Social Services Committee.

Supervisor Boas asked that Supervisor Morrison inform the Board next week, if possible, on the time schedule for action by the Board.

Supervisor Morrison stated that the timetable for Board action had been somewhat unclear to him; now that Supervisor Pelosi has advised that the only action required by March 15, 1968, is the filing of a statement of intention, perhaps the Board should act to advise the Office of Economic Opportunity that no preliminary decision has been made and to request application forms.

Motion.

Upon being advised by the Clerk that such a declaration of policy would require adoption of a resolution, Supervisor Boas, seconded by Supervisor Morrison, moved that consideration be continued to March 11, 1968.

No objection and motion adopted.

Request Granted.**Off-Street Parking in the Chinatown Area.**

Supervisor Tamaras called attention to the need for additional off-street parking facilities in the Chinatown Area. He requested that a communication be directed to the Parking Authority asking what that Agency is doing to provide parking in that area.

Monday, March 11, 1968—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, March 11, 1968—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Quorum present.

President John A. Ertola presiding.

Presentation of Guests.

The Chair introduced and welcomed a class of students from John O'Connell High School accompanied by their teacher, Mr. Ashford.

SPECIAL ORDER—2:00 P.M.

Consideration Temporarily Postponed.

Hearing of Protests—Improvement of Madison and Pioche Streets between Gambier Street and Valmar Terrace.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the warrant, assessment, or diagram for pay of the cost of the same, or in any property affected thereby: Improvement of Madison and Pioche Streets between Gambier Street and Valmar Terrace by O. C. Jones and Sons, as described in Declaration of Intention, Order No. 72060 of the Department of Public Works, dated March 4, 1966.

File No. 227-66.

(March 4, 1968—Consideration continued to March 11, 1968.)

Mr. Herman Beneke, representing the City Engineer, advised that the department has had discussions with architects, owners, and attorneys for appellants and has reached the conclusion that the assessments are fair and equitable as they stand. The department recommends no change.

Mr. W. M. Pinney, Jr., representing owners of Lot 35, Block 5907, distributed to Board members a comparison of costs and assessments of lots on Madison Street and a statement of assessments proposed by appellant, a copy of each of which is contained in File No. 227-66.

The Director of Public Works explained how the individual assessments were determined. Herman Benecke, representing the City Engineer, stated that each property had been treated the same. Because the valuations placed upon the properties have since been raised by the Assessor, each property could be charged more for the subject improvement; however, the Department has attempted to keep the assessments as close as possible to the figures originally quoted to the property owners.

Supervisor Morrison requested that the Department compute the assessments assuming the City aid remains the same but the assessments are based upon the new valuation placed upon the properties by the Assessor.

In response to questions, Deputy City Attorney Stark quoted from Section 237 of the Public Works Code: "The assessed value in this section referred to shall be the assessed value fixed by the Assessor of said City and County for the fiscal year in which said Director shall make the original assessment and warrant."

Bruce Hyman, representing Robert Erickson, owner of Lots 46 and 47, Block 5946, stated that the improvement had cut off access to his client's garage. It will cost \$1,000 to put in another driveway; therefore it is not felt that this property benefited to the amount assessed against it. Mr. Hyman requested that the assessment be reduced by \$1,000.

Director of Public Works Tatarian showed photographs of the property in question and stated that the protestant had been traveling over someone else's property and part of the City street and that this means of ingress and egress had not been diminished by the street improvement.

Supervisor Morrison, seconded by Supervisor Mendelsohn, moved that consideration be temporarily postponed so that the City Engineer's representatives might refigure assessments in accordance with Supervisor Morrison's earlier request.

The Chair inquired if anyone else wished to protest. There was no response.

Motion to temporarily postpone adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Consideration Temporarily Postponed.

The following from Streets and Transportation Committee, heretofore considered, was taken up:

File No. 227-66.

(March 4, 1968—Consideration continued to March 11, 1968.)

Supervisor Morrison, seconded by Supervisor Mendelsohn, moved that consideration be temporarily postponed.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Rescission of Action.

Supervisor Blake, seconded by Supervisor Tamaras, moved rescission of action by which subject legislation was finally passed.

No objection and motion adopted.

Supervisor Blake stated that he had read a newspaper report to the effect that the Army Corps of Engineers had received funds to conduct a study of the East Harbor Breakwater. He suggested that the Board should postpone action on this item until the facts can be verified.

Supervisor von Beroldingen said that this was the reason she had dissented in Committee.

Supervisor Francois urged a "do pass." The City's study has been completed; these funds are for plans and specifications. The Board has been postponing action on practically all aspects of Marina Yacht Harbor development and if such delays continue, is liable to find itself in serious difficulties because of failure to live up to the contract with the State.

In response to a question by Supervisor Tamaras, Mr. Beauchamp of the Recreation and Park Department advised that an eighteen-month delay will mean the City will lose \$42,000.

Finally passed by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Boas—1.

Presentation of Guest.

Supervisor Blake introduced and welcomed John Joseph Sullivan, a former member of the Board of Supervisors and Chairman of the Board.

Recommending that no financial commitments be made by Bay Area Rapid Transit District until a program for refinancing the District is agreed upon.

File No. 137-68-2, Resolution No.

John De Luca, Executive Secretary to the Mayor, advised the Board that, while the Mayor had been in support of the subject legislation at the time of its introduction before the Board, events occurring during a meeting March 14, 1968, attended by representatives of the cities and counties within the Bay Area Rapid Transit District, caused the Mayor to change his position.

At that meeting of March 14, representatives of the cities and counties within the District were able to reach agreement and pledged unified, three-county support for State legislation to provide additional funds to meet the estimated deficit for completion of the full 75-mile rapid transit system. On the assurance of this unified support, the Board of Directors of BARTD proceeded to award additional contracts and authorize the advertising for bids for additional contracts. Everyone present at the meeting has responded to a situation which did not exist a week ago. Mr. De Luca said he felt the Mayor's position would be weakened if it were to appear that it did not meet with the approval of the Board of Supervisors.

Mr. De Luca said that another meeting is scheduled for March 21, to be followed by a meeting March 28 with State legislators in Sacramento for presentation of a unified position with respect to how the required funds for BARTD should be raised.

(Supervisor Pelosi dissenting in Committee.)

Adopting change in property use classification as amendment to the Zoning Map of the City and County of certain property located on the northeast corner of Noriega Street and Nineteenth Avenue from C-2 to R-3 District.

File No. 36-67-7, Ordinance No.

(March 11, 1968—Consideration continued to March 18, 1968.)

Supervisors von Beroldingen and Mailliard spoke in support of the Committee's recommendation, saying that the other three corners are commercially zoned. To rezone this corner would be discriminatory and would devalue the property. Supervisor Tamaras and Supervisor Ertola added that the property owner purchased the property when it was zoned commercial and has been paying taxes commensurate with the commercial zoning. A very valuable property right would be appropriated by the proposed rezoning.

Supervisors Pelosi, Morrison, and Francois urged support of the City Planning Commission as being in the long-term interest of the City and the tax payers. This corner has been a blight on the neighborhood and rezoning is supported by the local neighborhood improvement association. Supervisor Pelosi said that five residential units could be built on this parcel under the proposed R-3 zoning, bringing additional tax revenue to the City and a reasonable return to the owner on his investment.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Francois, McCarthy, Mendelsohn, Morrison, Pelosi—7.

Noes: Supervisors Ertola, Mailliard, Tamaras, von Beroldingen—4.

Reference to Committee.

Request for Committee hearing relative to acquisition of property for extension of Fifth and Mission Public Parking Facility.

Supervisor Ertola stated that another serious question has been brought to his attention relative to financing extension of the Fifth and Mission Public Parking Facility, and that is whether or not the tax-exempt status of bonds issued by the Downtown Parking Corporation has been endangered by involvement of the Redevelopment Agency in the acquisition of property required for extension of the garage, and whether the acquisition processes being followed are legal. Granting of tax-exempt status by the Department of Internal Revenue Collection was on the basis of facts presented by the Downtown Parking Corporation and the City Attorney, which stated that the City would acquire the property, and not the Redevelopment Agency, which is a State agency.

Supervisor Ertola said that the extension of the garage has been delayed so long because the Redevelopment Agency has refused to relinquish to the Director of Property the responsibility for purchase of the properties required. In addition to the legal questions, delay has added to the cost of this badly needed facility. A price has been agreed upon, and the Director of Property should proceed immediately with property acquisition.

When his name was reached on roll call, Supervisor Francois stated that this matter is presently before the courts and in his opinion should remain there until a final decision is reached. However, if this is of sufficient importance to bring to the attention of the Board at this time, Supervisor Francois said he felt it should be the subject of Committee hearing.

Supervisor Ertola advised Supervisor Francois that the question has been assigned to Finance Committee and that any member of the Board could request hearings.

Supervisor Francois requested that the Finance Committee schedule hearings on the question of acquisition of property for extension of the Fifth and Mission Public Parking Facility.

Referred to Finance Committee.

Housing Authority in the general area of Columbus and Bay Streets. In view of the dramatic change in values taking place in that area, Supervisor Pelosi said he thought it might be desirable to dispose of that particular housing site so that the land could be developed to its highest and best use.

SPECIAL ORDER—2:00 P.M.

Hearing Concluded.

Hearing of Protests—Improvement of Madison and Pioche Streets between Gambier Street and Valmar Terrace.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the warrant, assessment, or diagram for pay of the cost of the same, or in any property affected thereby: Improvement of Madison and Pioche Streets between Gambier Street and Valmar Terrace by O. C. Jones and Sons, as described in Declaration of Intention, Order No. 72060 of the Department of Public Works, dated March 4, 1966.

File No. 227-66.

Claim for Damages.

The Clerk presented a claim prepared by Bruce W. Hyman, attorney, on behalf of Robert Erickson, for property damages allegedly resulting from the improvement of Madison and Pioche Streets between Gambier Street and Valmar Terrace.

Referred to City Attorney.

Mr. Tom Skelly, representing O. C. Jones and Sons, Contractors, urged that a decision be reached today on the matter of assessments. He stated that the work had been completed in November, 1967, and the delay in payment to his company has worked a financial hardship.

Mr. W. M. Pinney, Jr., speaking on behalf of the owners of Lot 35, Block 5907, urged that assessments be approved in accordance with Method No. 4 as described in Director of Public Works' communication dated March 15, 1968.

Mr. Bruce W. Hyman again protested the assessment against Lots 46 and 47, Block 5946, and urged that assessments be approved in accordance with Method No. 1, as described in Director of Public Works' communication dated March 15, 1968.

Mr. John Rank, representing the owner of Lot 31, Block 5907, stated that Method No. 1 is the traditional method used by the Department for the last thirty or more years. Plans were based on this method and property owners were advised that this was the method which would be used to determine assessments. Mr. Rank urged approval of assessments in accordance with Method No. 1, as described in Director of Public Works' communication dated March 15, 1968.

There being no one else present desiring to protest, the Chair declared the hearing concluded.

Adopted as Amended.

The following from Streets and Transportation Committee, heretofore considered, was taken up:

Motion—Confirming warrant, assessment and diagram for the improvement of Madison and Pioche Streets between Gambier Street and Valmar Terrace; and directing the Director of Public Works to deliver said warrant, assessment and diagram to the contractor.

SPECIAL ORDER—2:00 P.M.

Report Submitted.

Report by Director of Finance and Records concerning the use of computers in the conduct of future elections.

File No. 442-67-2.

Mr. Virgil Elliott, Director of Finance and Records, summarized for the Board his report dated February 5, 1968, a copy of which is in the file, entitled "election count procedures" and described how votes will be tallied under the new system.

Reference to Committee.

Rental of City Hall space to the various news media on election day.

File No. 242-68.

Supervisor Blake said that the presence of newsmen and their demands for reports of returns was one of the factors which created difficulties during the last election. If a charge was made for using City Hall facilities during their coverage of elections in the same way that the party national conventions sell time to the news media, the revenue received could be used to defray the expenses of the elections and make it possible to speed up tabulating of votes and improve policing of the election.

Supervisor Blake requested that the Finance Committee consider the possibility of renting City Hall space to the various news media on election day.

Referred to Finance Committee.

Accepting gifts of \$490.99 from the Cyril Magnin Family Foundation for use of the Police Department in an auto theft prevention campaign, and \$40,000 from the trust fund of the Estate of Lucie Stern for San Francisco Museum of Art accessions fund.

File No. 38-68-8, Resolution No.

Deputy City Attorney James Stark advised that since the San Francisco Museum of Art is not a City department, there is some question about the propriety of the City's accepting a gift on behalf of a quasi-public agency. He recommended that the question be re-referred to the Committee so that the question can be explored further.

There being no objection, on motion of Supervisor Blake, the privilege of the floor was granted Mr. Walter Haas, Trustee of the Estate of Lucie Stern. Mr. Haas advised that this was the end of the fiscal year for the trust and the funds would have to be disposed of by the end of this week. File No. 38-68-8, Resolution No.

In response to a question by Supervisor Tamaras, Chief Administrative Officer Mellon stated that he would be happy to have the funds deposited to the Publicity and Advertising Fund from which the money could be allotted to the San Francisco Museum of Art, if the City Attorney approves.

Supervisor Morrison stated that, this being the first appearance on the Calendar of this matter, he believed the request for continuance for a reasonable time should be granted.

Supervisor Morrison, seconded by Supervisor Boas, moved that consideration be continued to April 8, 1968.

There being no objection, on motion of Supervisor Francois, the privilege of the floor was granted to Mr. William Ferdon, attorney-at-law, representing the applicant. Mr. Ferdon said that the Planning and Development Committee had reached a decision just last Wednesday and that he had not been informed of that decision until Thursday. He wished time to present information on his case to the uncommitted members of the Board and for the Board to have sufficient time to give full consideration to the merits of his client's plans.

Motion to continue consideration adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Motion that Governor and San Francisco representatives in the State Legislature be requested to urge reconsideration by the Advisory Committee of the State Planning Agency of the decision not to submit San Francisco's application to the Federal Government for funds for the conduct of an urban design study.

File No. 152-68.

Supervisor Morrison called the Board's attention to Resolution No. 112-68, authorizing the City Planning Commission to make an application for Federal funds for the conduct of an urban design study, adopted by the Board on February 16, 1968. It had been the Board's decision at that time to make the application through the State Planning Agency rather than through the Association of Bay Area Governments.

Supervisor Morrison reported that last Friday, he, City Planning Commissioner Porter, the Mayor's Deputy for Development, and the Director of Planning had gone to Los Angeles to present San Francisco's application to the Advisory Committee of the State Planning Agency. San Francisco presented a strong case, but the Committee voted six-to-three not to submit the application to the Federal Government.

John Tolen, Deputy for Development, said that it seemed apparent that the Committee members' minds were made up and that their overriding concern was with matters not relevant to San Francisco's application.

In response to suggestions by Supervisors Francois and Ertola that the City might consider making its application through the Association of Bay Area Governments, Supervisor von Beroldingen stated that she would be opposed to making application through ABAG.

Supervisor von Beroldingen suggested that the Federal Bureau of Housing and Urban Development be requested to grant San Francisco exemption from the requirement that such applications be made

through a regional agency until the Bay Area has a regional agency that is functioning properly and has been accepted by all its members. Mr. Tolen indicated he would do so.

Motion.

Supervisor McCarthy, seconded by Supervisor Francois, moved that a communication be directed to San Francisco's delegates to the State Legislature, asking their assistance in having this application approved, and that the Board join Mayor Alioto in sending a telegram to Governor Reagan, advising him what had occurred and requesting his assistance in having the decision of the Advisory Committee reversed.

In response to a question by Supervisor Ertola, Supervisor Morrison suggested that the communication to the State Legislators should be along the following lines: Forward a copy of Resolution No. 112-68; recount that the proposal was presented to the Advisory Committee of the State Planning Office and was denied; point out that no State money is involved; that San Francisco has the verbal assurance of Federal authorities that funds are available; that San Francisco is dissatisfied with the decision of the Committee and would like to know what standards are applied by the Committee in acting on such applications; urge our representatives in Sacramento to do everything in their power to reverse that decision.

Motion to Divide the Question.

Supervisor Francois, seconded by Supervisor Blake, moved that the question be divided and that the question of sending the communication to the State Legislators and of sending a telegram to the Governor be taken up separately.

No objection and motion carried.

The roll was thereupon called on the motion that a communication be directed to San Francisco's representatives in the State Legislature along the lines suggested by Supervisor Morrison.

SPECIAL ORDER—2:00 P.M.

Report Submitted.

Presentation by John S. Bolles Associates of preliminary plan for the northern waterfront.

File No. 212-62.

Allan B. Jacobs, Director of Planning, said that his department has been working with John S. Bolles Associates and the Arthur D. Little Company in preparation of a plan for development of the northern waterfront area, the over-all objective being to achieve the best development of the area, solve the immediate problems, and take advantage of the opportunity to start early development in the right direction.

Supervisor Blake asked what had initiated this study and expressed his concern that property owners in the area have not been consulted during this planning stage; he stated that he has received many complaints from property owners to the effect that they have not been consulted and can get no information relative to the direction the study is taking.

Request Granted.

As a follow-up to Supervisor Blake's comments, Supervisor McCarthy requested that the Department of City Planning be asked to inform Board members how the idea of the conduct and preparation of the northern waterfront plan came into being; who are the members of the citizens advisory committee and the technical advisory committee, and whether any of these members own property in the area; whether or not any of the affected property owners registered complaints with the Department of City Planning about not being consulted during the planning stage.

No objection and Clerk directed to comply.

Barry Wasserman, John S. Bolles Associates, chief consultant on the northern waterfront study, displayed drawings and a model of the area and described the proposed land uses, open spaces, and traffic circulation system. He said that the Port Authority has indicated it intends to declare a number of piers in the area as surplus. Before these piers can be put to other uses, the State requires that the City adopt zoning classifications. The present study will lead to recommendations for zoning.

Mr. Wasserman said that copies of the preliminary report are in circulation in the community now. Comments of the community will be summarized for inclusion in a final report to the City Planning Commission on June 23, 1968.

In response to comments by Supervisor McCarthy, Mr. Jacobs said that the Department of City Planning will ask City Departments to be present when the final report is presented to the City Planning Commission. He added that within the next week-and-a-half two specific proposals for rezoning and street vacation for the development proposed by Northern Waterfront Associates will be considered by the City Planning Commission. The results of the northern waterfront study are being taken into consideration in preparing the staff report to the Commission on the proposal of Northern Waterfront Associates.

Request Granted.

Supervisor McCarthy requested that each department represented on the technical advisory committee be asked to submit to the Board within thirty days the department's analysis of the preliminary plan for the northern waterfront.

No objection and Clerk directed to comply.

The hour of 4:00 p.m. having arrived, the following was taken up:

Veto Sustained.**Consideration of Mayor's Disapproval.****Recommending that no additional financial commitments be made by Bay Area Rapid Transit District until a program for refinancing the District is agreed upon.**

File No. 137-68-2, Resolution No.

(March 18, 1968—Consideration continued to April 8, 1968.)

Supervisor McCarthy, author of subject legislation, stated that in his opinion Mayor Alioto has done all possible to provide leadership for a three-county regional approach to the Bay Area Rapid Transit District's fiscal crisis. Because East Bay local officials have responded, Supervisor McCarthy said he believed the Board should uphold the Mayor's veto.

Motion.

Supervisor McCarthy, seconded by Supervisor Francois, moved that the Mayor's veto be sustained.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

(The foregoing motion was entertained by the President in lieu of a motion to reconsider, followed by a vote on the question of whether the measure shall become effective notwithstanding the Mayor's veto. Consequently, the measure will be lost by the lapse of thirty days' time following the veto, no reconsideration having been approved by the Board.)

Refused Passage for Second Reading.

(Easterly 312.5 feet of the block bounded by Bay, Buchanan, North Point and Laguna Streets; Lots 5 and 6 and a portion of Lots 3, 4, and 7, Block 459.)

Motion refused adoption by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Morrison, Pelosi, Tamaras—8.

Noes: Supervisors Blake, Mendelsohn, von Beroldingen—3.

Director of Planning Jacobs briefly reviewed the history of the application and the reasons for the decision of the City Planning Commission.

Explanation of Votes.

Supervisor Pelosi said he opposes the rezoning because this is a residential neighborhood. The City is spending a considerable amount of money for off-street parking to accommodate patrons of the Chestnut Street merchants; the addition of another supermarket in the area would take patrons from the existing merchants on Clement Street. In his opinion, Supervisor Pelosi said he felt construction of apartments on this site would be much more to the public interest than would a market.

Supervisor von Beroldingen said that the overriding reason for her opposition was the fact that the Marina Civic Improvement and Property Owners Association opposed the rezoning. She added that the rezoning of this property would amount to creeping commercialism. There is no real need for another market in this location. Such a development would impede the flow of traffic, which already is very congested.

Supervisors Mailliard, Tamaras, Blake, and Ertola concurred with the recommendation of the Committee.

Supervisor Morrison said that he would vote in favor of the rezoning because he felt the proposal is well-designed, the existence of the Safeway Store in the area must be taken into account, plus the fact that the remainder of the area is, in fact, commercial in character. The service stations, restaurant, and antique shop all contribute to a commercial character. The Director of Traffic and traffic engineers say the effect on traffic will be negligible. Supervisor Morrison said that while he has great sympathy for the need to preserve the economic integrity of the Chestnut Street merchants, it is not anticipated that patronage of the proposed Lucky Market would come from patrons of Chestnut Street. In his opinion, the evidence indicates convincingly that the staff and City Planning Commission have made the correct decision in recommending the rezoning.

Refused passage for second reading by the following vote:

Ayes: Supervisor Morrison—1.

Noes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Motion to Divide the Question.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that the question be divided and that the appropriation of \$32,700, Recreation and Park Department, for Brooks property development, be considered separately.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Appropriating \$32,700, Recreation and Park Department, for development of Brooks property.

File No. 80-68-19, Ordinance No.

Supervisors Francois and McCarthy reviewed the past history of acquisition of subject property for park purposes and urged passage now so that the park and building can be ready for use this summer.

Supervisor von Beroldingen stated that the reason for the Committee's recommendation that these funds not be appropriated at this time is because this item is included in Recreation and Park budget for 1968-69.

Motion to Postpone Temporarily.

After further discussion, Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that consideration of Files Nos. 80-68-17 and 80-68-19 be temporarily postponed so that the Controller might ascertain whether there are sufficient funds remaining in the Recreation and Park Department property acquisition fund to finance the development of the Brooks property.

No objection and motion adopted.

Adopted.

The following recommendation of Joint Finance and Planning and Development Committee was taken up:

(Supervisor von Beroldingen dissenting in Committee.)

Authorizing City Planning Commission to apply for Federal funds for the conduct of an urban design study; and rescinding Resolution No. 112-68.

File No. 152-68-1, Resolution No. 255-68.

Supervisor von Beroldingen explained that she had dissented primarily because the present Finance Committee had gone on record as an economy committee and she considers the subject legislation a luxury item.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras—9.

Noes: Supervisors Ertola, von Beroldingen—2.

Consideration Continued.

The Board thereupon resumed consideration of the following from Finance Committee with recommendation "do pass after amendment," heretofore considered and temporarily postponed:

Appropriating \$32,700, Recreation and Park Department, for development of Brooks property.

File No. 80-68-19, Ordinance No.

Controller Cooper advised that there is presently \$100,000 remaining in Recreation and Park Department real property fund which can be used for development of the Brooks property.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that consideration be continued to April 15, 1968, and that the Controller be requested to rewrite the legislation, appropriating the funds from Recreation and Park Department property acquisition fund instead of from the General Fund.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Boas—1.

Passage for Second Reading as Amended.

Mr. Tolan reported that he has met a number of times with residents of the South of Market area. The matter of selecting a new site for a park is going to be a pressing problem. The Chair introduced and welcomed members of the H8 Social Studies Class of A.P. Giannini Junior High School.

Request Granted.

Requesting study of present plans for widening the James Lick Freeway between Bacon Street and Paul Avenue.

File No. 105-68-1.

Supervisor Blake called the Board's attention to the fact that residents and businessmen of the San Bruno Avenue shopping district are very much concerned about present plans to widen James Lick Freeway between Bacon and Paul Avenue, thereby bringing the freeway into close proximity with private property on the east side of San Bruno.

Supervisor Blake said that when the Board approved a freeway agreement with the State relative to this project, it had not been aware that the project would affect adjoining properties. The present plan is to widen the freeway twenty feet on each side. This plan will destroy the San Bruno Avenue business district and reduce property values.

Supervisor Blake requested that the appropriate committee of the Board ask the City's Department of Public Works to study this problem to ascertain whether or not the freeway can be widened wholly on the east side over Old Bayshore Highway. He also requested that a communication be sent the State Division of Highways immediately, asking them also to study this alternate proposal.

The Chair directed that Supervisor Blake's request be referred to Streets and Transportation Committee for immediate hearing to determine what the possibilities are and that a communication be directed to the State Division of Highways over the signature of Supervisor Blake and any other Supervisor who wishes to join him, asking the State to discontinue their present plans and study the possibility of widening the freeway on the east side only.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Adopted.

There being no objection, on motion of Supervisor McCarthy, the following recommendation of Finance Committee, heretofore considered and temporarily postponed, was taken up:

Authorizing Police Department to enter into loan agreement with the United States Army Aviation Materiel Command for use of two helicopters for traffic control and law enforcement.

File No. 268-68, Resolution No. 317-68.

In response to questions of Supervisors Francois and Morrison, Captain William O'Brien, Secretary to the Police Commission, stated

that the loan of the helicopters is to be for a period of six months with an option to renew. Use will be experimental in the fields of traffic supervision, control of criminal activities, and in civil disturbances, but primarily in traffic control. Maintenance cost of the helicopters is expected to run between \$25 and \$30 per hour of operation of each helicopter, for about four hours of use a day. The department intends to train five pilots at a training cost of \$25 per hour. The helicopters being loaned cost \$49,000 each when they were purchased new in 1955.

In response to questions by Supervisor Morrison, Captain Zaragoza of the Police Department Traffic Bureau stated that he felt the use of helicopters for traffic control was more efficient and less costly than the use of television cameras set up at key locations.

Supervisor Morrison, seconded by Supervisor Blake, moved that consideration be temporarily postponed for the attendance of a member of the Bureau of Traffic Engineers.

Supervisor Tamaras, seconded by Supervisor von Beroldingen, moved the previous question.

The Chair stated the question before the Board was whether further consideration be continued to April 29, 1968.

Supervisor Morrison, on a point of personal privilege, stated that the purpose of his motion to continue was for the purpose of hearing testimony of the department. Supervisor Morrison thereupon withdrew his motion to continue consideration.

Upon Supervisor Francois' suggestion that it might be preferable to hear from a representative of the Bureau of Traffic Engineering, Supervisor Tamaras withdrew his motion calling for the previous question.

In response to a question by Supervisor Morrison, William Marconi, Senior Engineer, Bureau of Traffic Engineering, Department of Public Works, stated that while he has not studied the question of the use of helicopters for traffic control, he understood the consensus is that it is of positive value; however, he felt this value should be balanced against cost. He said he would prefer the use of televisions over helicopters for traffic control.

Noes: Supervisors Blake, Morrison—2.

SPECIAL ORDER—2:00 P.M.

Public hearing on proposed amendment of redevelopment plan for The Embarcadero-Lower Market Approved Redevelopment Project Area E-1.

File No. 73-68.

The Clerk announced that the hearing today is a joint hearing. The Redevelopment Agency has agreed to conduct its hearing concurrently with that of the Board. A quorum of the Agency is present. All testimony given today is for the benefit of the Agency and the Board.

At the conclusion of the hearing, the Board may want to consider taking a short recess for the purpose of permitting the Agency to formulate its recommendation. When the Board has reconvened, the Agency will report its recommendations and thereafter the Board may take such action as is appropriate with respect to the ordinance pending before the Board.

Mr. E. Glenn Isaacson, Assistant Executive Director of the Redevelopment Agency, introduced the following members of the Redevelopment Agency: Walter F. Kaplan, Chairman; Stanley E. Jensen, and Francis J. Solvin.

Mr. Robert Rumsey, Director of Project Operations, Redevelopment Agency, presented a prepared statement, a copy of which is contained in File No. 73-68-2.

Mr. Jack Barren, Coordinator of the Market Street Task Force, presented a prepared statement, a copy of which is contained in File No. 73-68-2.

Mr. Thomas R. Kuesel of Parsons Brinckerhoff-Tudor-Bechtel explained the schedule for construction of the rapid transit facilities.

Mr. Nathan Cooper, Controller of the City and County, stated that he did not feel the provision for issuance of some fifteen million dollars worth of bonds by the Agency, the principal and interest of which will be payable from portions of ad valorem taxes realized from the Redevelopment Project Area E-1, is a good investment because the people of the City and County have not expressed their opinion thereon. Mr. Cooper said he is convinced the necessary tax increments are available; however, the issue must be determined by the courts before any bonds are sold, since investors must be absolutely certain this is a legal obligation of the Agency.

In response to questions, Deputy City Attorney Robert Kenealey advised the Board that the proposal under consideration is legal. He added that general obligation bonds could no doubt be issued at a later date to pay for any increase in cost of finishing the Davis Street rapid transit station; the legislation before the Board at this time would not prohibit the issuance of general obligation bonds.

Supervisor Francois stated that if the action by the Agency and the Board is contemplated today, he would propose simultaneous adoption by the Board of a resolution indicating the Board's intention to use tax increment revenues from other redevelopment project areas. Supervisor Francois said that he supports the idea of construction of a rapid transit station at Davis Street but that he also feels that residents of other redevelopment project areas have a right to insist upon similar consideration.

The privilege of the floor was thereupon granted to the following:

Proponents:

Pastor Ross Hidy, member of the Human Rights Commission;

Elmer G. Johnson, Executive Vice-President, Building Owners and Managers Association of San Francisco;

Richard Hardcourt, Transportation Manager, Greater San Fran-

cisco Chamber of Commerce;

John H. Jacobs, Associate Director, San Francisco Planning and Urban Renewal Association;

Terrill W. Hill, Director, Market Street Development Project;

Lloyd A. Pflueger, Manager, Down Town Association.

Opponents:

Lloyd Sharp (?);

John Brown, a resident of Western Addition;

Robert Hopkins, 175 Sixth Street;

Michael Pechina;

Juanita Aranda.

There being no one else present in the audience desiring to speak, the Chair declared the hearing concluded.

Recess.

At the hour of 4:15 p.m., the Board recessed to permit members of the Redevelopment Agency to convene privately to formulate recommendations for Board consideration.

Reconvening of the Board.

At the hour of 4:40 p.m., the Board reconvened.

Report of Redevelopment Agency.

The Clerk of the Board presented Resolution No. 63-68 of the Redevelopment Agency, adopted April 29, 1968, approving proposed amendments to the redevelopment plan for the Embarcadero-Lower Market Approved Redevelopment Project Area E-1 as amended and recommending the same to the Board of Supervisors of the City and County of San Francisco.

Noted and ordered filed.

Presented Out of Order.

Reference to Committee.

There being no objection, Supervisor Morrison presented out of order on behalf of himself, Supervisor Boas, Supervisor Francois, and Supervisor Mendelsohn, the following:

Stating policy that specific proportions of property tax revenues attributable to redevelopment activities should be set aside for the benefit of low-cost housing development and other legal social purposes.

File No. 293-68, Resolution No.

Supervisor Blake said that he did not think it necessary to enact the subject resolution today. If the Board approves the amendment to The Embarcadero-Lower Market Approved Redevelopment Project

Area E-1 under consideration today, a precedent will be set. The Redevelopment Agency and the Mayor should bring to the Board specific proposals for use of tax increments in redevelopment project areas for social purposes. The policy statement here presented would have no effect on future actions of the Board and would therefore be an idle act.

Supervisor Blake moved referral to committee.

Supervisor Francois stated that he could not in good conscience vote a substantial portion of tax revenue for a use which will primarily benefit the business interests unless the Board is prepared to say simultaneously that the poor have an equal call on such tax revenues. He said that if this resolution is referred to Committee the Board should forego action on the amendment of the redevelopment plan for Area E-1.

Supervisor von Beroldingen said that she agrees with the purpose of the resolution but felt the Board must take a closer look at this unique method of financing. An urgent, critical emergency confronts the City at this time. There is no alternative if a transit station is to be built at Davis Street. However, Supervisor von Beroldingen said, she did not believe either the Board of Supervisors nor the Controller would advocate widespread use of this method of financing on a wholesale basis.

Supervisor Boas said he felt that if the Board is prepared to commit the City to a fifteen million dollar expenditure for a rapid transit station at Davis Street, the Board should be prepared to say it will do the same for a social purpose. Supervisor Boas said he would be reluctant to vote for the proposed amendment to the redevelopment plan for Area E-1 without simultaneous action declaring the Board's policy to set aside a portion of tax revenues from redevelopment areas for social purposes.

Supervisor Pelosi stated that he has in the past voted for rent supplements for the poor; however, he would oppose this resolution on the grounds that the Board must maintain flexibility of action. A resolution of this kind does not define the social purposes for which the money would be used and would inhibit the Board's ability to expend funds in terms of the annual budget.

Resolution referred to Finance Committee.

Passage for Second Reading.

The following presented by the Clerk was taken up:

Approving amendments to the redevelopment plan for The Embarcadero-Lower Market Approved Redevelopment Project Area E-1.

File No. 73-68-2. Ordinance No.

(Proposed amendments are as follows:

(Amend Section 202 to include within the redevelopment area approximately 5 acres of land within the right-of-way of Market Street between Stuart and First Streets;

(Provide that the term "Redevelopment Project" shall include

construction of a transit terminal or station in or near Market Street in the redevelopment area as proposed to be amended;

(Provide for issuance of bonds by the Agency, the principal and interest of which will be payable from portions of ad valorem taxes to be allocated to and paid into a special fund of the Agency, pursuant to provisions of Article 6, Chapter 6, Part I, Division 24, of the Health and Safety Code, and Section 19, Article XIII, of the Constitution of the State of California.)

Supervisor Blake, seconded by Supervisor Mailliard, moved passage for second reading.

Refused Adoption.

Motion to Continue Consideration.

Supervisor Morrison, seconded by Supervisor Francois, moved that consideration be continued to May 6, 1968.

Motion refused adoption by the following vote:

Ayes: Supervisors Boas, Francois, Mendelsohn, Morrison—4.

Noes: Supervisors Blake, Mailliard, McCarthy, Pelosi, Tamaras, von Beroldingen—6.

Absent: Supervisor Ertola—1.

On the main question, Supervisor Francois stated that he would vote no. He said he could not vote to spend fifteen million dollars of tax revenue for downtown interests if the Board will not commit itself to a similar expenditure for the poor.

Supervisor Blake said that no one has brought in a specific proposal for use of tax revenue for social purposes. He said he has heard no Supervisor say he would vote against such a proposal.

Supervisor Boas asked that the Journal reflect the fact that his vote against the use of tax revenues for construction of the Davis Street station is not because he does not think it a necessary part of the rapid transit system and would be helpful to the Golden Gateway development, but is because he feels that the Board as a body cannot say to the people of San Francisco that it is putting construction of a rapid transit station before any other type of social welfare.

Supervisor Mendelsohn stated that he has always supported the Bay Area Rapid Transit District and has worked on State legislation which would have provided financing for the Davis Street station; however, he will vote against this proposal today because of the unwillingness of the Board to make a simple statement to the effect that the Board will use money for the people up town as well as the people down town.

Supervisor Morrison warned that the Board is following a suicidal course when it shows callousness to the needs of the community. The Board was asked today to reverse itself, in effect, and say that in the future it will use the redevelopment process differently. He said he did not see how the Board can vote this kind of benefit to business

interests and turn its back on the needs of the people in redevelopment areas.

Supervisor McCarthy said he felt it must be obvious to all that the indiscriminate use for special projects of tax increments derived from the redevelopment process would bring disastrous results on many other worthwhile projects to help the poor which must be financed from ad valorem taxes. He said there are many home owners outside redevelopment areas who are desperately in need of relief from taxation. The Board must set out clearly what the Board's policy is going to be.

Adopted.

Motion directing Finance Committee to consider and report back for Board consideration on May 6, 1968, proposed resolution declaring it to be the policy of the Board that specific proportions of property tax revenues attributable to redevelopment activities should be set aside for the benefit of low-cost housing and other legal social activities.

Supervisor Morrison, seconded by Supervisor Francois, moved that the Finance Committee be directed to consider and report back for Board consideration on May 6, 1968, File No. 293-68, proposed resolution declaring Board policy that specific proportions of property tax revenues attributable to redevelopment activities should be set aside for the benefit of low-cost housing and other legal social purposes.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Ertola—1.

On the main question, Supervisor Tamaras stated that he is not unwilling to vote to set aside certain tax increments for social purposes; however, the matter on the Board calendar today has no reference to that subject. He said he will vote for use of tax revenues for construction of the Davis Street transit station because this is the only way to solve the social problems that face San Francisco. Construction will create more jobs for San Franciscans. Additional employments will increase demand for homes. Construction of the Davis Street station will make possible an expansion of the tax base and help take some of the tax burden from the residential property owner.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Mailliard, McCarthy, Pelosi, Tamaras, von Beroldingen—6.

Noes: Supervisors Boas, Francois, Mendelsohn, Morrison—4.

Absent: Supervisor Ertola—1.

SPECIAL ORDER—2:00 P.M.

The following spoke in opposition to the proposed appropriation of \$500,000 to the Chief Administrative Officer for neighborhood and out-of-town performances of the San Francisco opera, symphony, ballet, chamber music group, and American Conservatory Theatre and urged that those funds be used for programs to assist the poor: George Washington, Mr. Robertson, Julius Poole, Michael Pechina, and Juanita Aranda.

Joseph Sprinz urged approval of Recreation and Park Department budget request for \$40,000 for recreational supplies.

James Shroeder, representing the San Francisco Wildlife Council, urged approval of \$4,000 for veterinarian care at the San Francisco Zoo and the creation of a position of zoologist. Mr. Shroeder also urged that the appropriation to the Society for the Prevention of Cruelty to Animals be cut to \$97,000 and that a public hearing be held to investigate the amount of money actually invested by the SPCA in this activity.

Robert Cole, 89 Keystone Way, urged approval of budget request for continued operation of Department of Public Health Day Care Center.

Judge Cantrell and his son, Jimmy, 25 Majestic Street, spoke in support of the budget request of the San Francisco Library.

A representative of employees of the Department of Social Services urged that no further reductions be made in the budget for that department.

There being no one else present wishing to speak, the Chair declared the hearing concluded.

Taken Up Out of Order.

Temporarily Postponed.

Declaring it to be the policy of the Board of Supervisors that tax increments derived from certain urban redevelopment or urban renewal projects be appropriated for use in providing low and moderate cost housing for persons displaced by redevelopment or urban renewal projects.

File No. 293-68, Resolution No.

Supervisor Morrison, seconded by Supervisor Francois, moved that the subject legislation, recommendation of Finance Committee appearing on the Calendar under New Business be taken up out of order.

Supervisor Francois urged consideration of subject legislation before the Board takes up the proposed ordinance approving amendments to the redevelopment plan for The Embarcadero-Lower Market Approved Redevelopment Project Area E-1 to permit the issuance of bonds by the Redevelopment Agency to finance construction of the Davis Street rapid transit station. Supervisor Francois stated that he could not vote for the issuance of bonds for construction of the Davis Street rapid transit station unless the Board is willing to use tax increments from urban redevelopment or urban renewal projects for the benefit of persons displaced by redevelopment or urban renewal projects.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Francois, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras—7.

Noes: Supervisors Blake, Mailliard, von Beroldingen—3.

Absent: Supervisor Ertola—1.

On the main question, Supervisor von Beroldingen stated that she will vote in favor of the issuance of bonds for construction of the Davis Street rapid transit station but not for the subject proposal. Construction of the Davis Street Station will increase property values in the down town area and bring added tax revenues to the City, but the subject proposal would destroy whatever progress has been made by the anti-poverty program in motivating people to help themselves and would jeopardize revenues which have been pledged to be used for the tax relief of home owners. If there is to be a rent supplement program, it must originate with the Federal Government.

Supervisor Francois urged an "aye" vote on the question. He said he failed to see how—in fairness or in the interest of the City—anyone could suggest that the City is going to relocate people and not address itself to the problem of those who cannot afford the cost of the new housing to be constructed in the neighborhoods from which these people are displaced. He said he found it incredible, with the current

social situation, the wide-spread rioting and disorders, that a suggestion be made that the Board should disparage social planning and programs and oppose this program because it addresses itself to social needs at the same time that \$15,000,000 is proposed to be appropriated to construct a rapid transit station on Market Street. The Redevelopment Agency estimates that a rent supplement and relocation assistance will cost only about \$1,500,000 for the entire program if the Federal Government does not make more funds available for rent assistance.

Supervisor Blake said that in his opinion enactment of this legislation means nothing and will accomplish nothing. He said that he would support a specific proposal for a good program for assistance of persons displaced by the redevelopment process but he would not support this general policy statement.

Supervisor Mendelsohn said that in his opinion the subject legislation does mean something: That the Board is as concerned with the "have nots" as it is with the "haves." He said he intends to support new sources of revenue to help the home owner but does not feel that the home owner is helped by refusing the same help to poor people that is being given to down town interests.

Supervisor Tamaras said that he believed this action is the only concrete way the Board can provide hope to those who have suffered most and are in the most desperate need of assistance in relocating their families. Because housing in San Francisco is so costly, the poor cannot be relocated effectively without this kind of aid. Supervisor Tamaras added that these monies would only be supplemental, to be used only when adequate financing cannot be gotten from other sources. He said that he would consider each specific proposal individually and vote on the merits of each.

Supervisor Morrison said that the City is in the midst of a dire emergency in Western Addition A-2 and very probably will be in the same situation in Hunters Point. The principal organizations sponsoring construction of the Davis Street station appeared in Committee hearing and went on record favoring this resolution. The Family Service Agency, WACO and organizations all over San Francisco having an interest in relocation have pointed out that something must be done soon if redevelopment is going to be successful. Supervisor Morrison said he had received a telegram from the Fillmore Community Development Organization, representing thirty organizations in the Western Addition, and sponsor of the Martin Luther King Square, urging approval.

John H. Tolan, Jr., Mayor's Deputy for Development, presented a tentative summary, a copy of which is in the file, for expenditure of the \$200,000 allocated to the Office of the Mayor in Ordinance No. 29-68 and a possible additional \$100,000 supplemental budget request.

Supervisor McCarthy, seconded by Supervisor Pelosi, moved that consideration be temporarily postponed until a proposed substitute resolution he plans to introduce is ready for distribution to Board members.

No objection and motion adopted.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

Temporarily Postponed.

The following presented by the Clerk was taken up:

Approving amendments to the redevelopment plan for The Embarcadero-Lower Market Approved Redevelopment Project Area E-1.

File No. 73-68-2, Ordinance No.

(Proposed amendments are as follows:

(Amend Section 202 to include within the redevelopment area approximately 5 acres of land within the right-of-way of Market Street between Stuart and First Streets;

(Provide that the term "Redevelopment Project" shall include construction of a transit terminal or station in or near Market Street in the redevelopment area as proposed to be amended;

(Provide for issuance of bonds by the Agency, the principal and interest of which will be payable from portions of ad valorem taxes to be allocated to and paid into a special fund of the Agency, pursuant to provisions of Article 6, Chapter 6, Part I, Division 24, of the Health and Safety Code, and Section 19, Article XIII, of the Constitution of the State of California.)

Supervisor McCarthy, seconded by Supervisor Pelosi, moved that consideration be temporarily postponed.

The following recommendation of Finance Committee appearing on the Calendar under New Business, heretofore considered and temporarily postponed, was taken up:

Declaring it to be the policy of the Board of Supervisors that tax increments derived from certain urban redevelopment or urban renewal projects be appropriated for use in providing low and moderate cost housing for persons displaced by redevelopment or urban renewal projects.

File No. 293-68, Resolution No. 353-68.

Motions to Amend.

Supervisor McCarthy presented a substitute resolution and moved adoption as an amendment of the whole; seconded by Supervisor Mendelsohn.

Supervisor McCarthy, seconded by Supervisor Mendelsohn, moved amendment of the substitute resolution as follows: Line 3, after "project areas, excepting" DELETE "the Golden Gateway" and ADD "The Embarcadero-Lower Market Approved Redevelopment Project Area E-1"; Line 12, after "persons displaced from other accommodations" ADD "by redevelopment or urban renewal,".

No objection and amendments of substitute resolution adopted.

Supervisor Francois, seconded by Supervisor Morrison, moved amendment as follows: Line 12, after "by redevelopment or urban renewal," ADD "including rent assistance,"; Subparagraph (2), after "exceed the equivalent amount" DELETE "devoted" and ADD "which would be available".

In response to a question by Supervisor Pelosi, Controller Nathan Cooper stated that the proposal before the Board would not affect the tax base, taxes available for general purposes, nor the issuance of bonds by the City and County; it would commit the Board to appropriate monies not to exceed that which would be levied on the increase in value in redevelopment areas, excluding The Embarcadero-Lower Market Approved Redevelopment Project Area E-1. That would be a matter for the Board to take up annually and reach a decision upon.

In response to questions by Supervisor Blake, John H. Tolan, Jr., Deputy for Development, stated that it is important that subsidies of various kinds be available for the assistance of hardship cases. Thus far, out of 2200 families relocated, 15 asked for assistance, but only 5 actually took assistance. He said that experience with the Federal guideline of a maximum of \$500 assistance to a family has been satisfactory to date.

Supervisor McCarthy moved amendment as follows: Line 9, after "in providing community and social" DELETE "service facilities" and ADD "services and facilities". Motion lost for want of a second.

Supervisor Francois, seconded by Supervisor Morrison, withdrew his previous proposed amendment and moved amendment as follows: Line 9, after "for use in providing" DELETE "community and social service facilities,"; Line 12, after "by redevelopment or urban renewal," ADD "for use in providing low and moderate cost housing assistance, including rent assistance,"; Subparagraph (2), after "exceed the equivalent amount" DELETE "devoted" and ADD "which would be available".

Supervisor Mailliard stated that he did not see that the proposal now before the Board is relevant either to the question of issuance of tax increment bonds or to construction of the Davis Street station. He said he believed the Board should consider specific proposals as they come before the Board and thus retain the right to decide each on its merits rather than declare a general policy in a resolution which could be construed in many different ways.

A vote was thereupon taken on Supervisor Francois' proposed amendment to amend Line 9, after "for use in providing" by DELETING "community and social service facilities," and to amend Line 12, after "by redevelopment or urban renewal," by ADDING "for use in providing low and moderate cost housing assistance, including rent assistance,".

In response to a question by Supervisor Tamaras, Deputy City Attorney Stark advised that the City Attorney is of the opinion that the proposed resolution is not in conflict with Section 22 of the Charter for the reason that the subject matter is of broader import than a purely administrative decision would be. Increase in crimes committed in Golden Gate Park.

Supervisor Tamaras recognized the fact that many persons attending the Board meeting today are here because of their concern relative to the crimes being committed in Golden Gate Park.

He said he has been informed that much of the increase in the crime rate in San Francisco this year arises from crimes committed in Golden Gate Park and adjacent areas, that young gangs rove the park committing acts of purse-snatching, strong-armed robbery, mugging, violences of all kinds. In addition, obscene and immoral acts are being committed.

Supervisor Tamaras requested that a communication be directed to the Chief of Police asking what steps are being taken to eliminate this flagrant, unprecedented violation, destruction, and misuse of Golden Gate Park and asking whether he could avail himself of the use of volunteer policemen on their days off, on a temporary basis, until more police officers are freed for such duty by the recently approved employment of police cadets.

Supervisor Francois added the request that a communication be directed to the Recreation and Park Commission, suggesting the employment of additional park guards on a temporary basis to help control illegal activities in the park.

Annual budget of the City and County of San Francisco for the fiscal year 1968-1969.

File No. 100-68.

BUDGET STATEMENT OF SUPERVISOR DOROTHY VON BEROLDINGEN ON BEHALF OF FINANCE COMMITTEE

The Finance Committee presents to the Board of Supervisors today the proposed budget of the City and County of San Francisco for the fiscal year 1968-1969. The Committee, in view of the time limitations imposed by law, asks that the Board adopt the proposed budget at the recessed meeting of the Board to be held on Wednesday, May 15, commencing at 10 o'clock a.m., following approval at that time of the amendments proposed by the Committee.

Two itemized lists of Finance Committee recommendations, (1) budget, and (2) supplemental budget, have been furnished Board members. They, together with the two volumes of the budget, and

the looseleaf supplemental budget requests, constitute a comprehensive budget report.

The members of the Finance Committee (my colleagues are Supervisors Francois and Tamaras) did not agree completely on every one of the thousands of appropriations requested by the department heads. We did, however, review each item in the best interests of the community as each views them. Putting aside the relatively minor differences of opinion which developed, and in order to submit unified and on the whole acceptable recommendations to the Board, Finance Committee members agreed that their recommendations be presented to the Board with unanimity and without recordation of any of the informal dissents which may have been expressed in Committee sessions. However, each reserves the right of debate should the occasion therefor arise.

To consider the voluminous proposed budget, the Finance Committee held twelve separate meetings, several of which extended into the early morning hours. After exhaustive scrutiny, and with the object of curtailing expenditures to the greatest possible extent, without impairing essential services, it submits the recommendations, the more salient of which are dealt with hereinbelow.

BUDGET TOTALS AND TAX RATE:

Submitted to Mayor by departments:

Budget requests (excluding Salary Standardization)	\$531,447,353
Supplemental budget requests (including Salary Standardization)	3,390,066
Total	534,837,419
Increase over 1967-68 budget	87,590,215

Submitted to Board by Mayor (including Salary Standardization adjustments to date):

Budget requests	499,915,510
Supplemental budget requests	2,122,053
Total	502,037,563
Increase over 1967-68 budget	54,790,359

Recommended to Board by Finance Committee:

Budget requests	486,667,224
Supplemental budget requests	1,323,215
Total	487,990,439
Reduction from Mayor's budget and supplemental budget recommendations	14,047,124
Portion of total reduction which will reduce ad valorem tax rate	6,078,169

The foregoing figures are subject to certain adjustments which will be computed by the Controller in due course.

The precise amount of the ad valorem tax rate cannot be ascertained at this time because of revenue and other adjustments anticipated prior to September when the tax rate will be fixed. The expanded governmental services which our citizens expect and demand, and the accompanying inflationary economic trend, have in recent years been reflected in a steady rise in the tax rate. Changes in assess-

ment practices, made necessary by State law, have exerted a heavy impact upon the tax rate as it affects single-family residential property. In any event, our most effective method of resisting the inflationary trend is firm insistence upon operational economies in all our departments, a course to which your Finance Committee feels it has adhered.

As in past years, the Committee reminds the Board of the following budget items over which, among others, the Board has no control:

Board of Education budget, subject to possible future increase for salary adjustments and other purposes	\$ 99,570,253
Salary requirements for all employees, including increments made mandatory by the voters' approval of various Charter salary standardization methods	227,107,461
Retirement and Workmen's Compensation contributions	20,399,617
Health Service System contributions	6,097,200
Social Security contributions	4,073,270
Mandatory appropriations for construction, maintenance and improvement of:	
Libraries	867,011
Parks and squares	2,167,527
Playgrounds	1,517,269
Art Commission, for a symphony orchestra	108,377
Streets, sewers and buildings	11,421,106
Elections	605,684
Civil Service	108,377
S.F. Bay Area Air Pollution Control District	215,201
Bond interest and redemption	33,487,672
TOTAL	407,746,025

The absence of Supervisorial control over these items and others stresses the correlative that there is a relatively minor portion of the total budget over which the Board may exert any discretionary force. The Board's jurisdiction extends mainly to items for contractual services, personal services, equipment, materials and supplies (none of which they may increase), capital expenditures, reconstruction and replacement, and maintenance and repair.

Nevertheless, a determined and, in some respects, innovative effort has been made to minimize the tax rate, which will be computed in September following ascertainment of revenue and other adjustments.

SPECIFIC ITEMS:

Since a few of the items which appear in the budget before you have attracted more than average public interest as reflected in correspondence, press reports, personal contacts, and otherwise, the Finance Committee should like to recall your attention to them specifically and briefly:

NEW EMPLOYMENTS:

Department heads requested in the budget and supplemental budget

a total of 2269 employments. The Mayor reduced that number to 1263. The Finance Committee recommends that the Board allow 998. Of the latter number, substantial components are located as follows:

Police Department	54
Fire Department	48
Social Services Department	118
Public Health Department	186
S.F. Unified School District and Children's Centers Fund	512
Public Utilities	11
Controller	20

Of the new employments, 50 are cadets in the Police Department and 512 are in the School District and are included in budget statistics for informational purposes only. Some of the new employments reflected in the above statistics were approved by supplemental appropriation ordinances in the current fiscal year, but are included above since they appear in the Annual Budget for the first time.

ADULT PROBATION:

Seventeen new employments have been recommended in order to continue employments approved by the Board of Supervisors in the current fiscal year for the Work Furlough Program, Special Supervision and Superior Court No. 24. The budget increase for this department totals \$238,527 as a consequence principally of the Work Furlough Program. Participating prisoners are expected to reimburse the City and County at the rate of \$4.50 per day.

CITY PLANNING:

In view of the personnel added to the staff last year, and the recommendation that the position of Chief Planner be retitled Assistant Director, Plans and Programs, with a salary increase of almost \$4,000 per year, the Finance Committee has approved two additional stenographers and has refrained from further adding to the staff for the coming fiscal year. Left intact was a requested appropriation of \$20,000 for a special project, the Urban Design Plan, which according to the Director of Planning is of special significance to his program.

CONTROLLER:

The Electronic Data Processing Program is expanding its functions and thereby enhancing its usefulness, accompanied by a notable increase in its budget requests, including for the coming fiscal year a total of 19 new positions which the Finance Committee recommends for approval. Following are budget growth statistics for EDP during the years commencing with 1964-65 through 1968-69:

1964-65	\$ 252,000
1965-66	380,000
1966-67	489,124
1967-68	2,761,968
1968-69	3,830,959

DISASTER CORPS:

The Finance Committee repeated the inquiry made in several past years as to why the functions of this department could not be transferred to the Police Department principally, since last year the President of the Police Commission had evinced a willingness to assume the Corps' functions. The Director of the Disaster Corps has written a lengthy letter documenting his conviction that such a transfer would result in no economies nor operational improvements, and the Finance Committee therefore has recommended approval of his budget with minor changes. However, the proposal for abolition of this department as an entity merits further consideration by an appropriate committee of the Board during the forthcoming fiscal year.

FIRE DEPARTMENT:

In July 1965 the 56-hour work-week of the fire fighting forces was reduced to a 54-hour work-week, and 58 new positions were authorized to implement the reduction. For the forthcoming fiscal year, the department and the Mayor have requested a 52-hour work-week, which, with the newly approved Charter provision for a four-week annual vacation, has resulted in a budget request for 55 new positions, and a total budget increase, arising principally therefrom, of \$582,205.

MAYOR:

The Finance Committee has recommended creation of a new position entitled Assistant Deputy for Social Programs on the Mayor's representation that the major efforts being made to develop and coordinate the City's activities in the social program field make it necessary that an assistant be provided for the Deputy for Social Programs. Other positions requested in a supplemental budget request appear deferrable in view of the several additions to the Mayor's staff authorized in recent years.

MAYOR—ECONOMIC OPPORTUNITY PROGRAM:

The Economic Opportunity Act requires that 20% of the cost of Community Action Programs be provided by the local community. The local community share for 1968-69 is \$1,003,475; "in-kind" contributions from various delegate agencies total \$803,475; the cash requirement from the City and County is \$200,000 according to the supplemental budget request received from the Mayor, although there is some indication from the Economic Opportunity Council that a request for a larger City and County contribution will be made later on in the year.

PARKING AUTHORITY:

The Board may recall that last year the Finance Committee, culminating some years of discussion and consideration, was of the opinion that the duties, functions and operations of the Parking Authority could be integrated with the normal workload of other departments, including the Real Estate Department which now performs a great deal of the work generated by the Off-Street Parking Program. Therefore, sufficient funds for the operation of the Authority were budgeted only through December 31, 1967, by which date it was considered possible to phase out the Authority's assignments and arrange for transfer to other City and County agencies. However, the Board of

Supervisors later augmented that budget and allowed additional funds to perpetuate the Authority's existence. In view of the Board's action, the Finance Committee submits to the Board an annual budget for the Authority in the total amount of \$39,267, which is compared to a probably total expenditure of \$36,176 for the current fiscal year.

PERMIT APPEALS:

The Finance Committee has recommended deletion of the item of \$2,470 for Phonographic Reporter Fees, in the belief that such an item is unnecessary and non-productive. Other, mechanical, means of recording the proceedings may be explored if such recordation is considered essential. An implementing ordinance amending the Administrative Code will be prepared and submitted to the Board of Supervisors in due course.

POLICE DEPARTMENT:

Last year the Board allowed new positions for 40 School Crossing Guards, to relieve the equivalent of 15 Policemen for assignment to active police duties. This coming year, the department and the Mayor have requested 50 Police Cadets and 9 Fingerprint Classifier-Clerks (4 recommended by the Finance Committee), utilization of which will allow uniformed personnel to be otherwise assigned to patrol functions.

SOCIAL SERVICES:

The Department's total budget request as recommended by the Finance Committee is \$79,360,564, an increase of \$10,940,971 over the current year's budget. The department requested 318 new positions, ostensibly to comply with State and Federal standards for personnel assignments; the Mayor reduced that number to 131; the Finance Committee has further reduced the number to 118. Inasmuch as recent court decisions have abolished the distinction residents and non-residents for purposes of qualifying for categorical aids, the Finance Committee has reduced the requested appropriation of \$550,000 for General Assistance (a fully City and County tax-supported item, with no subventions from other governmental entities) to \$350,000, with the reasonable assumption that a large number of persons disqualified for categorical aids will now qualify by reason of elimination of the residency requirements.

SHERIFF:

The Committee has recommended approval of 13 of the 20 new jobs requested, and feels that thereby a substantial compliance with various recommendations for improvement of the Sheriff's department will be effected. Additionally, the Committee has recommended a total of \$21,400 for equipment, and \$20,000 for physical improvements (in Department of Public Works, General Office, budget).

BOARD OF SUPERVISORS:

The Committee recommends deletion of the replacement automobile, in accordance with directive of the Board sitting in caucus last January. Also, in compliance with caucus directive, the Committee has submitted to the Board a supplemental budget request for 5 Administrative-Secretarial Assistants to Members of the Board of Supervisors, with equipment, etc., totaling \$50,930. However, the Com-

mittee further recommends that the Board again review in caucus its personnel requirements prior to making its final decision with respect to the budget items.

YOUTH GUIDANCE CENTER:

It is noteworthy that the total budget recommended by the Finance Committee is \$3,537,077, an increase of \$135,831 over the current fiscal year's budget. New employments have been included numbering 15, of which 10 were authorized by the Board during the current fiscal year. Cottage renovation at the Woodside complex has been included in the amount of \$40,000.

CHIEF ADMINISTRATIVE OFFICER:

This budget includes an item for San Francisco's contribution toward the operating expenses of the Association of Bay Area Governments in the amount of \$44,520, an increase of \$31,021 over the current contribution. While the Finance Committee has not recommended deletion of the item, it does recommend that the funds be withheld and not disbursed without further approval of the Board of Supervisors, and that an appropriate committee of the Board conduct a full public hearing on the matter of perpetuating San Francisco's membership in the Association.

PUBLIC HEALTH:

Notable statistics include the Mayor's submittal of a total budget request of \$45,130,885, an increase of \$7,173,368 as compared to the current year. The Department requested 595 new positions, the Mayor allowed 333, and the Finance Committee recommends approval of 186.

Administration: The Committee has not approved a request for \$4500 as a contribution to operation of the Canon Kip Clinic, in view of the requested huge outlay for the new Outpatient Clinic at San Francisco General Hospital. It was noted that the Department of Public Health commented that "we believe in accordance with the policies established by the Board of Supervisors with respect to Telegraph Hill Clinic, the City should support this program by augmenting contributions from other sources". The fact is that the Telegraph Hill Clinic initially sought emergency City support while its administrative and financial affairs could be put in order. The initial temporary support of \$7500 has become a recurrent budget item in larger amount, although that was expressly not the intention of the Board of Supervisors.

San Francisco General Hospital: Of the 164 new employments submitted by the Mayor, the Committee recommends approval of 129, comprised of 66 for the new Outpatient Clinic, and 63 for the hospital proper. The Committee approves continued operation of the Tuberculosis Control Bureau and its 38 permanent City employees plus 6 positions which are occupied when Federal funds are provided. The Federal government has announced it is abandoning the Federal Tuberculosis Project, with its 10-employee staff. In 1962 the Federal project was authorized as a supplement to, and in no way a necessary component of, what was described in our Department of Public Health's application as "San Francisco's proper tuberculosis control program for which we are and have been spending adequate funds".

The Finance Committee views with satisfaction our permanent tuberculosis control program which is budgeted at close to a half-million dollars a year and which our own Department of Public Health has described as proper and adequately funded, and regrets the decision of the Federal government to abandon its own Tuberculosis Control Project.

Health Centers: Addition of 12 new positions is recommended, plus \$17,424 in temporary salaries.

Venereal Disease Control: While some Federal support has been withdrawn, which appears unreasonable in view of the sharply rising incidence of these diseases, the Committee in recognition of the problem has refrained from any material diminution of the proposed budget. The matter of locating new quarters continues to elude satisfactory resolution by the Department. Last year it submitted a supplemental budget request for rental in the amount of \$69,050, on the representation that the Division must relocate its quarters presently located at 33 Hunt Street, which is to be acquired by the Redevelopment Agency as part of the South of Market Redevelopment Project. However, the amount was disapproved since the Board of Supervisors agreed with the Finance Committee that the proposed move to a north of Market location is not economical and is not necessarily better designed to serve the V.D. Clinic's patients. The Hunt Street rental is far less than the \$69,050 and it appeared probable that another site in the general vicinity of the present clinic could be obtained for a much lower rental. Now the Department again requests approval of a north-of-Market, high-rent location at 245 Hyde Street at a total cost of \$120,900 although the Board last year disapproved \$69,050 as being too costly. The Finance Committee has again disapproved the item.

Community Mental Health Services: The ever-increasing program and budget for this division can be readily realized by resort to the following statistics:

1964-65	\$1,817,192	(actual expenditures)
1965-66	2,053,328	" "
1966-67	2,824,398	" "
1967-68	3,725,996	(budgeted)
1968-69	5,170,748	(recommended by Mayor)

Funding for the Geriatric Screening Project has been withdrawn by the State of California, but nevertheless the Finance Committee recommends that this project be retained intact under the sponsorship of the City and County, because of the many and profound human values to be derived from a program designed to keep the elderly out of the clinical environment of State institutions and in the vastly more therapeutic surroundings of decent convalescent homes. The San Francisco Day Treatment Center is another of the State-introduced programs from which the State has withdrawn its sponsorship and "dumped in the lap" of local government.

It is the recommendation of the Finance Committee that 6 of the 15 employees be retained to continue the services, together with the supporting appropriations. It is felt that the other personnel, including a Director of Diversional Activities, are not absolutely essential at this time, and that further experience is needed for evaluation of opera-

tion of the Center as a San Francisco, rather than a State, institution. The matter of rental for the Center is vague as it has been presented by the Department, with no indication of location, square footage, utilization, etc.; the Committee recommends an appropriation of \$40,000 for this purpose, although that amount may prove to be excessive upon further detailed investigation.

DeYOUNG MUSEUM:

The Finance Committee is of the opinion that the \$120,000 requested for installation of the Green Period Rooms ought to be deferred, at least for the present, until further details concerning subsequent expenditures directly related to the installation can be elicited from the department. Having in mind the continuing and mounting expenditures consequent to acceptance of the Brundage Collection, the Committee feels that the Board should be made clearly aware of the costs of personnel, equipment, materials and supplies, capital expenditures, etc., which eventually will be associated with the Green installation. In further reference to the Brundage Collection, the Finance Committee has recommended reduction of a budget item for preparation and compilation of the Brundage Catalog from \$63,573 to \$40,000, noting at the same time that \$31,000 was budgeted for this purpose in 1966-67 and \$33,000 in 1967-68. The Museum's explanation of the budget request before us at this time includes a statement that "\$10,573 is for the purpose of reimbursing Mr. Renyvon d'Argence and his staff for 1967-68 salaries retroactively; the amount of \$10,573 would provide \$1,018.56 to reimburse Mr. d'Argence for sums he paid for Workmen's Compensation insurance coverage, social security, and unemployment insurance coverage during the period June, 1966 - May, 1967; the other additional \$10,000 is required to bring the 1968-69 salaries of the three members of the Brundage staff into proper relationship with City employees". There is some question concerning the legality and propriety of the foregoing, which will be the subject of review by the Controller.

PUBLIC LIBRARY:

The Committee is acutely conscious of the need for personnel, books and subscriptions in order to maintain the Public Library's high standards of service to the people. Accordingly, a total departmental budget of \$3,981,198 was recommended, representing an increase of \$118,078 over the current year. As to the book and subscription appropriations, the following is recommended: Library and Reference Books—\$690,000 (1966-67 actual expenditures, \$640,345; current year's budget, \$716,500 minus \$30,000 diverted to Subscriptions). Lease Books, McNaughton Plan—\$68,500 (same as current year). Subscriptions—\$64,500 (current budget, \$49,500).

PUBLICITY AND ADVERTISING:

The total amount estimated to become available from the Hotel Room Tax Fund for Publicity and Advertising is \$1,826,799, an increase of \$326,799 over the amount budgeted during the current fiscal year. In addition to the \$1,826,799, the Mayor proposed that \$500,000 be added to the property tax and augmentation of the Publicity and Advertising Fund, for the purpose of enabling San Francisco to expand the activities of several of our artistic groups, so that they may conduct performances in various neighborhoods of San Francisco as well as in locations outside San Francisco. In view of the other

urgent, essential demands being made on the property taxpayer, the Finance Committee has disapproved the \$500,000 proposal of the Mayor. Concerning specific allocations to be made within the \$1,826,799 Publicity and Advertising Fund, these by Charter are within the sole and exclusive province of the Chief Administrative Officer. However, the latter as a matter of courtesy to the Board of Supervisors has agreed to furnish the Finance Committee with his tentative allocation schedule upon completion.

RECREATION AND PARK:

The Special Services for the Handicapped Program has continued to command more than passing attention, because of its humanitarian aspects. In the current budget, \$60,000 was allocated, together with \$10,950 for painting and miscellaneous repairs. For next year, the Committee recommends \$125,000, plus \$10,500 for painting and miscellaneous repairs, plus \$13,800 for a fire sprinkler system, plus undetermined amounts which are included in other general appropriations of the department.

In regard to the rest of the Recreation and Park Department, all items of maintenance and repair of buildings were kept intact, amounting to \$238,518, a \$21,318 increase; also, maintenance and repair of structures totalling \$169,741, a \$36,061 increase; also, all reconstruction and replacement items, including supplemental, totalling \$188,140, and buildings, structures and improvements aggregating \$144,400.

ROAD COMMISSIONER—ROAD FUND—CONSTRUCTION:

The Finance Committee this year has adopted the innovative expedient of transferring Road Fund moneys to the Bureau of Street Cleaning, Department of Public Works, in order to materially relieve the burden of the property taxpayer and avoid the necessity for levying a tax for the Bureau's operations to the extent of the amount transferred. The transfer has been made possible by deferring projects of street improvement which are considered non-urgent at this time. The total amount transferred is \$1,199,400, all of which will operate to reduce the property tax levy.

MUNICIPAL RAILWAY:

The budget includes a request for \$2,000,000 with which to begin a \$51,000,000 program of replacement of the motor coach fleet. The Mayor, in transmitting the request, states that it has become quite obvious to him that we have no option but to begin this program in order to service the transportation needs of our citizens. However, while the need may be obvious, the method of financing warrants consideration of alternatives to the Public Utilities Commission's proposal that the property taxpayer bear the entire load. The Finance Committee recommends that concurrent with approval of the \$2,000,000 in the budget, the Board include a condition that the Controller is to withhold disbursement of the funds pending release thereof pursuant to resolution duly adopted by the Board of Supervisors, and that the Public Utilities Commission meanwhile consider ((two)) *all* possible alternatives to funding this item from ad valorem taxes without any offset, ((i.e., (1) increase of Municipal Railway basis fare from 15c to 25c, and (2) transfer of available surpluses from other public utilities to the general fund in the amount

of \$2,000,000 to offset the budget item.)) *including an increase not to exceed 5c in the Municipal Railway basic fare rate; (2) increase financial return from higher use of all properties under the jurisdiction of the Public Utilities Commission; and (3) such other procedures as will minimize fiscal deficiencies and maximize financial returns from all utilities operations.*

The Municipal Railway budget contains two items for electronic data processing \$32,500 and \$17,228, independent of the Controller's program. In the interests of economy, efficiency and uniformity, the Railway might transfer this operation to the Controller, and hopefully will have done so before submitting its next budget.

WATER DEPARTMENT:

A request for an electronic data processing program amounting to \$300,000 has been recommended rather reluctantly by the Finance Committee. As in the case of the Municipal Railway, before the next budget is submitted this now independent program ought to be integrated with the Controller's EDP Center.

ADMINISTRATIVE PROVISIONS, ANNUAL APPROPRIATION ORDINANCE:

The Civil Service Commission has proposed that an amendment be approved so that it may use not to exceed \$50,000 annually from the compensation reserves "for providing \$1,150 to the Commission when its annual appropriation is insufficient to meet the costs of the examination program for civil service examinations to create lists of eligibles for each of those classes newly created by budget, supplemental budget or supplemental appropriation; and for providing \$113 for each position involved to the Commission when its annual appropriation is insufficient to meet the costs of conducting civil service examinations for those classes where additional positions are created in said classes and existing eligible lists are not adequate to furnish eligibles for said positions." This appears to be another erosion of the Supervisors' power to legislate and appropriate, and the Finance Committee recommends disapproval, thus requiring the Commission to appear before the Board if and when it needs additional funds.

At the Board caucus in January, the Finance Committee was asked to review the desirability of increasing the per diem travel allowance from \$20.00 to \$30.00. The Committee, in view of other budgetary requirements, does not deem it advisable to recommend such a change at this time, although it recognizes the inadequacy of the present allowance.

ADMINISTRATIVE PROVISIONS—ANNUAL SALARY ORDINANCE:

On the basis of data furnished by the Controller, the Finance Committee recommends continuation of the same charges levied during the current year for accommodations, services and facilities furnished to employees in the various departments.

ACKNOWLEDGMENTS:

The Finance Committee commends and thanks Controller Nathan B. Cooper, his budget assistants, David Fong and Daniel McDonough,

and their staff for their valued assistance.

BOARD ACTION:

In order that all the members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its review of the budget as much before adoption as was possible in view of the numerous meetings required. The Charter provides that the Board shall adopt the budget not earlier than May 15. The Budgetary Procedure Ordinance declares that the budget may not be adopted later than May 21. Because of the deadlines which must be met for the preparation and printing of the Annual Appropriation Ordinance and the Annual Salary Ordinance, action by the Mayor, etc., the budget must be adopted this year on Wednesday, May 15.

At the recessed Board meeting of May 15, I will move that the budget, as amended by the Board, be adopted.

Dorothy von Beroldingen, Chairman
Finance Committee

Refused Adoption.

Motion to amend budget statement of Supervisor Dorothy von Beroldingen on behalf of Finance Committee.

Supervisor von Beroldingen, stoned by Supervisor Tamaras, moved that her budget statement be amended as follows: Amend section entitled "MUNICIPAL RAILWAY", last sentence of paragraph one, after "Public Utilities Commission meanwhile consider" DELETE "two" and ADD "all"; after "possible alternatives to funding this item from ad valorem taxes without any offset," DELETE "i.e. (1) increase of Municipal Railway basic fare from 15c to 25c, and (2) transfer of available surpluses from other public utilities to the general fund in the amount of \$2,000,000 to offset the budget item," and ADD "including an increase not to exceed 5c in the Municipal Railway basic fare rate; (2) increase financial return from higher use of all properties under the jurisdiction of the Public Utilities Commission; and (3) such other procedures as will minimize fiscal deficiencies and maximize financial return from all utilities operations."

Supervisor Morrison, seconded by Supervisor Mendelsohn, moved amendment of the pending motion as follows: Amend section entitled

“MUNICIPAL RAILWAY”, last sentence of paragraph one, by DELETING all wording following “Public Utilities Commission meanwhile consider” and ADDING “all possible alternative ways of funding this item.”

Supervisor Blake, seconded by Supervisor Morrison, moved amendment of the pending motion as follows: Amend section entitled “MUNICIPAL RAILWAY,” last sentence of paragraph one, by DELETING all wording following “Public Utilities Commission meanwhile consider” and ADDING “all possible alternative ways of funding this item without increasing the fare.”

Motion as amended refused adoption by the following vote:

Ayes: Supervisors Blake, Morrison, Pelosi—3.

Noes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Tamaras, von Beroldingen—8.

Refused Adoption.

Motion to amend budget statement of Supervisor von Beroldingen on behalf of Finance Committee.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, thereupon moved amendment as follows: Amend section entitled “MUNICIPAL RAILWAY,” last sentence of paragraph one, after “Public Utilities Commission meanwhile consider” DELETE “two” and ADD “all”; after “possible alternatives to funding this item from ad valorem taxes without any offset,” DELETE “i.e., (1) increase of Municipal Railway basic fare from 15c to 25c, and (2) transfer of available surpluses from other public utilities to the general fund in the amount of \$2,000,000 to offset the budget item.” and ADD “including an increase not to exceed 5c in the Municipal Railway basic fare rate; (2) increase financial return from higher use of all properties under the jurisdiction of the Public Utilities Commission; and (3) such other procedures as will minimize fiscal deficiencies and maximize financial return from all utilities operations.”

Supervisor Boas indicated that in supporting the Committee’s recommendation relative to a Municipal Railway fare increase he is doing so on the assurance that, if the Public Utilities Commission does decide to increase the fares, it must come to the Board of Supervisors for approval. He said he would be wary of voting for an increase in fares unless at the same time the Commission were to recommend that the fare for those who cannot afford even a fifteen-cent fare—senior citizens on limited incomes—are accorded a reduction.

Supervisor Morrison, seconded by Supervisor Pelosi, moved amendment of the pending motion as follows: Amend section entitled “MUNICIPAL RAILWAY,” last sentence of paragraph one, by DELETING all wording following “Public Utilities Commission meanwhile consider” and ADDING “all possible ways of funding this item.”

Motion as amended refused adoption by the following vote:

Noes: Supervisors Boas, Ertola, Francois, Mailliard, Mendelsohn, Tamaras, von Beroldingen—7.

Ayes: Supervisors Blake, McCarthy, Morrison, Pelosi—4.

Adopted.**Motion to amend budget statement of Supervisor von Beroldingen on behalf of Finance Committee.**

A vote was thereupon taken on Supervisor von Beroldingen's proposal to amend as follows: Amend section entitled "MUNICIPAL RAILWAY," last sentence of paragraph one, after "Public Utilities Commission meanwhile consider" DELETE "two" and ADD "all"; after "possible alternatives to funding this item from ad valorem taxes without any offset," DELETE i.e., (1) increase of Municipal Railway basic fare from 15c to 25c, and (2) transfer of available surpluses from other public utilities to the general fund in the amount of \$2,000,000 to offset the budget item." and ADD "including an increase not to exceed 5c in the Municipal Railway basic fare rate; (2) increase financial return from higher use of all properties under the jurisdiction of the Public Utilities Commission; and (3) such other procedures as will minimize fiscal deficiencies and maximize financial return from all utilities operations."

Motion to amend adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

A vote was thereupon taken on Finance Committee recommendations, as corrected, for amendment of budget items.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Adopted.**Motion to approve supplemental budget request of the Mayor for \$100,000 for a special assistance program and City-financed relocation program.**

Supervisor Morrison presented a supplemental budget request received by the Clerk of the Board on May 14, 1968, for the office of the Mayor in the amount of \$100,000 for a special assistance program and City financed relocation program (Index 151, Page 1, Line 2).

Supervisor Morrison, seconded by Supervisor Francois, moved approval.

Supervisor Boas, seconded by Supervisor von Beroldingen, moved referral to Committee.

After discussion indicating that the supplemental budget request had been submitted pursuant to Ordinance No. 122-68, finally passed by the Board of Supervisors May 13, 1968, waiving provisions of Section 3.4 of the San Francisco Administrative Code, to permit the Mayor to submit a supplemental budget request prior to May 14, 1968, Supervisor Boas withdrew his motion to refer to Committee. Supervisor von Beroldingen declined to withdraw her second; therefore a vote was taken on the motion.

Motion to rerefer to Committee refused adoption by the following vote:

Ayes: Supervisors Blake, Ertola, Mailliard, von Beroldingen—4.

Noes: Supervisors Boas, Francois, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras—7.

Appeal from Ruling of the Chair.

In response to questions by the Chair, Deputy City Attorney Stark advised that in order to comply with the provisions of Ordinance No. 122-68, the title of which is quoted above, the supplemental budget request of the Mayor should have been received by close of business May 13, 1968. The Chair ruled that since the supplemental budget request for \$100,000 for a special assistance program and City-financed relocation program, office of the Mayor, was not received until May 14, 1968, the statute was not waived and the matter was not properly before the Board before consideration.

Supervisor Morrison appealed the ruling of the Chair.

The Chair stated that the question before the Board is whether the decision of the Chair that this matter is illegally before the Board under Section 3.4 of the Administrative Code, shall stand as the decision of the Board.

Supervisor Ertola advised that the reason for his ruling is that the supplemental budget request was not submitted within time limitations; that the Board might subject itself to a taxpayers' suit on the grounds of illegal expenditure of funds if it is approved by the Board.

Supervisor Morrison stated that he appealed the decision of the Chair because the plain legislative intent of the Finance Committee and the Board of Supervisors was to act so that this budget request from the Mayor could be included in this year's budget. Far from placing itself in any jeopardy, the Board will simply be including this item in the budget, following the legislative intent of the Board and the desire and action of the Mayor's Office.

Decision of the Chair rejected by the following vote:

Ayes: Supervisors Blake, Ertola, Mailliard, von Beroldingen—4.

Noes: Supervisors Boas, Francois, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras—7.

A vote was thereupon taken on motion to approve the supplemental budget request of the Mayor for \$100,000 for a special assistance program and City-financed relocation program.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Francois, Mendelsohn, Morrison, Pelosi, Tamaras—6.

Noes: Supervisors Blake, Ertola, Mailliard, McCarthy, von Beroldingen—5.

Refused Adoption.

Motion to amend Finance Committee's recommendations for amendment of budget items.

Supervisor Francois, seconded by Supervisor Morrison, moved amendment of Finance Committee recommendations for the Department of Social Services as follows: Page 221, Line 4, restore general assistance, non-resident, to \$550,000.

Motion refused adoption by the following vote:

Ayes: Supervisors Francois, Morrison—2.

Noes: Supervisors Blake, Boas, Ertola, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Reference to Committee.

Supervisor McCarthy suggested that the following budget items disapproved by the Finance Committee be brought before the Board again as soon as possible in the form of supplemental appropriation requests:

- San Francisco General Hospital, Laboratory Section, one elevator;
- Hassler Hospital, access road;
- Laguna Honda Home, improvement of Building 90.

Refused Adoption.

Motion to amend Finance Committee's recommendations for amendment of budget items.

Supervisor Blake, seconded by Supervisor Morrison, moved that Finance Committee's recommendations for amendment of budget items be amended as follows: Finance and Records, Registrar of Voters, Page 403, Line 9, Seasonal voting machine servicemen, restore to \$46,811.

Motion refused adoption by the following vote:

Ayes: Supervisors Blake, Mailliard, McCarthy, Morrison, Tamaras—5.

Noes: Supervisors Boas, Ertola, Francois, Mendelsohn, Pelosi, von Beroldingen—6.

Adopted.

Motion to amend Finance Committee's recommendations for amendment of budget items.

Supervisor Blake, seconded by Supervisor Morrison, moved that Finance Committee's recommendations for amendment of budget items be amended as follows: Finance and Records, Registrar of Voters, Page 406, Line 15, Rental of polling places, restore to \$17,360.

Motion adopted by the following vote:

Explanation of Votes.

Supervisor Pelosi stated that he would vote for adoption of the annual budget as amended, with reluctance. He said that he was impressed by the statement in Supervisor von Beroldingen's budget statement: "The absence of Supervisorial control over these items and others stresses the correlative that there is a relatively minor portion of the total budget over which the Board may exert any discretionary force." Supervisor Pelosi said he thought it impossible for the legislative branch of municipal government properly to manage the budgetary and fiscal affairs of the community under the present circumstances, when it has so little control over how municipal departments are operated. Supervisor Pelosi added that he thought it a matter of immediate priority that the legislative branch of government be given the means of questioning department heads and ascertaining how public funds are being spent. Unless the Board attacks this problem and arms itself with personnel competent to give Board members the service and advice needed, he said he believed that budget procedures are inadequate and the taxpayers are not being well served.

Supervisor Boas stated that he was happy to vote for the budget as recommended by the Finance Committee, even though it is a matter of compromise and he might have done differently on certain specific items. Supervisor Boas said the one item he does not approve of and is supporting merely because it expresses the opinion of the majority of Board members is the \$51,000 item for personnel in the budget of the Board of Supervisors.

Supervisor Blake stated that in his opinion the Finance Committee has done an outstanding job in its review of the budget; however, he is firmly convinced that the addition of a position of budget analyst on the staff of the Board of Supervisors would be of great assistance in ascertaining where additional reductions might be made.

Supervisor Ertola stated that, while he will vote for the budget as amended, he is of the opinion, because of the City Attorney's advice, that the item of \$100,000 for the office of the Mayor for a special assistance program and City-financed relocation program was not legally before the Board for action today.

Supervisor von Beroldingen stated that she concurs with President Ertola and specifically rejects that item also.

Thereupon, the roll was called on the pending motion to adopt the budget as amended, and it was adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

Reconvening of the Board.

The Board, at the hour of 6:45 p.m., reconvened.

Refused Adoption.

Motion for adoption of the annual budget as amended.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that the annual budget be adopted, as amended by the Board of Supervisors; that the Controller be instructed to prepare the Annual Appropriation Ordinance to reflect said budget; that the Civil Service Commission be instructed to prepare the Annual Salary Ordinance in conformity with said budget and the 1968 Salary Standardization Ordinances heretofore enacted, to reflect the positions continued or created by the Board of Supervisors in the adoption of said budget; and that the Annual Appropriation Ordinance and the Annual Salary Ordinance be transmitted to the Board of Supervisors not later than Wednesday, May 22, 1968.

In response to a question by Supervisor Francois, the Clerk advised that if the annual budget for fiscal year 1968-69 is not adopted in accordance with law, as of July 1, 1968, all municipal functions will cease.

Motion refused adoption by the following vote:

Noes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Refused Adoption.

Motion for adoption of the annual budget as amended.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that the annual budget be adopted, as amended by the Board of Supervisors; that the Controller be instructed to prepare the Annual Appropriation Ordinance to reflect said budget; that the Civil Service Commission be instructed to prepare the Annual Salary Ordinance in conformity with said budget and the 1968 Salary Standardization Ordinances heretofore enacted, to reflect the positions continued or created by the Board of Supervisors in the adoption of said budget; and that the Annual Appropriation Ordinance and the Annual Salary Ordinance be transmitted to the Board of Supervisors not later than Wednesday, May 22, 1968.

In response to questions by Board members, Deputy Attorney Stark advised that during consideration of the budget, any Supervisor has the privilege of requesting that certain items be separated for the casting of an individual vote thereon. This gives him an opportunity to register his disapproval of any specific item.

After that opportunity has been granted, the Board adopts the budget. At that time it is the mandatory duty of the Supervisors to adopt a budget. Mr. Stark said that in his opinion, failure to abide by the mandate of Charter Section 72 would amount to official misconduct for which a member could be subject to removal from office.

Supervisor Blake stated that Deputy City Attorney Stark had advised the Board that the supplemental budget request of the Mayor for \$100,000 for a special assistance program and City-financed relocation program was not legally before the Board for consideration. Supervisor Blake said that he does not wish to be a party to adoption of a budget containing an illegal item. In addition, while the Finance Committee does its best with the tools available to the members, rejection of the budget is the only way he knows to protest in an attempt to find a better system of budget review.

Supervisor Ertola stated that he agreed the supplemental budget request of the Mayor was not properly before the Board today, but he was willing to vote for the budget as a whole, noting his dissent on that particular item. He called attention to the fact that the Controller has independent legal advice by which the Board is, in a sense, protected, since the funds will not be approved for expenditure until the Controller has ascertained that such expenditure is legal.

Supervisor Boas, seconded by Supervisor McCarthy, moved the previous question.

Motion to adopt the annual budget as amended refused adoption by the following vote:

Noes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Adopted.

Motion for adoption of the annual budget as amended.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that the annual budget be adopted, as amended by the Board of Supervisors; that the Controller be instructed to prepare the Annual Appropriation Ordinance to reflect said budget; that the Civil Service Commission be instructed to prepare the Annual Salary Ordinance in conformity with said budget and the 1968 Salary Standardization Ordinances heretofore enacted, to reflect the positions continued or created by the Board of Supervisors in the adoption of said budget; and that the Annual Appropriation Ordinance and the Annual Salary Ordinance be transmitted to the Board of Supervisors not later than Wednesday, May 22, 1968.

In response to questions by Supervisor von Beroldingen, Deputy City Attorney Stark advised that in his opinion the budget is a legal document with the exception of the supplemental appropriation of \$100,000 for the office of the Mayor, for a special assistance program and City-financed relocation program.

In response to further questions by Supervisor von Beroldingen, Deputy City Attorney Stark added that a document can be legal and binding although having within it an invalid item and that any individual registering dissent on an item he feels is illegal has protected

himself from any charge of wrong-doing. Mr. Stark said that in his opinion the budget as amended is a legal, lawful document.

Motion to adopt the budget as amended adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Presentation of Guests

The Chair introduced and welcomed the following guests:

Students of Herbert Hoover Junior High School eighth grade class accompanied by their teacher, Mr. Arthur Peterson; Mr. Grech Orr, Editor of the "Times of Malta," visiting the United States as a guest of the United States State Department; and Mr. Charles Vassallo, Vice Consul of Malta.

Taken Up Out of Order.

Adopted as Amended.

There being no objection, on motion of Supervisor Pelosi, the following from Planning and Development Committee without recommendation was taken up out of order:

Approving action of the Mayor in filing an application for a Federal grant to plan and develop a comprehensive city demonstration program.

File No. 274-68, Resolution No. 377-68.

Supervisor Pelosi urged approval of subject legislation.

He stated that while recognizing the fact that the Board of Supervisors is obligated to see that the stability of the neighborhoods is preserved and people's homes are not taken from them, analysis has shown that in both of the areas involved there are very serious needs and that this necessary and vital infusion of federal capital should result in great benefit not only to those areas but to the entire City.

Supervisor Mailliard recommended a "no" vote. He said that until the many questions raised by the proposal can be answered satisfactorily, it is unwise to proceed. Supervisor Mailliard cited the concern of home owners in the areas as to what might happen to their homes; how funds would be spent and who would get the benefit from the funds; what local control there will be over the program. In addition, there have recently been many cutbacks in federal spending which would indicate the very strong possibility that additional federal funds necessary to implement the plan may not be forthcoming.

Supervisor von Beroldingen said that during committee hearings last year on this subject, because of substantial resistance to the plan on the part of the communities involved, no conclusive action was taken. Without complete and unified community support, she said she felt it unthinkable that the City should undertake so inovative and costly a program. She added that before the City spends funds on a program which will be dependent on Federal or State aid, it should be absolutely certain that the State or Federal Governments are willing to undertake the full responsibility for the entire program and that assurances can be given to every property owner that his property will not be disturbed against his will.

Adopted.

Motions to Amend

Supervisor Pelosi, seconded by Supervisor Mendelsohn, moved amendment as follows: In the title, after "City Demonstration Program" ADD "in the Bayview-Hunters Point and Mission areas."; Paragraph 1, Line 2, after "City Demonstration Program in" ADD "the Bayview-Hunters Point and Mission"; Paragraph 3, Line 1, after "April 15, 1968," DELETE "file" and ADD "lodge"; ADD a new paragraph at the end of resolution reading, "FURTHER RESOLVED, That the applicant identified above hereby represents that it has or will have available when needed, adequate resources to defray, with the requested financial assistance grant, the cost of preparation of the comprehensive city program."

Supervisor Tamaras stated that he had supported this proposal when it was before the Planning and Development Committee last year but has since changed his mind. He said he has received many communications opposing the proposal and none supporting it; until he receives clearcut support from the residents of the areas involved he will oppose the proposal.

In response to questions by Supervisor Ertola, Deputy City Attorney Stark advised that the resolution and proposed amendment are properly before the Board. When a specific sum of money is being considered by the Board at a later date, that matter would be the subject of committee hearings, and the Board would be under no suasion to appropriate funds because of action on the resolution now before the Board. Supervisor Ertola requested that the City Attorney confirm the foregoing opinion in writing.

Supervisor Blake spoke in opposition to the subject resolution, saying that he felt enactment would immediately place a blight on the areas. Supervisor Blake suggested that a preferable form of action would be that of concentrated code enforcement to improve any substandard

buildings. He said that he believed adoption of a good program for development of Hunters Point was of first priority; that should be accomplished first, after which consideration can be given to other areas.

Supervisor Ertola stated he would vote against the proposed resolution and proposed amendment because he believes it totally unfair to the owners of property in the designated areas and because he feels a vote for this resolution would commit him to future implementation of the program.

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Boas, Francois, McCarthy, Mendelsohn, Morrison, Pelosi—7.

Noes: Supervisors Ertola, Mailliard, Tamaras, von Beroldingen—4.

Supervisor Mendelsohn, seconded by Supervisor Francois, moved amendment as follows: At end of Section 3, after "hearings on said by-laws." ADD "Said by-laws shall be formulated by the City Demonstration Agency in cooperation with residents of the Mission and Bayview-Hunters Point Districts, and shall provide for the maximum feasible participation of these residents in the planning and implementation of the comprehensive City Demonstration Program in these Districts;"

Motion to amend adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras—9.

Noes: Supervisors Blake, von Beroldingen—2.

Adopted as amended by the following votes

Ayes: Supervisors Boas, Francois, McCarthy, Mendelsohn, Morrison, Pelosi—6.

Taken Up Out of Order.

Passage for Second Reading as Amended.

There being no objection, on motion of Supervisor Pelosi, the following from Planning and Development Committee with recommendation "Do pass after amendment" was taken up out of order:

Comprehensive amendments to the City Planning Code embodying the proposals of the Downtown Zoning Study.

File No. 191-67-1, Ordinance No.

Refused Adoption.

Motion to Continue Consideration.

Supervisor von Beroldingen stated that she has been informed that the Tax Committee of the Chamber of Commerce is near completion of a study of San Francisco revenue and tax base and of the Assessment Roll potential. She said that since it appears in her view that the Board is facing the question of zoning in the downtown area primarily with respect to the effect of the rezoning proposals on the tax rate, the

Board should have as much information as possible before making a decision. Supervisor von Beroldingen said that prior to taking any action which will delineate for all time the tax base of San Francisco, the Board should have the results of the study being undertaken by the Chamber of Commerce.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that consideration be continued to June 10, 1968.

Motion refused adoption by the following vote:

Ayes: Supervisors Blake, Ertola, Mailliard, Tamaras, von Beroldingen—5.

Noes: Supervisors Boas, Francois, McCarthy, Mendelsohn, Morrison Pelosi—6

The Director of Planning briefly reviewed the Downtown Zoning Study proposals.

Supervisor von Beroldingen said that she has received innumerable communications, particularly from small businessmen, indicating that at no time did they receive notice of City Planning Commission hearings on the proposed ordinance before the Board today and were not aware until very recently that many of the proposed amendments affect not only the downtown area but the outlying districts as well. On behalf of the many property owners who did not receive notice, Supervisor von Beroldingen requested that the proposed ordinance be rereferred to the City Planning Commission for notice to all property owners concerned and for rehearing.

In response to a question by Supervisor von Beroldingen, Deputy City Attorney Kenealey advised that the proposed ordinance does not reclassify any property except those properties shown on the zoning maps. There are some text changes in the Code which do not require individual notice to each property owner. Notice was legally given as provided by the Charter and City Planning Code. Anyone who appeared at a hearing waived any objection he might have that he was not personally notified.

Adopted.

Motions to Amend.

Supervisor Morrison, seconded by Supervisor Mendelsohn, moved amendment of Section 212.c.1 by deleting therefrom, mention of Section 220, as recommended on Page 3 of the "Report of the Planning and Development Committee on the Downtown Zoning Proposals," a copy of which is contained in the file.

and Relocation and the classification of one new position of Stenographic Secretary, Mayor's Office.

File No. 200-67-36, Ordinance No.

Supervisor von Beroldingen explained that the salary for these positions is to be paid out of the \$200,000 already appropriated to the Mayor's Office for relocation services. She stated that the Committee had some question about using this money for administrative expenses rather than for the purpose for which the appropriation was intended; and that the Committee had reluctantly voted "do pass" for this one item only. Supervisor von Beroldingen urged that future expenditures of this nature be watched.

Supervisor Morrison called attention to the fact that the Mayor's Deputy for Development had agreed not to proceed with any relocation program until that program had been approved by the Board of Supervisors.

In response to a question by Supervisor Morrison, Mr. John H. Tolan, Jr., Deputy for Development, stated that the Mayor's proposed program for relocation has been submitted to the City Attorney. As soon as the City Attorney acts thereon, the proposed program will be brought before the Board of Supervisors for authorization to proceed.

Supervisor Morrison suggested that a committee of the Board begin hearings as soon as possible on the Mayor's relocation program in order to ascertain that the Board is in agreement with the Mayor's proposals before implementation begins.

Deputy City Attorney Kenealey advised that the matter of the Mayor's relocation program has not been officially assigned to him and that there is no legislation on the subject currently under consideration.

Supervisor Tamaras suggested that facts concerning this new "turnkey" program should be made known to civic and improvement organizations throughout the City in an effort to stimulate use of the program in development of housing. Supervisor Tamaras suggested that the Mayor might direct the Housing Authority and the Department of City Planning to disseminate such information to neighborhood organizations.

In response to a question by Supervisor Ertola, Deputy City Attorney Kenealey advised that the Board can act on the proposal before it today, but that before construction can begin there must be a report from the Department of City Planning as to conformity with the Master Plan. He added that he believed legislation should be referred to the Department of City Planning at this time.

Supervisor Morrison, seconded by Supervisor Pelosi, moved that the proposed legislation be referred to the Department of City Planning for report as to conformity with the Master Plan, and that the matter be calendared for consideration by the Board at the regular meeting following receipt of said report.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—9.

File No. 279-68, Resolution No.

In response to a statement by Supervisor Ertola that he believed it inadvisable to bar other approaches to the matter of financing urban renewal, Supervisor Francois, seconded by Supervisor Mendelsohn, moved that consideration be temporarily postponed for the purpose of working out an amendment to meet Supervisor Ertola's objection.

No objection and motion adopted.

Consideration Continued.

The following recommendation of Finance Committee, heretofore considered and temporarily postponed, was taken up:

Authorizing purchase of certain real property from Wells Fargo Bank for \$210,000; required for widening of Clay Street.

File No. 315-68, Ordinance No.

In response to questions by Supervisor Morrison, Mr. Wallace Wortman, Acting Director of Property, explained how the purchase price had been arrived at.

Supervisor Blake questioned the advisability of permitting buildings to jut over the street on some blocks of Clay Street and not on others, thereby creating an uneven facade along the street.

Supervisor Morrison, seconded by Supervisor Blake, moved that consideration be continued one week so that the Department of City Planning and the Department of Public Works can report on their thinking relative to Supervisor Blake's observations.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

At the request of Supervisor Tamaras, the Chair ordered that all departments be reminded to have representatives attend Board meetings at which they have matters on the calendar.

Supervisor Blake, seconded by Supervisor Morrison, moved "do pass" of the following called out of Finance Committee:

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved rereferral to Finance Committee of the following called out of Finance Committee:

Providing for the imposition of a tax on users of telephone, gas, electricity, water and steam for non-residential purposes within the City and County.

File No. 238-68-1, Ordinance No.

Supervisor Blake stated that he had called these measures from Committee because the residential property owners of San Francisco have been promised tax relief this year and there is no way such relief can be granted other than by enactment of new forms of business taxation. He urged that hearings be scheduled immediately on Mayor Alioto's tax proposals.

Supervisor von Beroldingen stated that there had been no possibility of hearing these measures earlier because the Committee had been completely involved in hearings on the 1968-69 budget and because the information being prepared by the Chamber of Commerce on the effect of the various tax proposals has not been completed because of problems encountered with the Chamber's computer. However, it is anticipated that the Chamber of Commerce' report on the results of its study will be completed within the very near future. Supervisor von Beroldingen urged rereferral to Finance Committee.

In response to a question by Supervisor Morrison, Controller Nathan B. Cooper advised that if legislation providing for new forms of taxation is enacted before July 31, 1968, he will be able to give effect to some estimate of the revenues to be derived therefrom in setting the 1968-69 tax rate.

After general discussion, Supervisor von Beroldingen stated that the Finance Committee will hold hearings on the so-called commuter tax, or non-resident service tax, on June 5, and on the business gross receipts tax on June 12.

Cost of Land to be Used for Construction of Moderate Priced Housing in Redevelopment Areas.

Supervisor Francois stated that it had come to his attention that the United States Department of Housing and Urban Development has issued a directive which would have the effect of raising the price of land for moderate income housing in redevelopment areas. Supervisor Morrison reminded the Board that the Board has already adopted a resolution declaring its intention to designate a local community action agency. The following recommendations of Health Committee were taken up:

Declaring that the Bay Area Comprehensive Health Planning Council is the organization to conduct projects relating to the development of a comprehensive area-wide planning program.

File No. 136-68-2, Resolution No. 399-68.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Requesting agencies to study and report to the Board of Supervisors within sixty days on the feasibility of locating a solid waste incineration plant in the Butchertown Industrial Park Redevelopment Project Area.

File No. 245-68-3, Resolution No. 404-68.

Supervisor Mendelsohn called attention to several corrections to be made in the proposal under consideration: Paragraphs 6 and 7, delete references to Hunters Point; first Resolved paragraph, delete "rather than an operation, which in any objectionable sense, is being imposed upon the Hunters Point community".

No objection and Clerk directed to correct the legislation accordingly.

Supervisor Francois stated that he was opposed to location of an incineration plant in the Butchertown Industrial Park Redevelopment Project Area. This redevelopment project had been sold to the people in that general area of the City on the basis that it would be beneficial to them in creating a source of new employment. The proposed incineration plant would reduce the number of possible jobs by some 600.

Supervisor McCarthy called attention to the fact that the Department of City Planning has been requested to conduct a study of the south bayshore area. He said that no decision should be made on location of the proposed incineration plant until that study is completed.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Francois—1.

Consideration Continued.

The following recommendation of Streets and Transportation Committee was taken up:

(Supervisor Morrison dissenting in Committee.)

Declaring intention to order the vacation of portions of Lombard and Montgomery Streets.

File No. 218-68-1, Resolution No.

(Proposed vacation of a portion of Lombard Street between Winthrop and Sansome Streets and Montgomery Street between Chestnut and Lombard Streets to North Waterfront

Associates, Inc., for first phase development to be known as the San Francisco International Market Center.)

The Clerk presented a Complaint for Injunction and Order to Show Cause re preliminary injunction and temporary restraining order issued by Judge Charles S. Peery June 3, 1968, in the matter of Superior Court No. 592077, Jean E. Kortum vs. City and County, of San Francisco, et al., ordering the defendant to appear on June 12, 1968, in Department 20, at 9:30 a.m., to show cause why they should not be enjoined and restrained from proceeding with subject street vacation during the pendency of the action.

Deputy City Attorney Kencaley advised the Board that the order of the court must be obeyed.

In response to questions, Mr. Thomas E. Feeney, representing North Waterfront Associates, stated that Judge Peery had authorized him to tell the Board that he is considering vacating the order. What he (Judge Peery) would prefer to do is have a hearing immediately with both sides present, at which time he will make a decision or delegate the matter to another judge; therefore, he requests that the Board continue consideration of subject legislation until June 10, 1968.

Superior Court Secretary and Jury Commissioner Bernard J. Ward verified Mr. Feeney's statement.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that consideration be continued to June 10, 1968.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Mendelsohn—1.

(Pursuant to Rule 3 of Rules of Order of the Board of Supervisors, an amendment to the Rules may, after one week's notice given by inclusion in the Board Calendar, be adopted by the affirmative recorded vote of two-thirds of all members of the Board.)

Supervisor Tamaras, seconded by Supervisor von Beroldingen,

Special Order—2:00 p.m.

The following, heretofore considered and temporarily postponed, was taken up:

Presentation of scholarship award to a San Francisco high school student, sponsored by the Municipal Executive Employees Association.

Mayor Alioto announced that Albert S. Broussard, a senior student at Polytechnic High School, was the winner of the 1968 scholarship award. He congratulated Mr. Broussard, and introduced him and his mother, Mrs. Margaret Broussard, and grandmother.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

Adopted as Amended.

The following recommendation of Streets and Transportation Committee, heretofore considered, was taken up:

(Supervisor Morrison dissenting in Committee.)

Declaring intention to order the vacation of portions of Lombard and Montgomery Streets.

File No. 218-68-1, Resolution No. 414-68.

(Proposed vacation of a portion of Lombard Street between Winthrop and Sansome Streets and Montgomery Street between Chestnut and Lombard Streets to North Waterfront Associates, Inc., for first phase development to be known as the San Francisco International Market Center.)

(June 3, 1968—Consideration continued to June 10, 1968.)

Supervisor Morrison stated that in his view enactment of subject legislation would do more than merely set a date for a public hearing at which time the Board would decide the issue. This legislation states these streets are unnecessary for present or prospective street purposes and that the Board intends to order the street vacation.

Deputy City Attorney Kenealey advised that the temporary restraining order issued by Judge Peery was dissolved by Judge Peery on June 7, 1968, after reading the memorandum of points and authorities and affidavits filed on behalf of the Board. In response to questions by Supervisor Morrison, Mr. Kenealey stated that the resolution before the Board today makes a recital only, not a finding. It is at the public hearing that the evidence will be heard by the Board sitting as a Committee of the Whole to determine and make a finding whether the

streets in question are necessary for present or future use. (A copy of City Attorney's opinion as stated above is contained in the file.)

Adopted.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor Francois, moved amendment as follows: In paragraph two, after "WHEREAS," ADD "The Department of Public Works has stated that".

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Boas—1.

Supervisor Morrison spoke against adoption of the legislation, stating that in his opinion the Board should not make a declaration of intention unless it is satisfied it really does intend to act. He said consideration of this matter should be postponed until after completion of the final report on the Northern Waterfront Study.

The Chair announced that the date for public hearing will be set for July 15, 1968.

Supervisor Mendelsohn asked the Director of Planning to explore the following matters prior to the hearing date of July 15: Retention of historic buildings in the area, including the Seawall Warehouse; public access to the entire project except for the wholesale salesrooms; selection of an architectural control panel by the Director of Planning to work with him as actual working drawings are developed.

The Chair directed the Director of Planning to make note of Supervisor Mendelsohn's request and be prepared to discuss these matters on July 15.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Morrison—1.

Adopted.

The following recommendation of Rules Committee, heretofore considered, was taken up:

Motion—Amending Rules of Order of the Board of Supervisors to limit attendance of the public at all meetings held in the Chambers of the Board.

Motion that the Rules of Order of the Board of Supervisors be amended by amending subsection C of Rule 14 to limit attendance of the public at all meetings of the Board of Supervisors and its committees and other agencies which use the Chambers of the Board for meeting purposes to that number which can be accommodated by the seating arrangements regularly maintained in said Chambers, and to prohibit standees.

File No. 326-68.

(June 3, 1968—Consideration continued to June 10, 1968.)

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

File No. 194-68-4, Resolution No. 413-68.

In response to questions by Supervisor von Beroldingen, Deputy City Attorney James Stark stated that in Memorandum 81 there is mention that the governing board of the local community action agency may delegate some of its power back to the City, but that would be an action on their part, not on the part of the Board of Supervisors. He added that the deadline for action on designation of the agency is thirty days from May 13, 1968, which is the date of receipt of the notice from the Office of the Governor.

Supervisor von Beroldingen stated that she had been under the impression that the City was retaining a measure of control over the local community action agency. Amended. Consideration Continued.

The following recommendation of Social Services Committee was taken up:

Reaffirming designation of the Economic Opportunity Council of San Francisco, Inc., as the community action agency of the City and County; providing for composition of the governing Board thereof.

File No. 194-68-3, Resolution No.

Supervisor Morrison reviewed the history of Board action on the question of designation of a community action agency. He stated that the City will need the cooperation of the Economic Opportunity Council to bring about the terms of this resolution. However, the Committee went over the resolution step-by-step with the Economic Opportunity Council and representatives of the Mayor and believes the terms of this legislation will be accepted by the Economic Opportunity Council.

Adopted.

Motions to Amend.

Supervisor Morrison, seconded by Supervisor Pelosi, moved amendment as follows: Paragraph 5, Line 5, DELETE "the Director of Public Works;"; Line 9, DELETE "City Planning Commission,;"; Line 10, DELETE "Police Commission, Public Utilities Commission,;"; after "Human Rights Commission," ADD "Library Commission, Recreation and Park Commission,;"; Line 14. after "and Housing Authority; ADD "two additional appointive officials to be designated by the Mayor;"

In response to a question by Supervisor Ertola, Deputy City Attorney James Stark cited Rules 81 and 85 of the Rules of Order of the Board of Supervisors and advised that the subject legislation is properly before the Board for consideration; however, the following item on the Calendar, File No. 194-68-5, rescinding Resolution No. 379-68, designating the Economic Opportunity Council of San Francisco, Inc., as the community action agency of the City and County, would require hearing by a Committee of the Board after notice to interested parties before being acted upon by the Board.

Supervisor von Beroldingen stated that the questions which had arisen in her mind are now fully answered by the subject resolution. She added that she is satisfied that the hearings conducted by the Committee and the results which appear in this resolution fully support the previous action taken by the Board in designating the Economic Opportunity Council as the City's community action agency.

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Boas—1.

Supervisor Morrison, seconded by Supervisor von Beroldingen, moved amendment as follows: Paragraph 7, Line 9, after "as is possible the" DELETE "governmental"; after "decision-making authority" DELETE "of" and ADD "in governmental service as".

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Boas—1.

Supervisor McCarthy said that before voting on the subject resolution he would like to know whether the commissioners and department heads designated therein as members of the governing board are prepared to attend meetings regularly. Also, he would like to have information relative to fiscal and accounting procedures of the Economic Opportunity Council. Supervisor McCarthy said he felt that information to be received from the Controller on accounting procedures will have a bearing on the composition of the governing board and approval of the by-laws. He also questioned the need to have so many city representatives on the governing board.

Supervisor Morrison stated that the local community action agency must convince the Federal Government by July 1, 1968, that the agency is in compliance with requirements of the 1967 amendments to the Act. For this reason, the Board is not in a position to delay indefinitely reaching a decision on this matter.

Supervisor McCarthy, seconded by Supervisor Francois, moved that consideration be continued to July 15, 1968.

Supervisor McCarthy questioned the need for members of the Board of Supervisors to serve as members of the governing board of the community action agency. Supervisor Francois agreed that the Board should resist the efforts of administrative agencies to dictate to the Board of Supervisors where and on what bodies members must serve.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved as an amendment to the pending motion that consideration be continued to July 1, 1968.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Boas—1.

Request Granted.

Report by Controller on fiscal and accounting procedures of the Economic Opportunity Council.

Supervisor McCarthy requested that the Controller review as far as possible within the next two weeks the current fiscal and accounting standards and procedures of the Economic Opportunity Council and make appropriate recommendations to the Board.

Controller Nathan Cooper replied that he will do whatever he can within the next two weeks and will report on the progress he has made.

Passage for Second Reading as Amended.

There being no objection, on motion of Supervisor Francois, the following from Fire, Safety and Police Committee with recommendation "do pass after amendment" was taken up out of order:

Amending the Police Code by adding sections 610 through ((610.6,)) 610.8, inclusive, thereto, regulating the possession and transfer of firearms and providing penalties for violations of the provisions thereof; establishing an effective date therefor.

File No. 349-68-1, Ordinance No. _____

Adopted.

Motions to Amend.

Supervisor Francois, seconded by Supervisor McCarthy, moved amendment as follows:

Sec. 610.1, last line: Change "(7) days of his arrival" to "(7) days after his arrival."

Sec. 610.3. Add new last paragraph: "The Chief of Police shall transmit a copy of the certificate of ownership to the State Bureau of Criminal Identification and Investigation at Sacramento."

Sec. 610.6(d), page 4, 4th line down, after the words "in the amount of" delete remainder of sentence and add "two dollars (\$2.00) for each firearm or an aggregate amount of twenty-five dollars (\$25.00), whichever is less."

Add Sec. 610.7: "All information required in the provisions of Sections 610.2 and 610.3 hereof shall be deemed confidential and available only to the San Francisco Police Department and other appropriate law enforcement agencies in the proper exercise of their duties."

Add Sec. 610.8: "If any part or provision of Sections 610 through 610.7 hereof, or the application thereof to any person or circumstances, is held invalid, the remainder of said sections including the application of such part or provision to other persons or circumstances, shall not be affected thereby and shall continue in full force and effect. To this end the provisions of said sections are severable."

Section 2 will read: "This ordinance shall become effective on and after forty-five (45) days after final passage thereof."

In the **Title** and **Section 1**, change "Sections 610 through 610.6" to read: "Sections 610 through 610.8."

Supervisor Tamaras, seconded by Supervisor Mendelsohn, moved, as an amendment to the pending motion to amend, that Section 610.6(d), Page 4, Line 4, be amended as follows: After "in the amount of" DELETE remainder of sentence and ADD "Two dollars (\$2.00) for each firearm or an aggregate amount of fifteen dollars (\$15.00) whichever is less."

Motion to amend, as amended, adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Boas—1.

Supervisor Francois, seconded by Supervisor McCarthy, moved further amendment as follows: Section 610.5, DELETE "The Chief of Police shall also confiscate any firearm not registered or transferred pursuant to the provisions of this Article and dispose of the same in accordance with the provisions of Section 35.12 of the Charter of the City and County of San Francisco."

Deputy City Attorney James Stark advised that the provisions pro-

posed to be deleted from subject ordinance would be in conflict with Penal Code Section 1202.6.

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Boas—1.

Explanations of Votes.

Supervisor Mailliard stated that he opposes the subject legislation. While he has no quarrel with the intent of the authors and supporters and agrees it will be of some assistance to the Police Department, it is hard to believe that this legislation will be any more preventive than was the prohibition law a few years ago. Also, this law will have a negative effect on many good citizens who, for personal reasons, will refuse to register their guns. Supervisor Mailliard questioned how this legislation will be applied to visitors, and how the fee of two dollars for registering each gun was arrived at. Supervisor Mailliard said that probably his most important objection was to the provision that certificates of ownership to a firearm could be cancelled by the Chief of Police for cause. This gives tremendous power to the Chief of Police which could be exercised indiscriminately.

Refused Adoption.

Motion to Refer to Committee.

Supervisor Mailliard, seconded by Supervisor Blake, moved rereferral to Committee so that adequate study can be given this matter.

Supervisor von Beroldingen said that while she was in accord with the sentiments expressed by Supervisor Mailliard, she does not feel this legislation should be rereferred to Committee. She said that she feels the City would be far overstepping the bounds of its legislative authority in enacting an ordinance of this kind. The State has clearly indicated its intent to occupy the entire field of firearms control. State laws presently in effect give law enforcement agencies a great deal more power to act than is being exercised in many instances. Law enforcement agencies are entitled to support to the greatest extent possible, but in the fields of gambling, hunting, and fish and game laws, it is agreed by many experienced in law enforcement that there must be uniformity so that every citizen is put on notice as to what he may or may not do.

Supervisor Ertola said that he felt that not enough time had been given to consideration of the subject legislation and that he has been informed that there were a number of persons present at the Committee hearing who were not given the opportunity to express their views. In addition, he had been informed that an extremely low percentage of crimes are committed with long guns and he said he would like to have information from the Police Department on whether this is so. Supervisor Ertola said that he feels it a dangerous trend that the areas of free activity of the law-abiding are constantly being narrowed.

Motion to rerefer to Committee refused adoption by the following vote:

Ayes: Supervisors Blake, Ertola, Mailliard, von Beroldingen—4.

Noes: Supervisors Francois, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras—6.

Absent: Supervisor Boas—1.

Refused Adoption.

Supervisor McCarthy suggested that the Rules Committee consider some method by which the presence of at least eight supervisors will be assured at all times.

The Chair called attention to the fact that this is the first meeting of this year at which more than one Supervisor has been absent. He also stated that the departments requesting emergency appropriations have known—or should have known—for a long time that it would be necessary to request supplemental appropriations and should not have waited to the end of the fiscal year to make such requests.

Supervisor McCarthy requested that communications be directed to all commissions from which a commission member is suggested for appointment to the governing board of the Economic Opportunity Council of San Francisco, Inc., inquiring whether or not a member of the commission will be able to attend a minimum of two meetings per month, at least one of which would be at night, in addition to the commissioner's present duties.

The Board thereupon resumed consideration of the following recommendation of Finance Committee, heretofore considered and temporarily postponed:

Authorizing agreement with Marin County Transit District for a joint feasibility study of passenger ferry service between Marin County and San Francisco.

File No. 285-68-7, Ordinance No.

Supervisor Morrison presented a copy of communication from the County Counsel, Marin County, dated June 6, 1968, addressed to Thomas O'Connor, City Attorney, suggesting amendment of the proposed joint powers agreement as follows: "Line 15, page 1: Change the word 'would' following the word 'Marin' to 'could.' Paragraph 2, line 3: Insert the numeral '9' in the blank before the word 'members.' Paragraph 7, line 8, page 4: Following the words 'said study' add this sentence: 'In no event shall the obligation of either party hereunder exceed the aforementioned sums.' "

Appropriating \$55,000, Municipal Railway, for permanent wages, platform employees; an emergency measure.

File No. 80-68-32, Ordinance No.

The Chair stated that, on advice of the City Attorney and Controller, he would entertain a motion to rescind the Board's action continuing

consideration to July 1. Although there are not sufficient Supervisors present to finally pass the subject legislation, "aye" votes by those Supervisors present would indicate a legislative intention to appropriate the requested funds and would satisfy the requirement that legislative action be begun prior to the end of the fiscal year. After the vote on passage for second reading, the Board could then rescind its action and continue consideration to July 1, 1968.

Supervisor Tamaras, seconded by Supervisor Mailliard, moved that the Board rescind its previous action continuing consideration.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Mailliard, McCarthy, Morrison, Tamaras, von Beroldingen—7.

File No. 349-68-1, Ordinance No. 175-68.

Supervisor Mailliard, seconded by Supervisor von Beroldingen, moved re-referral to committee in order that the more technical language in the legislation might be worked out.

Supervisor von Beroldingen stated in supporting the motion that she believed the courts would strike down this ordinance as being invalid on the grounds that it is a matter without the jurisdiction of this Board.

Supervisors Blake and Ertola stated that they believed the people should be given a further opportunity in committee to express themselves and to help clarify the language of the proposed ordinance.

Motion to re-refer lost by the following vote:

Ayes: Supervisors Ertola, Mailliard, von Beroldingen—3.

Noes: Supervisors Blake, Boas, Francois, McCarthy, Mendelsohn, Morrison, Tamaras—7.

Absent: Supervisor Pelosi—1.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved to amend Section 610.6 by adding Subsection (e) thereto, as follows:

“(e) **Exemption from provisions of 610.2.** Exemption from payment of registration fee therein provided shall be granted to persons to whom firearms have been issued by the United States Government and which are possessed by them in their capacity as officers or members of a veterans organization chartered by the Congress of the United States or an auxiliary thereof, provided that the exemption herein specified shall be effective only as to the firearms so issued and held, and provided further that the exemption herein specified in no event shall be effective with respect to any person who is not a citizen of the United States and any person who has been convicted of a felony under the laws of the United States, of the State of California, or any other state, government, or county, or who is addicted to the use of any narcotic drug.”

Upon questioning by Supervisor Francois, Deputy City Attorney Robert A. Kenealey stated that the purport of the proposed amendment was already covered by the provisions of Section 610.6.

Motion to amend lost by the following vote:

Ayes: Supervisors Blake, Ertola, Mailliard, von Beroldingen—4.

Noes: Supervisors Boas, Francois, McCarthy, Mendelsohn, Morrison, Tamaras—6.

Absent: Supervisor Pelosi—1.

Supervisor Mailliard, seconded by Supervisor von Beroldingen, moved to amend Section 610 by deleting therefrom after the word "person" the phrase "within the City and County of San Francisco" and adding after the word "control" the words "within the City and County of San Francisco"; and after the word "weapon" add the words "excluding various industrial tools and devices."

Upon questioning by Supervisor Francois, Deputy City Attorney Kenealey responded that a reasonable interpretation of the phrase "within the City and County of San Francisco" would apply to both the person and the weapon being within the City and County of San Francisco. Upon further questioning Deputy City Attorney Kenealey advised that an administrative interpretation of the word "firearm" would not include the general description of industrial tools and devices.

Motion to amend lost by the following vote:

Ayes: Supervisors Ertola, Mailliard, von Beroldingen—3.

Noes: Supervisors Blake, Boas, Francois, McCarthy, Mendelsohn, Morrison, Tamaras—7.

Absent: Supervisor Pelosi—1.

Supervisor McCarthy, seconded by Supervisor Mailliard, moved that it be declared the legislative intent of this Board that the amendment as moved by Supervisor Mailliard and expounded upon by the Deputy City Attorney shall be read into the legislation as if the same had been adopted and incorporated therein.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Tamaras, von Beroldingen—10.

Absent: Supervisor Pelosi—1.

Supervisor Mailliard, seconded by Supervisor von Beroldingen, moved to amend Section 610.1 by adding, at the end of the paragraph, the words "provided, however:

"(a) Any person temporarily in the City and County for less than thirty (30) days who possesses a firearm which is encased for shipment as part of his personal luggage shall not be required to register his firearm so long as it is not removed from such container;

"(b) Any person temporarily in the City and County for less than thirty (30) days who possesses a firearm which he uses in a recognized show, competition match or exhibition shall not be required to register his firearm."

Motion to amend lost by the following vote:

Ayes: Supervisors Ertola, Mailliard, von Beroldingen—3.

Noes: Supervisors Blake, Boas, Francois, McCarthy, Mendelsohn, Morrison, Tamaras—7.

Absent: Supervisor Pelosi—1.

Supervisor Mailliard, seconded by Supervisor von Beroldingen, moved to amend Section 610.3, as follows:

Sec. 610.3 **Certificate of ((Ownership)) Possession.** The Chief of Police upon registering a firearm shall issue a certificate of ((ownership)) *possession* to the ((owner)) *possessor* thereof. Said certificate of ((ownership)) *possession* shall contain:

“(a) Not less than the information, *as far as can be reasonably determined*, required upon the face of the registration form;

“(b) Provision for notice to the Chief of Police of a transfer of ((the title of the owner)) *possession by the possessor*.

“(c) Provision for application for transfer of registration by the transferee, *where such registration is required by this Article*.

((Certificates of possession shall remain valid until suspended, revoked, or cancelled by the Chief of Police for cause or upon transfer of any interest shown therein.))

“In the event a person who has been issued a valid certificate of possession for one or more firearms becomes ineligible to possess a firearm under provisions of the laws of the United States or the State of California his certificate of possession shall be revoked by the Chief of Police. All other certificates of possession shall remain valid until a transfer of possession is reported, if required by this Article.”

Upon questioning by Supervisor Francois, Deputy City Attorney Kenealey stated that the word “ownership” includes possession, and therefore a Certificate of Ownership as issued by the Chief of Police would signify that the certificate was issued to a person who had possession of the weapon, satisfying the legislative intent of the ordinance.

Motion to amend lost by the following vote:

Ayes: Supervisors Ertola, Mailliard, von Beroldingen—3.

Noes: Supervisors Blake, Boas, Francois, McCarthy, Mendelsohn, Morrison, Tamaras—7.

Absent: Supervisor Pelosi—1.

Thereupon the roll was called and the measure was finally passed by the following vote:

Ayes: Supervisors Blake, Boas, Francois McCarthy, Mendelsohn, Morrison, Tamaras—7.

Noes: Supervisors Ertola, Mailliard, von Beroldingen—3.

Absent: Supervisor Pelosi—1.

Reference to Committee.

Supervisor Tamaras moved that in connection with the above item the question of the imposition of a fee for the registration of guns be referred to committee for its consideration to provide that additional fees shall not be levied by the City in the future and, in the event that the State or Federal government should subsequently enact legislation

which requires the payment of fees for registration of guns, the fees paid to the City and County be refunded.

File No. 218-68-2, Ordinance No.

Supervisor Blake, seconded by Supervisor Mailliard, moved passage for second reading.

Deputy City Attorneys Robert M. Desky and Robert A. Kenealey read in part and explained the Agreement for Disposition of Land which is made a part of the Board's Order of street vacation under consideration.

Adopted.

Motion to Amend.

Supervisor Mendelsohn, seconded by Supervisor Francois, moved to amend the Agreement as follows: On page 7, paragraph 5, sub-

paragraph (b), delete the final "and" and add, "which plans shall provide for accessibility to the general public and in accordance with the Urban Design Terms of Reference of not less than two-thirds (2/3) of the landscaped roof areas; and."

Noes: Supervisors Blake, Tamaras, von Beroldingen—3.

Responding to inquiry of Supervisor von Beroldingen, Mr. Richard E. Forbes, representative of the title insurance company, stated that the adoption of the amendment would constitute an exception to the fee holding.

Refused Adoption.

Motion to Amend.

Supervisor Mendelsohn, seconded by Supervisor Francois, moved to further amend the Agreement as follows: "The Director of City Planning is hereby directed to establish an acceptable design solution with the Project developers for the retention or restoration of a major portion of the easterly facade of the Sea-Wall warehouse to be accomplished in a setting befitting its historical significance."

Motion refused adoption by the following vote:

Ayes: Supervisors Francois, McCarthy, Mendelsohn, Morrison—4.

Noes: Supervisors Blake, Boas, Ertola, Mailliard, Pelosi, Tamaras, von Beroldingen—7.

Refused Adoption.

Motion to Amend.

Supervisor Mendelsohn, seconded by Supervisor Francois, moved to amend the Agreement on page 6, after point (4) as follows: "In order to effectuate the Design Terms of Reference and to assure esthetically the over-all design of the Project (except for the landscaped roof areas otherwise provided for), North Waterfront Associates, Inc., a corporation, agrees that the Director of City Planning shall establish

a panel of experts in the field of architecture and design to advise and assist the said Director of City Planning in review of design plans and working drawings to be submitted by North Waterfront Associates, Inc., for the Project. The members of this advisory committee shall be selected by the Director of City Planning, subject to the approval of the Planning Commission of the City and County of San Francisco."

Supervisor Tamaras stated that he felt this amendment would be a duplication of effort on the part of the Director of City Planning and an unnecessary expenditure of City funds. Supervisor von Beroldingen concurred in this statement.

Supervisor Ertola added that this should be in a separate agreement and not made a part of the covenant.

Motion refused adoption by the following vote:

Ayes: Supervisors Francois, Mendelsohn, Morrison—3.

Noes: Supervisors Blake, Boas, Ertola, Mailliard, McCarthy, Pelosi, Tamaras, von Beroldingen—8.

Adopted.

Motion to Amend.

Supervisor Francois pointed out that this is a vacation of City streets and a requirement should be imposed. Emphasis has been placed upon the creation of new jobs and some steps should be taken to see that the new jobs go to the minorities.

Supervisor Francois, seconded by Supervisor Blake, moved to amend the Agreement by adding a new paragraph 11, as follows: "NWA covenants, in regard to its use and operation of the Project, and every portion thereof, that it will not discriminate on the ground or because of race, color, creed, national origin or ancestry against any employee, or applicant for employment, and further covenants that it will work with the San Francisco Human Rights Commission to develop the most effective possible action program to prevent such discrimination and to develop a minority hiring policy designed to combat minority unemployment. NWA shall include in any and all contracts, leases, subleases, or other forms of tenancy or permission to use the Project, or any part thereof, a provision similar to this covenant"; that present Paragraph 11 would be renumbered Paragraph 12; that in the new Paragraph 12 (a), line 2, an insertion should be made as follows: "4, 5, 6, 7, 8, 9, 10 and 11, and the respective subparagraphs thereof."

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Explanation of Vote.

Supervisor Morrison stated that he wished to outline very briefly his reasons for a "No" vote. He said it is quite clear to him that there is no showing that the streets in question are not needed and it is the City Attorney's opinion that it is the fact of the matter we cannot legally vacate them. He further stated he indicated by his questions that there were other matters with which he was concerned. First of

all, the enormous scale of the continuous structure, being out of scale in its surroundings. The city has no transportation plan to serve that region; there should be a concurrent transportation plan. The development could combine the new with the old. There is no City policy on maritime use. This could turn out to be financially disastrous to San Francisco. There was talk about added jobs to come but no one knows how many jobs will be created. His feeling was that the region should be developed less intensively, the streets left open, the old buildings preserved, and height limitations imposed. He said it is difficult not to be over-awed by the importance, prestige and community strength of the proponents—yet we have learned many times on this Board that a plan may be influentially backed and yet be pernicious. For all these reasons it seemed to him that the proposal fails first of all because, on the facts before the Board, a need cannot be found for the streets to be vacated. He recommended a “No” vote on the measure.

In urging an “Aye” vote Supervisor Blake stated he felt the project is vital to San Francisco to pump some life into it. The Mayor wants us to go ahead and if we don't, San Francisco is going to die. The thing that convinced him to vote for the project were the intensely restrictive covenants provided by the City Attorney. Also he supported the project because of the outlook for new jobs.

Supervisor Tamaras stated that in all his years on the Board he had never heard a more controversial enterprise. Rather than being disastrous, he believed it would be envied all over the world. He urged an “Aye” vote.

Supervisor von Beroldingen stated two major reasons for adopting this project: First, it will broaden our tax base. Secondly, it will guarantee employment for the minority. She found no basis of making a finding that there is no prospective use of the streets since a plan has been provided for perimeter parking and there will be no need for surface parking. She urged an “Aye” vote.

Supervisor McCarthy stated that persons have assembled this land over many years, have brought this proposal before the City, and it is a little late to find a new use for this land. He voted against a few of the covenants and agrees there are many deficiencies, but yet thinks it is a worthwhile plan and will have his support.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Morrison—1.

SPECIAL ORDER—2:00 P.M.

Hearing Held.

Hearing of appeal from the decision of the City Planning Commission denying application for a change in the use classification from R-3 to R-2 District of certain property on Mt. Olympus.

File No. 351-68.

(July 8, 1968—Consideration continued to July 15, 1968.)

Supervisor Francois asked for a clarification of the rules on continuing this item again, inasmuch as it was now 3:00 a.m.

The Clerk explained that this item was called for the first time last Monday and continued to today. The Charter provides that the Board must commence hearing an appeal from a decision of the City Planning Commission not less than ten days after filing. Since this is the seventh day, the Board could recess not to exceed the tenth day; any time there is a full membership present the appeal must be heard, not to exceed ninety days after filing.

Supervisor Blake, seconded by Supervisor Tamaras, moved to recess the hearing to next Monday's meeting of the Board.

Motion refused adoption by the following vote:

Ayes: Supervisor Blake—1.

Noes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Supervisor McCarthy, seconded by Supervisor Tamaras, moved to recess the hearing to Wednesday evening.

Supervisor McCarthy, seconded by Supervisor Tamaras, moved as an amendment to the pending motion that the Board take Roll Call out of order. After discussion, Supervisor McCarthy withdrew his motion to amend.

The following appellants spoke:

Dr. Herbert Kaufman, President, Mount Olympus Neighborhood Association.

Edward Howden, Mount Olympus Neighborhood Association.

James Hinsdale, Mount Olympus Neighborhood Association.

John Tomlin.

The following appellees spoke:

Guido Saveri, Esq., representing the property owners.

Alice Kolar, owner of Lot No. 9.

Reba Turner, owner of Lots Nos. 10 and 11.

Thomas Mullaney, President, Upper Terrace Neighborhood Property Owner's Assn.

A rebuttal period was allowed each side.

Mr. Saveri offered into evidence petitions signed by proponents of the change in use classification.

Supervisor Morrison stated that he intended to introduce a resolution determining that public interest requires the acquisition of this property for public park purposes.

Supervisors Pelosi, McCarthy and von Beroldingen each expressed their views that rezoning and devaluing the property would be an unconscionable act to deprive the owners of their property.

Supervisor Francois, after questioning Dr. Kaufman, determined that in the event the Board adopts a resolution and eventually purchases the property, the Mount Olympus Neighborhood Association could contribute forty to fifty thousand dollars toward the purchase price.

Refused Adoption.

The following presented by the Clerk was taken up:

Disapproving decision of the City Planning Commission denying application for a change in the use classification from R-3 to R-2 District of certain property on Mount Olympus.

File No. 351-68-3, Resolution No.

Explanation of Parliamentary Procedure.

The Chair explained the parliamentary procedure as follows: "An 'Aye' vote will disapprove the decision of the City Planning Commission and grant the application for a change in use classification; a 'No' vote will approve the decision of the City Planning Commission and deny the application for a change of use classification; it requires eight 'Aye' votes to disapprove the decision of the City Planning Commission."

Refused adoption by the following vote:

Ayes: Supervisors Francois, Morrison—2.

Noes: Supervisors Blake, Boas, Ertola, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Declaring policy of Board of Supervisors to appropriate \$300,000 annually for a ten-year period to fund Urban Beautification Program and to appropriate approximately \$300,000 annually for a ten-year period to fund program for undergrounding fire alarm and police communications systems in lieu of submission of two \$3,000,000 bond issues to fund said programs.

Supervisor von Beroldingen explained that by appropriating \$300,000 annually for a ten year period instead of obtaining the funds through a bond issue, there would be a savings of over two million dollars in interest over this same period. This method of raising funds there would be no risk in not obtaining the funds through the defeat by the voters of a bond issue. She urged that the Board adopt this legislation, especially since this is the last day a bond issue could be placed on the ballot for the November election.

In answer to questions raised by Supervisor Blake, Deputy City Attorney James Stark stated that each year the proper departments would have to request these funds in their budget request. The regular budget procedure would have to be followed and the Mayor or the Board of Supervisors could delete the request. The subject resolution would not be binding that the funds would be budgeted without any review.

File No. 165-68, Resolution No.

Communication Requesting Adoption.

The Clerk presented a communication from his Honor, the Mayor, dated July 26, 1968, urging the Board to continue San Francisco's full membership in the Association of Bay Area Governments.

Comments by Members.

Supervisor von Beroldingen stated that she felt that San Francisco should be out of the Association of Bay Area Governments. The dues paid is 20 percent of the Associations' budget while only 12 percent of the vote is San Francisco's. The balance of the other members can just rubber stamp proposals even with strong objections raised by San Francisco. Our membership is meaningless under such an arrangement and there is no more leadership by San Francisco in the Association.

Supervisor Tamaras stated that he feels that San Francisco should stay as a City and County member of the Association and it is a benefit to San Francisco and the entire Bay Area that we belong.

Request Granted.

Supervisor McCarthy requested that letters be written to the Mayor,

City Attorney and Chief Administrative Officer for information on San Francisco's membership in the Association as it pertains to any possible loss of Federal grants by the City and County not being a member.

ADD new paragraphs 4, 5, 6, and 7 reading as follows:

"FURTHER RESOLVED, That it is the intent of this Board to establish definite criteria for determining the moderate income rental range and occupancy standards for the units of said Project and the income and family size restrictions for persons eligible to occupy said units; and be it

"FURTHER RESOLVED, That it is the intent of this Board that the nonprofit corporation shall be empowered to negotiate a management contract with persons or organizations of its choosing; and be it

“FURTHER RESOLVED, That upon acquisition of the property by the City and County of San Francisco, by deed of gift, said property shall be leased to the Midtown Park Corporation, and the residents of Midtown Park Project shall at that time have the opportunity to choose the Board of Directors of the Midtown Park Corporation, provided, however, that in the event said residents do not so desire, the present Board of Directors shall continue to act in their capacities as Directors of the Midtown Park Corporation; and be it

“FURTHER RESOLVED, That this acquisition is also contingent upon the Midtown Park Corporation receiving a favorable ruling from the Internal Revenue Service in regard to exemption from income tax of the income received and interest payable to the mortgagor; and be it”.

Supervisors von Beroldingen and Tamaras explained that their opposition to the subject proposal is based upon the fact that in their opinion this is not a proper activity for the City to be engaged in, the homes of present tenants of Midtown Park will be disrupted for the benefit of others, and because of the financial cost to the taxpayers.

UNFINISHED BUSINESS.

Passage for Second Reading as Amended.

The following recommendations of Finance Committee, heretofore considered, were taken up:

Imposing a tax on the privilege of engaging in business within the City and County.

File No. 238-68-4, Ordinance No.

Supervisor von Beroldingen presented the Committee recommendation and recommended that the ordinance be amended in part to provide for minimal taxes on a quarterly basis rather than on an annual basis.

The Clerk presented a telegraphic communication from Mr. Clyde Edmondson, urging rejection of subject legislation.

Ordered filed.

Supervisor Morrison expressed his interest in providing for a continuing study of the operation and effect of this ordinance by the Controller, City Attorney, and Tax Collector for the purpose of recommending ways in which the Board might increase the revenue to be derived from application of the ordinance. Deputy City Attorney Stark advised that such a proviso need not be included in the legislation, since the departments would conduct such a study and present recommendations merely on the request of the Board or of any member of the Board.

Adopted.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor Mendelsohn, moved amendment as follows: Section 3(a), Line 6, Page 10, after "in the applicable provision" DELETE "; provided, however, that effective July 1, 1971, such tax shall be reduced by one-third (1/3) of such tax and effective July 1, 1972, such tax shall be reduced by two-thirds (2/3) of the tax herein imposed".

Supervisor Francois explained that on this and any succeeding pro-

posed amendments he will make his determination on the merits of each. He stated that the Legislative and Personnel Committee had expected to receive suggestions relative to the legislation from the Chamber of Commerce. These suggestions were not forthcoming; therefore, the Committee began its consideration of the matter without those recommendations, using the Los Angeles ordinance as a model.

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Francois, McCarthy, Mendelsohn, Morrison, Pelosi—6.

Noes: Supervisors Boas, Ertola, Mailliard, Tamaras, von Beroldingen—5.

Withdrawn (See infra.)

Motion to Amend.

Supervisor Morrison, seconded by Supervisor Mendelsohn, moved amendment as follows: Section 6, at end of first paragraph ADD

“Gross receipts derived from or attributable to sources within this city and county include (a) gross receipts from tangible or intangible property located or having situs in this city and county and (b), when not contrary to law, gross receipts from any activity carried on in this city or county regardless of whether carried on in interstate, intrastate or foreign commerce.” ADD as the second sentence of the second paragraph: “Such rules and regulations shall be approved by the City Attorney prior to becoming effective.”

ADD as the third paragraph of the section: “When, by reason of the provisions of the Constitution of the United States or the Constitution of California, the business tax imposed by this ordinance cannot be enforced without there being an apportionment according to the amount of business done in the city and county or in the State of California, as the case may be, the Tax Collector may make such rules and regulations for the apportionment of the tax as are necessary or desirable to overcome the constitutional objections. Such rules and regulations shall be approved by the City Attorney prior to becoming effective.”

There being no objection, on motion of Supervisor McCarthy, the privilege of the floor was granted to Mr. Francis Barnes, representing the Chamber of Commerce. Mr. Barnes recommended that the Board give serious consideration to any amendment of this nature, since in his opinion it would lead to litigation.

Deputy City Attorney Stark advised that generally the law provides that interstate commerce is not only exempt from local business taxes but requires a fair and equitable apportionment of taxes. Mr. Stark said that the present ordinance properly provides for apportionment.

There being no objection, consideration of proposed amendment of Section 6 was deferred to permit Deputy City Attorney Stark to review litigation arising out of an identical provision of the Los Angeles code.

Adopted.

Supervisor Francois, seconded by Supervisor Blake, moved amendment as follows: Amend Section 2(f) by adding thereto another subsection reading as follows: "Receipts derived from the publication, printing, or sale of newspapers, magazines and other periodicals regularly issued at average intervals not exceeding three (3) months; provided that such receipts exempted by this section are related directly to the content of such newspapers and periodicals. NEW BUSINESS.

Adopted.

The following recommendations of Finance Committee were taken up:

Authorizing Public Utilities Commission to file an application for Federal funds for acquisition of new vehicles.

File No. 291-68, Resolution No. 582-68.

In response to questions by Supervisor Morrison, John M. Woods, General Manager of the Municipal Railway, informed the Board that it will probably be necessary to submit a bond issue to the electorate in November, 1969, to finance additional improvements to the railway system. In relation thereto, a firm improvement program will be filed with the Board next May. At the present time the Department is awaiting recommendations of consultants before presenting any definite plan for improvement of the system to the Board.

Request Granted.

On being informed by William Dwyer, Director of Public Utilities Commission Bureau of Accounts, that the Municipal Railway does not

maintain a fund for reconstruction and replacements due to physical and functional depreciation, Supervisor Morrison requested that the City Attorney be asked to furnish the Board with a written opinion as to the duties of the Public Utilities Commission under Charter Section 128.1, Reconstruction and Replacements.

No objection and Clerk directed to comply.

Supervisor Morrison stated that, although he is quite critical of the Public Utilities Commission for their lack of foresight in preparing a complete plan for rehabilitation and improvement of the Municipal Railway system, he would vote for these measures, since the Board has been assured that it will have the right to review plans at a later date.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Mendelsohn—1.

Approving in principle the offer of San Francisco Municipal Railway Improvement Corporation to give to the City and County beneficial ownership of all its membership certificates; directing the preparation of legal documents; and approving formation of the corporation.

File No. 452-68-2, Resolution No. 584-68.

Supervisor Ertola called attention to a recent communication from Local Union No. 6, International Brotherhood of Electrical Workers, urging that the present trolley coach fleet remain in service until replaced by new, modern trolley coaches.

John M. Woods, General Manager of the Municipal Railway, stated that he had not received a copy of the communication referred to, but that he would be happy to discuss with Union representatives their recommendations.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Mendelsohn—1.

Adopted as Amended.

There being no objection, on motion of Supervisor Boas, the following from Joint Finance and Planning and Development Committee without recommendation was taken up out of order:

Approving proposal submitted by Mayor for allocation of \$300,000 appropriated for local special assistance program and City-financed relocation services, Mayor's Office.

File No. 286-68-1, Resolution No. 581-68.

(8-7-68: Taken under advisement by Joint Committee, with agreement that a decision be formulated within two weeks.

8-12-68: Motion adopted in Board meeting, with acquiescence of four members of Joint Committee (Supervisors Francois, Mailliard, Pelosi and Tamaras) that legislation be calendared for Board meeting of August 19, 1968, and that letters be sent to all interested parties advising that, because a full Board membership is not expected to be present on August 26, the matter will be calendared for Board consideration on August 19, 1968, and inviting the immediate submission of any additional pertinent data.)

Supervisor von Beroldingen, seconded by Supervisor Francois, moved adoption.

Supervisor von Beroldingen stated that she did not see how the Board can adopt a program which ignores the basic need of increased housing inventory in San Francisco. The only way this can be accomplished is by the creation of a housing commission which could work closely with the various City departments, the Redevelopment Agency, and private industry in formulating a backlog of housing.

Adopted.

Motion to Amend.

Supervisor Morrison stated that he will offer an amendment to the subject proposal with the full knowledge that the Board cannot direct the Redevelopment Agency to take one course or another but with the idea that it is appropriate for the Board to set forth its own policy.

Supervisor Morrison, seconded by Supervisor McCarthy, moved amendment as follows:

At end of last paragraph, after "City Financed Relocation Services" DELETE "." and ADD "; and be it

"FURTHER RESOLVED, That it is the policy of this Board of Supervisors:

- "1. That Centralized Relocation be brought under the direct administration of the City and County of San Francisco not later than June 30, 1969; and that immediate steps be taken to effect that;
- "2. That the City Attorney seek immediately a formal written opinion from the legal staff of the Regional Office of the Department of Housing and Urban Development on the question of whether the City and County of San Francisco can independently contract with persons or organizations directly responsible to the Mayor to provide all necessary and appropriate relocation services;
- "3. That if the course suggested in '2' is not legally feasible, the Civil

Service Commission of the City and County of San Francisco, in not more than 90 days, submit to the Board of Supervisors a detailed analysis of the transition process with special emphasis on the kind of examination that will be required at all levels of the relocation function and an interpretation, based upon the form of the examination, of the projected effect of the transition of Civil Service upon the present personnel of the Agency;

- “4. That the City Attorney seek immediately a formal written opinion from the legal staff of the Regional Office of the Department of Housing and Urban Development on the legality and form of payment to the City of federal funds for relocation administration and services.”

Mr. John H. Tolan, Jr., Deputy for Development, and Mr. M. Justin Herman, Executive Director, Redevelopment Agency, both urged that the Board not adopt the proposed amendment

Deputy City Attorney Robert Kenealey called attention to City Attorney's Opinion No. 68-3, advising that the Mayor cannot enter into a contract to delegate relocation functions to an independent contractor, that a relocation office could be set up under the administration of the Mayor but if funds for compensation were contributed by the City and County to persons administering the program, the persons involved would have to be classified civil service employees under the Civil Service Commission.

Request Granted.

Supervisor Francois requested that a communication be directed to the Human Rights Commission, asking that the Commission submit a report comparing the racial composition of employments above custodial and lower levels in the Redevelopment Agency and in City Departments.

No objection and Clerk directed to comply.

Motion to amend adopted by the following vote:

Ayes: Supervisors Ertola, Francois, Mailliard, McCarthy, Morrison, Pelosi, von Beroldingen—7.

Noes: Supervisors Blake, Tamaras—2.

Absent: Supervisors Boas, Mendelsohn—2.

Adopted as Amended.

Motion to Amend.

Supervisor Mailliard, seconded by Supervisor Tamaras, moved amendment as follows:

In the third paragraph, ADD the following after subparagraph 2, and renumber succeeding subparagraphs accordingly:

- “3. Provided, that the conditions for eligibility established for local rent assistance shall include, but not be limited to, the following:
- (a) Residence within the City and County of San Francisco for six months prior to relocation.

- (b) Families must be paying ((25%)) 20% of their *gross* income for rent.
- (c) Single persons must be paying ((30%)) 25% of their *gross* income for rent.

“4. Provided further, that a committee to approve the eligibility for local rent assistance shall be established by the Mayor, which committee shall consist of the following persons:

- (a) Special assistant to the Mayor for housing and relocation.
- (b) Deputy for Social Programs.
- (c) Executive Director, Redevelopment Agency, or his authorized representative.
- (d) Executive Director of the San Francisco Housing Authority, or his authorized representative.
- (e) General Manager, Social Services Department, or his authorized representative.

“5. The foregoing-named committee in reviewing applications for rent assistance shall establish a policy that rent assistance to each individual or family is temporary in nature and is not to be construed as a permanent alternate to social welfare administration.”

Supervisor Mailliard having no objection, on motion of Supervisor Morrison, the word “gross” was added in subparagraph 3(b) and 3(c) before “income for rent.”

Supervisor Francois, seconded by Supervisor Morrison, moved that Subparagraph 3(b) be amended to provide that families must be paying 20% of their gross income for rent; and that Subparagraph 3(c) be amended to provide that single persons must be paying 25% of their gross income for rent.

Charter amendment—Amending Section 47 and adding Sections 48.2, 48.3 and 48.4, relating to control of the harbor by the City and County.

File No. 412-68.

Supervisor Morrison reviewed the provisions of AB 190, authorizing transfer of control of the harbor from the State to the City and County. He said that it seems to him that there are still a good many strings tied to the harbor and those strings will be held by the State. San Francisco is being given the responsibility for paying off the obligations of the harbor without the power to operate it as the City and County feels it

should be operated. Supervisor Morrison said that his tentative opinion is that the Board should amend the proposed Charter amendment so as to give San Francisco as much power as possible and then to work for amendment of AB 190.

Supervisor Tamaras stated that in his opinion there may be some provisions in the proposed Charter amendment which the Board may wish to consider amending; however, the Act as presently written, provides, for the most part, for efficient operation of the Port. Supervisor Tamaras requested that members of the Port Authority present in the Chambers today be present at the Board meeting on September 3, 1968, to answer any questions individual Supervisors may have.

Supervisor von Beroldingen, seconded by Supervisor Morrison, moved that consideration be continued to September 3, 1968.

Determining and declaring that the public interest and necessity require the transfer of the Harbor of San Francisco from the State of California to the City and County of San Francisco, the assumption of all outstanding indebtedness incurred by the State for harbor improvements, assumption of the obligations and duties of the San Francisco Port Authority, and that the estimated cost of said assumption may require the

Demolition of elevated portion of the Embarcadero Freeway.

Supervisor Blake stated that he had noted in the press that the State Division of Highways has finally admitted that the Embarcadero Freeway is not as esthetically pleasing to the eye as it might be, though they refuse to consider demolition of the elevated portion of the freeway and placement at ground or underground level because of the cost.

Supervisor Blake said that about five years ago the Cleveland Wrecking Company had estimated that the elevated portion of the Embarcadero Freeway could be demolished for one million dollars.

Supervisor Blake requested that committee hearings on demolition of the freeway be held, that the State Division of Highways be requested to testify, and that letters be sent to demolition firms asking for written estimates of the cost of demolition.

Referred to Streets and Transportation Committee.

Quality of services available in San Francisco to emotionally disturbed children.

Supervisor McCarthy requested that the appropriate committee of the Board be requested to hold hearings on the quality of services being rendered in San Francisco to emotionally disturbed children. (August 26, 1968—Consideration continued to September 3, 1968.)

Supervisor Francois, seconded by Supervisor von Beroldingen, moved that the matter of revision of existing Municipal Railway schedule of rates, fares, and charges be rereferred to the Public Utilities Commission with the request that the Commission review the proposal and again report to the Board on or before December 31, 1968, with particular emphasis on the following related questions:

1. An overall plan for a complete transit system, including a specific designation of those streetcar lines which will be retained and the number of streetcars which will be operated thereon.
2. Establishment of student fares so that school children will not find it more difficult to attend classes.
3. A clear indication as to the federal monetary assistance which San Francisco might reasonably anticipate to aid in the purchase of operating equipment.
4. A clear indication of additional revenues which might be reasonably anticipated from a more efficient use or other disposition of all properties owned or controlled by the Public Utilities Commission.
5. A review of the basic fare structure in light of the foregoing and other pertinent questions to determine whether the Commission is thereafter prepared to make the same or revised recommendations for changes in the fare schedule.

Supervisor von Beroldingen stated her concurrence with Supervisor Francois, and added the suggestion that the Public Utilities Commission confer with the City Planning Commission concerning the current status of plans for establishment of public parking facilities at the perimeter of the downtown area with frequent and adequate Municipal Railway minibus shuttle service between the parking facilities and the downtown area, and report back to the Board on or before December 31, 1968, on the result of such conferences.

Supervisor Blake spoke in opposition to the motion and urged approval of the revision of Municipal Railway fares as a means of alleviating some of the heavy tax burden carried by the residential property owners of San Francisco.

Supervisor Morrison stated his belief that public transportation must be regarded as a service which must be subsidized. The only question then is how the subsidy should be administered. He said he had no doubt that it is cheaper for the home owner and renter to pay the deficit through property taxes than through a higher fare, since half of the

tax on real property will be absorbed by the downtown business community.

Supervisor Ertola requested that the Public Utilities Commission include in their requested report to the Board data with regard to the relationship and effect of a 15c fare as compared to a 25c fare in the light of inflationary economic tendencies which have been experienced between the date the 15c fare was established and the present time. Also, in the event that a loss of patronage results from an increased fare, an estimate as to which economic class or classes of rider would be most likely to discontinue using public transportation.

Motion to refer to Public Utilities Commission adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

Supervisor Morrison, seconded by Supervisor Francois, moved that subject proposal and the next following proposal be tabled.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor von Beroldingen, moved amendment as follows: Page 5, Section 48.3, subsection 8, after "The power to" DELETE "appoint" and ADD "nominate for appoint-

ment"; after "jurisdiction of the commission." ADD "The Mayor shall appoint a port director."

There being no objection, the privilege of the floor was granted to Ralph Dewey, President of Pacific American Steamship Association, and to Miriam E. Wolff, Deputy Attorney General; both spoke in opposition to the proposed amendment.

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Boas—1.

Refused Adoption.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor von Beroldingen, moved amendment as follows: Section 48.3, subsection 6, line 16, at end of section ADD "Provided that leases and franchises for parks, playgrounds, public educational and recreational facilities and for the use and development of land which the port commission determines is not required for any of the other foregoing uses described in this section, shall be subject to the approval of the board of supervisors by ordinance."

Supervisor Tamaras moved as an amendment to the foregoing motion to amend, that the word "only" be inserted after "uses described in this section,". Motion lost for want of a second.

Supervisor Pelosi, seconded by Supervisor McCarthy, moved that the privilege of the floor be granted to persons affected by the subject proposal so that the Board might have the benefit of their views on the proposed amendment. Motion lost on the objection of Supervisor Blake.

There being no objection, on motion of Supervisor Tamaras, the privilege of the floor was granted to Miss Miriam E. Wolff, Deputy Attorney General.

Miss Wolff advised that a provision requiring review of leases of more than one year's duration would cover leases which are continuous in nature but subject to cancellation on notice. She urged that the Board word any amendment with care, stating that the Port could function and provide for the things which will best further the interests of the Port under language which permits the Port to use the property for the specific trust purposes.

Supervisor Morrison, seconded by Supervisor von Beroldingen, moved, as an amendment to the pending motion to amend, that Section 48.3, subsection 6, be amended as follows: Line 16, at end of section ADD "Providing that leases and franchises for parks, playgrounds, public educational and recreation facilities and for the use and development of land which the port commission determines is not required for any of the foregoing uses described in this section, shall be subject to the approval of the board of supervisors by ordinance; provided, however, that any lease for a period not to exceed one year shall not require the approval of the board of supervisors. If any lease coming before the

board for approval is not acted upon within sixty days it shall be deemed approved."

Deputy Attorney General Wolff stated that she would prefer that Section 48.3, subsection 6, not be amended; however, if the Board desires to amend the section, she would prefer the following language: "Provided that leases and franchises for parks, playgrounds, public educational and recreation facilities or business or residential uses that do not further the purposes of the trust upon which these lands are held shall be subject to approval by the Board of Supervisors providing they are leases for over one year."

Supervisor Morrison, seconded by Supervisor McCarthy, accepted the language as suggested by Deputy Attorney General Wolff as an amendment of his motion with the addition of the following: "If any lease coming before the board for approval is not acted upon within thirty days it shall be deemed approved."

The Clerk thereupon read the pending motion to amend Section 48.3, subsection 6, Line 16: At end of section ADD "Provided that leases and franchises for parks, playgrounds, public educational and recreation facilities or business or residential uses that do not further the purposes of the trust upon which these lands are held shall be subject to approval by the board of supervisors providing they are leases for over one year. If any lease coming before the board for approval is not acted upon within thirty days it shall be deemed approved."

Motion to amend refused adoption by the following vote:

Ayes: Supervisors McCarthy, Morrison, Pelosi, von Beroldingen—4.

Noes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, Mendelsohn, Tamaras—7.

Refused Adoption.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor von Beroldingen, moved amendment of Section 48.3, subsection 6, Line 16, as follows: At the end of section ADD "Provided that leases and franchises for parks, playgrounds, public educational and recreation facilities or business or residential uses that do not further the purposes of the trust upon which these lands are held shall be subject to approval by the board of supervisors, provided that leases, franchises, permits, and privileges in effect as of the effective date of this amendment and thereafter renewed or renegotiated shall not be subject to approval by the board of supervisors, and provided further that if any lease coming before the board for approval is not acted upon within thirty days it shall be deemed approved."

Initiative Petition for Rent Control.

The Chair announced that there has been a delegation present seeking to speak with members of the Board regarding placement on the ballot for November 5 of a proposition imposing rent control. He announce that the Registrar of Voters is presently performing a ministerial act required of him by law and that the Board of Supervisors has no power to act to impede the actions of the Registrar of Voters.

The Chair then announced that the Board would now proceed with its regular order of business as set forth in the Calendar of Matters.

Upon a member of the audience demanding a right to be heard, at the request of the Chair, Deputy Attorney James Stark advised that the Registrar of Voters is required by the provisions of the Constitution of the State of California to take certain actions with respect to an initiative petition filed with him. Supervisor Morrison explained that the deadline for presentation by a Supervisor of a proposed Charter amendment to the Board for submission to the electorate at the November 5 election expired on July 15, 1968.

Certain members of the audience refused to accept the explanations offered them and continued to demand the right to address the Board.

The Chair thereupon called a recess in the proceedings.

Upon the reconvening of the Board, Deputy City Attorney James Stark informed the Board and members of the audience of the procedures set forth in the California Constitution by which the Charter of the City and County might be amended. He added that the question of imposition of rent controls is a matter within the police power and as such is within the power of the Board of Supervisors to enact by ordinance. Any member of the Board may submit an ordinance for consideration which would be referred to the appropriate Committee of the Board for public hearing.

The Chair announced that the Board would proceed with its Calendar of Matters, consisting of proposals which have been the subject of public hearing before a committee of the Board. Should a measure be introduced proposing the imposition of rent control, it also will be subject to referral to Committee, public hearing, and, upon report by Committee, consideration by the Board as a regular Calendar matter.

Certain members of the audience still demanding to be heard, the Chair declared another recess for the purpose of having the Chambers cleared of persons interfering with the conduct of the business of the Board.

At the hour of 3:30 p.m., the Board reconvened.

Authorizing ballot argument favoring Proposition "B", providing for assumption of all outstanding indebtedness incurred by the State for harbor improvements and of obligations and duties of the San Francisco Port Authority upon approval of transfer of the harbor of San Francisco from the State to the City and County; authorizing and di-

recting Registrar of Voters to include ((full text)) in the voters' pamphlet a summary of Chapter 1333 of Statutes, 1968, ((in the voters' pamphlet)) prepared by the City Attorney.

File No. 412-68-4, Resolution No. 624-68.

Supervisor von Beroldingen stated that since the Finance Committee had made its recommendation, the Committee had learned that the cost of printing the full text of Chapter 1333 of Statutes, 1968, would be about \$2,000 rather than \$300 as the Committee had been first advised.

Motion to Amend.

Supervisor von Beroldingen, seconded by Supervisor Francois, moved amendment of the resolution authorizing the ballot argument by deleting the direction to the Registrar of Voters to include the full text of Chapter 1333 of Statutes, 1968, in the voters' pamphlet.

In response to a question by Supervisor Morrison, Deputy City Attorney James Stark advised that City Attorney O'Connor believed and recommended that the full text of the statute should be included in the pamphlet mailed to the voters; however, there is no legal requirement to do so. In response to a further question by Supervisor Morrison, Mr. Stark said that he believed a summary of the statute could be prepared by the City Attorney for inclusion in the voters' pamphlet, recognizing of course, that such a summary would not be as effective as the full text.

Supervisor Morrison, seconded by Supervisor McCarthy, moved, as an amendment of the pending motion to amend the following: Title, after "Registrar of Voters to include" DELETE "full text" and ADD "in the voters pamphlet a summary"; after "of Chapter 1333 of Statutes 1968" DELETE "in the voters pamphlet." and ADD "prepared by the City Attorney." Paragraph 4, after "directed to include" DELETE "the full text" and ADD "in said pamphlet as an appendix thereof a summary, to be prepared by the City Attorney,"; after "of Chapter 1333 of Statutes 1968" DELETE "in said pamphlet as an appendix thereof".

Motion is amended adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi—9.

Noes: Supervisors Tamaras, von Beroldingen—2.

Adopted as amended by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—11.

Presentation of Guests.

The Chair introduced and welcomed the following Coro Foundation interns selected for fiscal year 1968-69: Andrea L. Aber, Los Angeles; Richard T. Fugett, Los Angeles; Charles F. Hayes, Hayward; John F. Hulpke, Sunnymead; Deanne E. Madden, Chula Vista; Robert V. Pauley, Beverly Hills; Douglas L. Rainey, Buffalo, New York; David J. Venediger, London, England; Maria A. Wagstaff, Palo Alto; Michael H. Welty, Bakersfield; James P. Williams, Berkeley; Michael L. Zeitsoff, Howlett, New York.

Adopted.

The Board thereupon resumed consideration of the following recommendations of Finance Committee, heretofore considered, and temporarily postponed:

(Supervisor von Beroldingen dissenting in Committee.)

Approving agreement with Stanford Research Institute for provision of information and advice to the City and County relative to Federal and State programs and proposals affecting municipal operations.

File No. 451-68, Resolution No. 645-68.

Supervisor von Beroldingen spoke in opposition. She said that the proposal of Stanford Research Institute as presented in Committee was less than complete, while the value to the City of the services of the present federal legislative representative has been proven over and over again. Supervisor von Beroldingen urged disapproval of subject legislation as an unnecessary expenditure of taxpayers' funds and urged approval of the following calendar item.

Supervisor Francois endorsed approval of subject agreement on a trial basis; however, he stated he did not believe the services of the present federal legislative representative should be dispensed with since the Stanford Research Institute cannot provide lobbying activity. Because the future cost of the services of Stanford Research Institute is not known, he believed both services should be retained until next year when a final determination can be made on the basis of experience.

Supervisor Tamaras stated that he has changed his mind since the Committee hearing and will vote only to retain the services of the present federal legislative representative for another year, delineating his assignment fully and asking him to bring to the Board all the information which was to have been furnished by Stanford Research Institute. At the present time it is too costly to engage the services of both.

Supervisor Blake spoke in favor of approving the agreement with Stanford Research Institute. He urged support of the Mayor's position, stating that this is a matter within the prerogative of the Mayor and the Board of Supervisors should not interfere.

John A. DeLuca, Executive Secretary to the Mayor, explained that the Mayor feels that he and other high-ranking City and County officials are in the best position to act as lobbyists for San Francisco. Stanford Research Institute will provide technical services—which one individual could not possibly provide—to the Mayor and other elected officials to help them understand all the very complex programs originating in Washington.

Supervisor Mailliard said he did not feel the expense of retaining both a lobbyist and the Stanford Research Institute could be justified. Therefore he will vote to retain the present federal legislative representative until the Board can re-examine more completely how the Institute, the federal legislative representative, and the Mayor can work harmoniously in Washington for the over-all good and best interest of San Francisco.

Supervisor McCarthy stated he will support the subject proposal. This is a prerogative of the Mayor and the Board of Supervisors should not attempt to substitute its judgment for that of the Mayor.

Supervisor Tamaras, seconded by Supervisor von Beroldingen, moved that consideration be postponed temporarily for consideration of File No. 451-68-1, proposed resolution declaring policy for engagement of a federal legislative representative.

File No. 451-68-1, Resolution No.

Supervisor von Beroldingen said she will vote in favor of subject legislation because she feels retention of the services of the incumbent federal legislative representative is absolutely necessary for the best interests of San Francisco.

Supervisor Ertola stated that he favors personal representation over organized or corporate representation. At the same time, he does not see how the Board can justify maintaining both kinds of services; therefore, he said he will reluctantly accept the decision of the majority of the Board.

COMMUNICATIONS.

The Clerk presented a communication from the City Attorney, informing the Board that he has advised the Registrar of Voters to proceed with the printing of the text of Chapter 1333 of the Statutes of 1968 as an appendix in the voters' pamphlet for the election of November 5, 1968.

Noted and ordered filed.

The Clerk presented a communication to President Ertola dated September 19, 1968, from State Director of Finance Casper Weinberger, advising he will be pleased to meet with Board members at any time convenient to discuss financing of the Bay Area Rapid Transit District or any other matters involving the responsibilities of the Department of Finance.

Noted and ordered filed.

Statement by Senator George R. Moscone relative to efforts of the State Legislature to enact legislation to provide for financing of the Bay Area Rapid Transit District system.

Senator Moscone reviewed the history of the unsuccessful attempts of members of the State Legislature—particularly attempts of himself and Assemblyman Foran—to enact legislation to provide for financing of the Bay Area Rapid Transit District system.

On behalf of all members, Supervisor Tamaras thanked Senator Moscone for the information presented and invited him and Assemblyman Foran to be present at meeting planned with the State Director of Finance.

Statement by Senator George R. Moscone relative to enactment of state legislation to provide tax relief to property owners.

In response to a question by Supervisor Blake, Senator Moscone stated that Proposition No. 1A on the November, 1968, ballot will provide for tax rebates to home owners and income tax benefits for renters. The proposition will return more money to the taxpayers than would have AB 149, which failed of passage; however, it must be approved by the voters and must receive more affirmative votes than does Proposition No. 9.

SPECIAL ORDER—2:00 P.M.**Consideration Continued.**

Appearance of the Honorable Philip E. Watson, Assessor of Los Angeles County, to address Board as proponent of the real property tax limitation contemplated by State Proposition No. 9 on the forthcoming November ballot.

File No. 487-68.

The Chair announced that Mr. Watson will be present at the Board meeting of September 30, 1968.

There being no objection, on motion of Supervisor Blake, consideration was continued to September 30, 1968.

SPECIAL ORDER—2:00 P.M.

Reference to Committee.

Presentation by Director of Planning and Mayor's Deputy for Development of plans for development of certain lands within Forts Mason, Miley, and Funston proposed to be acquired by the City and County.

File No. 495-68.

The Clerk presented a communication from the Director of Planning advising he will not be present today because of the religious holiday, Rosh Hashana.

The following recommendation of his Honor, the Mayor, was presented by the Clerk:

Declaring that public interest and convenience require development of housing on Federal Government land on portions of Fort Funston and Fort Miley.

File No. 495-68-1, Resolution No.

Supervisors Francois and Morrison expressed their opinion that it would be premature to consider these matters at this time. They suggested referral to Committee for public hearing after receipt of reports and recommendations from the City Planning Commission.

Supervisor Morrison added that the Board has adopted a policy statement that Fort Mason should either be declared a national historic monument or, failing that, be devoted to recreation and park purposes. He felt it improper for the City Planning Commission to conduct a study leading to a result in direct conflict with the Board's policy declaration. If there is to be a change in City policy, such a proposal should be directed to the Board.

Supervisor Tamaras requested that representatives of the California General Services Administration and of the Department of Housing and Urban Development be invited to attend hearings to explain the reasons for their method of proceeding with these matters. He added that he will want information as to the cost of services which will be required if these land areas are developed for housing.

Supervisor Blake said he would be interested in hearing proposals from a number of developers for use of the land at Fort Mason.

There being no objection, the Chair directed that the entire question be referred to Planning and Development Committee for extensive public hearing to which all interested persons are to be invited after the committee is in receipt of a report and recommendations from the City Planning Commission.

Referred to Planning and Development Committee.

Refused Adoption.

The following presented by the Clerk was taken up.

Fixing date of Monday, September 30, 1968, for hearing appeal from the decision of the City Planning Commission, by its Resolution No. 6245 dated August 1, 1968, renewing conditional use authorization for operation of a quarry at Tocoloma and Lathrop Avenues.

File No. 477-68-1, Resolution No.

(The City Engineer has reported to the Board under date of September 11, 1968, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty per cent of the area (10.52 per cent).

The Clerk presented a communication from Mr. William C. Walters, representative of Visitacion Valley, Reis & Paul Improvement Club, complaining of the fact that the City Planning Commission had granted the conditional use permit to operate the quarry without giving the adjoining property owners an opportunity to protest; and calling attention to the fact that although sixty-six percent of the other owners of property within the affected area signed the petition, it has failed to qualify because the operators of the quarry own a majority of the property within the area.

Mr. Walters informed the Board that the quarry operators are not complying with all the terms of the use permit and the property owners should be given an opportunity to be heard.

Request Granted.

Supervisor Francois requested that this situation be called to the attention of the Citizens Charter Revision Committee with the suggestion that this and other problems which property owners face in attempting to appeal from a decision of the City Planning Commission be considered by the Committee in proposing revision of the Charter.

No objection and Clerk directed to comply.

Mr. Spencer Steele of the Department of City Planning advised the Board that investigation by the Department did not disclose any violations of conditions for the permit. The City Planning Code indicates that in such circumstances the Commission shall not hold a public hearing.

Request Granted.

Supervisors Blake and Morrison requested that the substantial number of protests received against continuance of the quarry be called to the attention of the City Planning Commission with the suggestion that the Commission undertake a new investigation to determine whether or not the conditions imposed by the Commission in granting the permit are, in fact, being complied with.

No objection and Clerk directed to comply.

Supervisor Francois stated that the residents should know that they can, at any time, file protests with the City Planning Commission.

Supervisor Blake requested that the record reflect the fact that he believes the complaints from such a substantial percentage of adjoining property owners are valid but that he must vote against fixing a date for public hearing because the appeal is not validly before the Board.

The roll was called and it was as follows:

Ayes: Supervisor Blake.

Noes: Supervisors Ertola, Francois, Mailliard, Morrison, Pelosi, Tamaras, von Beroldingen.

Absent: Supervisors Boas, Mendelsohn, McCarthy.

Before the Clerk announced the result of the foregoing roll call, Supervisor Blake changed his vote from "aye" to "no."

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Morrison, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Mendelsohn—2.

Appearance of (1) the Honorable Philip E. Watson, Assessor of Los Angeles County, and (2) Mr. Robert C. Mrs. Margaret Coffey, in response to a question by Supervisor Blake, stated that Assessor Watson and his staff had supported A.B. 80 because the Constitution required equality of assessment; however, Proposition 9 will relieve the heavy tax burden on property owners and will require the State Legislature to impose taxation on other sources of wealth which now escape taxation.

Reference to Committee.

The Board resumed consideration of the following recommendations of Finance Committee:

Approving in principle the concept of a rapid transit system between the Airport and downtown San Francisco, recognizing the concept of an aerial transport system as one possible mode thereof, and accepting the offer of City and County of San Francisco Aerial Transport System Corporation to cause in-depth studies to be made at no cost or obligation to the City.

File No. 408-68, Resolution No.

The Clerk presented a communication from Mayor Alioto, favoring proposed feasibility study of an aerial transport system between downtown San Francisco and the airport and urging that other types of transit systems also be explored fully.

Substitute Legislation.

Supervisor Morrison, seconded by Supervisor Mendelsohn, presented the following as a substitute resolution:

Approving in principle the concept of a rapid transit system between San Francisco International Airport and downtown San Francisco; recognizing concept of an aerial transport system as one possible mode thereof; accepting the offer of the City and County of San Francisco Aerial Transport System Corporation and of Black Industries & Co. to cause feasibility studies to be made at no cost or obligation to the City; designating the Department of City Planning as the agency to evaluate such studies; and directing the City to initiate formal discussions with the West Bay Rapid Transit Authority.

File No. 408-68-1, Resolution No.

Motion to Amend.

Substitute Legislation.

Supervisor Morrison, seconded by Supervisor Mendelsohn, moved amendment of File No. 408-68-1 as follows: Page 3, Line 3, after "agencies of City government" ADD ", including the Board of Supervisors"; ADD a new paragraph at end reading "; and be it FURTHER RESOLVED, That the Department of City Planning take immediate action to seek Federal funding for all or part of its transportation plan."

Supervisor von Beroldingen presented the Committee recommendation. In response to her question, Deputy City Attorney Cohen stated that the legislation as recommended by Finance Committee would not obligate the City and County in any way, but would merely approve the general concept.

Supervisor von Beroldingen urged a "no" vote on the substitute legislation, stating that there has been no public hearing on the proposal of Black Industries & Co. She stated that she doubted the City Planning Department can be completely objective, since the Department is already on record as opposing the use of a monorail system.

Supervisor McCarthy stated that in his opinion there are basic public policy questions which should be resolved before the Board can express any curiosity in a proposal of private investors to spend a large sum of money on a feasibility study.

Adopted.

Motion to refer to Finance Committee.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that both proposed resolutions, File Nos. 408-68 and 408-68-1 be referred to Finance Committee for further hearing.

Supervisor Blake spoke against further delay by rereferral to Committee. In response to his question, Mr. M. Justin Herman, Executive Director of the Redevelopment Agency, stated that the Yerba Buena Center terminal would be an ideal place for a connection to a rapid transit system.

Supervisor McCarthy asked whether the Public Utilities Commission has considered the proposals before the Board. He requested that the Commission conduct hearings and submit to the Board a complete re-evaluation of this proposed project.

No objection and Clerk directed to comply.

Supervisor Francois stated that the immediate problem of traffic congestion has not been considered. He suggested that the Finance Committee might consider an interim approach to this problem while the feasibility studies are being conducted.

Supervisor von Beroldingen stated that in her opinion it would be much more expeditious for the Board to consider each and every proposal submitted to the Board on an individual basis. She urged favorable action today on the proposal as recommended by Finance Committee.

In response to a question by Supervisor Pelosi, Deputy City Attorney Stark advised that, although it has been the opinion of the City Attorney in times past that the Board should confine itself to matters of

municipal affairs, the Supreme Court last year in effect held that these matters are properly before the Board and, in fact, said it is not only the right but at times the duty of the legislative body to express an opinion.

Reference to Committee.

Requesting Director of Property to negotiate with the U.S. General Services Administration and to appraise and determine the rental and purchase value to the City and County of the Old Mint property at Fifth and Mission Streets.

File No. 515-68, Resolution No.

Supervisor Tamaras stated that at the present time the Board has two historic sites under consideration: Alcatraz Island and the Old Mint building. The matter of acquisition of Alcatraz Island has been referred by the President to a special committee of the Board, while the matter of appraisal of the Old Mint building was referred to Finance Committee. Supervisor Tamaras said he felt the subject proposal to be premature. The price at which the building may be purchased will depend upon the use to which it will be put, and that decision should be made before the property is appraised.

Supervisor Tamaras moved that the matter of acquisition and use of Alcatraz Island and the Old Mint be combined for referral to one joint committee for a determination as to the uses to which each would be put, after which the Director of Property would be requested to make appraisals. Motion lost for want of a second.

In response to a question by Supervisor Tamaras, Director of Property Wallace Wortman stated that his department would estimate the full market value of the Old Mint property but at the same time would closely examine the question of possible uses to which the City could put the building and examine the various financial benefits the City could derive by purchasing it for a specific purpose. He cited examples of property purchased by the City from the Federal Government in which much less than full market value was paid because of the use to be made of the property.

Supervisor Tamaras said that in his opinion the subject proposal and the matter of Alcatraz Island should be considered by a joint committee with referral to the Planning Commission for a review of previously conducted studies and recommendations.

Mr. John Tolan, Deputy for Development, said that he did not feel the object at the present time was to determine market value for purchase by the City, since private groups are attempting to raise funds for preservation of the building. The groups which would like to use the property for a museum or to preserve it as an historical monument should have sufficient time to determine if they can raise funds to finance permanent maintenance. He said that the purpose now is to begin negotiations and investigate the physical condition to see if the building is safe for temporary occupancy by City departments. Mr. Tolan had no objection to rereferral to committee.

Supervisor Tamaras reiterated his feeling that the matter of possible use of the Old Mint should be studied by a joint committee, with the opportunity given to all groups to present proposals, after which the committee would be expected to report to the Board its determination as to the best use of the property.

Supervisor Tamaras, seconded by Supervisor Francois, moved rereferral to a Joint Planning and Development and Finance Committee. No vote was taken, but there being no objection, the Chair directed that the subject Old Mint proposal be rereferred to Finance Committee, and that the matter of referral to a joint committee of the questions of use of the Old Mint building and Alcatraz Island would be taken under advisement by the Chair.

Rereferred to Finance Committee.

Passage for Second Reading.

The following recommendation of Finance Committee, heretofore considered and temporarily postponed, was taken up:

Repealing Section 16.3-1 of the Administrative Code, delegating to the Mayor authority to appoint a federal legislative representative for the City and County.

File No. 451-68-5, Ordinance No.

In response to a question by Supervisor Francois, the Clerk stated that under existing legislation the Board delegated to the Mayor the authority which the Board had previously held to appoint a federal legislative representative. Now that the Mayor has seen fit not to

employ a lobbyist, to permit this legislation to remain would prevent the Board from exercising its authority to appoint a legislative representative responsible to the Board of Supervisors.

Supervisor McCarthy stated it appears that one of the primary reasons for the subject proposal is to open the way for the Board of Supervisors to hire its own lobbyist in Washington. This is an extension of the previous dispute with the Mayor. On these grounds, Supervisor McCarthy urged a "no" vote.

Supervisor Tamaras stated that he opposes the subject legislation. He said he was not present in Finance Committee when the matter was under consideration and that he agrees with Supervisor McCarthy's statement.

Supervisor Blake stated he would vote "no" because in his opinion the hiring of a lobbyist is within the prerogative of the Mayor and the Board should not interfere but should do all in its power to furnish the Mayor with the necessary tools to fulfill the requirements of his office.

Passed for second reading by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, Mendelsohn, Morrison, von Beroldingen—7.

Noes: Supervisors Blake, McCarthy, Pelosi, Tamaras—4.

Adopted.

The following recommendations of State and National Affairs Committee were taken up:

Endorsing State Proposition No. 6 on the November 5, 1968, ballot, exempting retirement programs for teachers and administrative employees of California's independent colleges and universities from State premium taxes.

File No. 12-68-9, Resolution No. 666-68.

Adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Boas—1.

Opposing State Proposition No. 9 on the November 5, 1968, ballot, restricting taxation of real property.

File No. 487-68-1, Resolution No. 675-68.

Supervisor Francois stated that many authorities believe that Proposition 9 will seriously jeopardize the bonding capacity of counties. If approved, it would help the big property owners while the home owners would be hurt.

Supervisor McCarthy reviewed the provisions of Propositions 9 and 1A. He said that even though the committee feels the provisions of Proposition 1A are inadequate, it is preferable to Proposition 9.

Supervisor Morrison stated that he did not suppose many people

are satisfied with the way the tax relief controversy has developed. Proposition 9 is a bad proposal and should be opposed. On the other hand, Proposition 1A uses sales tax revenue to provide real property tax relief. People who are relatively well off will be subsidized by the poor. The Board should consider this fact the next time the question of housing subsidies or other aids to the poor are before the Board.

Adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

Endorsing State Proposition No. 1A on the November 5, 1968, ballot, providing for minimum exemption of \$750 assessed valuation for owner-occupied dwelling, if owner not granted veteran's or other exemption.

Request Granted.

Complaints about lack of City Hall response to needs of the citizens.

Supervisor Blake called attention to an article in the Examiner of October 7 about the feeling of many district merchants that they are not adequately represented at City Hall. Supervisor Blake said that the Board of Supervisors is doing all it can to implement programs to meet the needs of the people but is the subject of criticism when these programs do not succeed.

Supervisor Blake requested that a communication be directed to the Mayor—to whom complaints should properly be directed—asking that he appoint a person on his staff who is familiar with the City and well-known about town to handle complaints and work with the citizens during the Mayor's absence.

No objection and Clerk directed to comply.

Attendance at annual convention of League of California Cities.

The Chair announced that he has received a request from the League of California Cities that the Board name two delegates to their annual convention meeting in Los Angeles October 13-16. He invited any Board member interested in attending to so notify the Chair.

Regulating conduct on city streets.

Supervisor Ertola announced that the City Attorney has completed a draft of legislation regulating conduct on city streets which will be presented to the Board in the near future.

Request Granted.

Tax exemptions for small businessmen in the Haight-Ashbury District.

Supervisor Ertola cited the instance of a small businessman in the Haight-Ashbury District who is being driven out of business because of the extremely high insurance rates being charged because of social conditions in that area. He said that this problem exists for many businessmen in the Haight-Ashbury.

Supervisor Ertola asked that a communication be directed to the City Attorney asking if the City can grant some kind of tax exemption similar to Federal tax credits to aid the small businesses in the Haight-Ashbury District.

No objection and Clerk directed to comply.

Request of Alamo Square Association for increased police protection and better street and park lighting.

Supervisor Ertola called attention to the request of the Alamo Square Association for more police officers assigned to foot patrol, more integrated patrol times, and better lighting of streets and parks in the district. Supervisor Ertola stated that he felt the requests of the Association to be reasonable and showing a willingness to cooperate with municipal departments in improving conditions.

Reference to Committee.

Amending Ordinance No. 245-68, Business Tax Ordinance, by amending Section 4.11 thereof, relating to transporting persons for hire.

Supervisor Francois presented:

File No. 238-68-10, Ordinance No.

Referred to Finance Committee.

Authorizing Public Utilities Commission to file application for grant of Federal funds in support of a transportation assistant program for the Municipal Railway under the Neighborhood Youth Corps Program.

Supervisor Francois presented:

File No. 207-68-2, Resolution No.

Referred to Finance Committee.

Requesting departmental reports pertaining to feasibility of initiating a firearms safety program in San Francisco.

Supervisor Mendelsohn presented:

File No. 528-68, Resolution No.

Referred to Fire, Safety and Police Committee.

Request Granted.

Transfer of administration of central relocation services from the Redevelopment Agency to City and County of San Francisco.

Supervisor Morrison requested that the Clerk direct a communication to the Civil Service Commission, asking that the Commission report to him on what investigation they have made to implement the Board's directive that centralized relocation services be brought under the direct administration of the City and County not later than June 30, 1969, and that the Civil Service Commission staff initiate a classification survey of positions in the relocation agency.

No objection and Clerk directed to comply.

Budget request of Department of Public Health for funds to install a separate hospital radio network.

Supervisor Morrison stated that he has been in correspondence with persons in the Chinatown community and with the Department of Public Health relative to an incident on August 25 where an elderly Chinese man died on the streets of Chinatown while waiting for an emergency ambulance.

Supervisor Morrison stated that Dr. Curry had pointed out that emergency hospital and police radio calls are on the same band; therefore, when there is much police activity, calls for an ambulance must wait. In the past the Department of Public Health has requested funds for a separate hospital radio network, which requests have been disapproved.

Supervisor Morrison requested that the Clerk send copies of his correspondence on this subject to the Mayor, Chief Administrative Officer Mellon, and to members of the Finance Committee with a prefatory letter over Supervisor Morrison's signature, urging these officials to approve the 1969-70 budget request of the Department of Public Health for a separate hospital radio network.

No objection and Clerk directed to comply.

Police regulation requiring Police Officers to carry firearms at all times.

Supervisor Morrison said that the present crisis in law enforcement in San Francisco demands some new approaches if the city is going to maintain civil order, which approaches he would hope can be formulated within the present Charter restrictions.

In the meanwhile, Supervisor Morrison requested that a communication be directed to the Police Commission over his and Supervisor Francois' signatures, asking for a review of the regulation that requires police officers to carry guns while off-duty.

No objection and Clerk directed to comply.

Requesting that existing vacancies in the uniformed force of the Police Department be filled without delay.

Supervisor Pelosi mentioned the concern of residents of Alamo Square about crime in the streets. He called attention to the fact that there are sixty-one vacancies in positions in the uniformed force of the Police Department in this period of social crisis.

Supervisor Pelosi, joined by Supervisors Blake and Ertola, requested that a communication be directed to the Civil Service Commission, advising that it is their view—and apparently that of many others—it is imperative that the Commission move to see that these positions are filled immediately, and requesting that the Board be advised if any legislative action is required to assist the Commission.

No objection and Clerk directed to comply.

Police regulation requiring police officers to carry firearms at all times.

Supervisor Tamaras stated while he agrees that occasionally there is an unfortunate incident because of a police officer carrying a gun while off-duty, there have also been many occasions on which an off-duty police officer has come to the aid of citizens. Supervisor Tamaras said he did not feel that a change in the present rule requiring police officers to carry firearms at all times is the answer to the present social situation.

Commending Police Chief Thomas J. Cahill.

Supervisor Tamaras mentioned that the latest incident in which a policeman was charged with murder has brought forth the unfortunate statement that Chief of Police Thomas J. Cahill is a racist and should be removed from his appointment. Supervisor Tamaras said that Chief Cahill has served the City honorably for many years and has done more to integrate the department than any chief before him. He added that Chief Cahill enjoys more respect from the community than those who falsely charge him.

Supervisor Tamaras, joined by Supervisor von Beroldingen, requested that a communication be directed to the Police Commission expressing these views so the Commission will be aware of their support of Chief Cahill.

No objection and Clerk directed to comply.

Purchase of property on Mount Olympus for park purposes.

Supervisor Tamaras called attention to the fact that the Department of Housing and Urban Development had rejected the City's request for Federal funds for purchase of real property on Mount Olympus for park purposes because, in the Department's view, the area has little, if any, service value to the general community.

Supervisor Tamaras said that this is the same view he had expressed when this matter came before the Board previously. It would be a misuse of public funds to buy this little plot of ground.

Reference to Committee.

Request of Alamo Square Association for increased uniformed police patrols, integrated police patrols, and better street and park lighting.

Supervisor Francois called attention to the communication from the Alamo Square Association, requesting increased uniformed police patrols, integrated police patrols, and better street and park lighting in the Alamo Square District.

Supervisor Francois stated he had no doubt that if there could be a large-scale foot patrol by police officers it would reduce crime

in the streets, but he suspects the cost would be almost prohibitive. Supervisor Francois asked that this matter be made the subject of hearings before an appropriate committee so the Board and the public can get a clear idea of the problems involved relative to deployment of men, how many men would be required, and what the cost would be.

(Note: The matter of improved street and park lighting, pursuant to reports from Supervisors Blake, Pelosi, Mendelsohn, and Morrison, has been substantially taken care of by an agreement of the Department of Public Works and the Public Utilities Commission to immediately install better lighting in the area.)

Referred to Fire, Safety and Police Committee.

Adopted.

Commending Chief of Police Thomas J. Cahill on election as President, International Association of Chiefs of Police.

Supervisor Blake, seconded by Supervisor Tamaras, moved that a telegram be sent the Chairman of the International Association of Chiefs of Police, now meeting in Honolulu, congratulating the Association and Chief of Police Thomas J. Cahill on his being elected President of the Association.

No objection and motion adopted.

Request Granted.

Requesting review of Police Code Section 538, prohibiting the congregating of minors on public streets at night.

Supervisor Ertola requested that a communication be directed to the City Attorney, requesting a review of Police Code Section 538, prohibiting the congregating of minors on public streets at night, with a view to amendment to make it more adaptable to the needs of the City.

No objection and Clerk directed to comply.

Adopted.

Passage for Second Reading as Amended.

The following from Finance Committee with recommendation "do not pass" was taken up:

(Supervisor Francois dissenting in Committee.)

Appropriating \$186,500, ((Recreation and Park,)) Board of Supervisors, for acquisition of real property on Mount Olympus for park purposes.

File No. 400-68-3, Ordinance No.

Supervisor von Beroldingen advised that following Board action determining that public interest and necessity require the acquisition of these properties for park purposes, the Department of City Planning had informally inquired of the U.S. Department of Housing and Urban Development whether or not there would be a likelihood of Federal funds for acquisition of the property. The response from HUD was negative. Recreation and Park Commission has reported that it would give this property very low priority for a park or recreation area. There is an acute economic problem facing the property owners and a determination should be made as to whether or not the City will purchase this property.

Supervisor von Beroldingen added that although the Committee is in sympathy with the views of the residents of Mount Olympus, two of the Committee members feel that this is the kind of expenditure that the City simply cannot afford at this time when there are so many more critical areas in need of development.

Supervisor Tamaras stated that he feels purchase of this property would be an act of fiscal irresponsibility. The Board should keep in mind the great increase in the tax rate. There are many items of much greater urgency and priority for which funds are lacking. Supervisor Tamaras asked the City Attorney and Director of Property to comment on the possibility of the City's acquiring air rights over the subject properties so that the height limits of any improvements could be kept at a level which would preserve the view from the existing park.

Deputy City Attorney Robert Kenealey advised that it would be possible for the City to acquire an easement over these properties to protect the views from Mount Olympus Park which is presently owned by the City and County.

Director of Property Wallace Wortman stated that acquisition of air rights would be a substantial taking. A comprehensive appraisal would be necessary; however, such an acquisition would be fairly costly.

Motion to Continue Consideration.

Supervisor Tamaras, seconded by Supervisor von Beroldingen, moved that consideration be continued to November 4, 1968, for an appraisal of the cost of acquiring air rights over the subject parcels.

Supervisor Francois spoke in opposition to the motion as being directly contradictory to the concerns expressed for the financial hardship being imposed on the property owners.

Motion to Refer to Committee.

The Chair advised that Deputy City Attorney Kenealey believes that the pending motion should be the subject of public hearing prior to Board action.

Thereupon, Supervisor Tamaras moved rereferral to committee with the direction that the matter be reported back to the Board for consideration on November 4, 1968. Motion lost for want of a second.

Motion to Amend.

On recommendation of Deputy City Attorney Kenealey, Supervisor Francois, seconded by Supervisor Morrison, moved that the legislation be amended to appropriate \$186,500 to the Board of Supervisors rather than to the Recreation and Park Department.

Motion to amend adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, von Beroldingen—9.

Noes: Supervisor Tamaras—1.

Absent: Supervisor Blake—1.

Supervisors Francois and Mendelsohn urged that the Board fulfill the commitment to purchase this property, stating that this is a landmark in the exact geographical center of the city. Funds are available and if the property is not purchased at this time the opportunity will be lost.

Supervisor Morrison urged approval. He said that Mount Olympus is important in a city-wide program of acquisition of properties for park and recreation purposes. A wise program should mean that every neighborhood has such facilities.

Passed for second reading by the following vote:

Ayes: Supervisors Boas, Francois, McCarthy, Mendelsohn, Morrison, Pelosi—6.

Noes: Supervisors Ertola, Mailliard, Tamaras, von Beroldingen—4.

Absent: Supervisor Blake—1.

Supervisor Morrison suggested that the Board request the Department of City Planning to submit a formal application for Federal funds for this purpose.

Supervisor McCarthy requested that the Clerk write the proper City department or private agency, asking for preparation and submission of a formal application for Federal funds.

No objection and Clerk directed to comply.

Reference to Committee.

The following recommendation of Health Committee was taken up:

Declaring intent to adhere to a schedule for compliance with waste discharge requirements of the San Francisco Bay Regional Water Quality Control Board.

File No. 287-68-2, Resolution No.

Controller Nathan Cooper advised that at present San Francisco does not have sufficient bonding capacity to finance the capital improvements necessary to adhere to the proposed schedule. A Charter amendment would be necessary to remove Airport and Hetch Hetchy bonds from the bonded debt limit imposed by Charter Section 104 and/or to raise the existing limitation from twelve percent to fifteen percent of the assessed value of all real and personal property in the City and County subject to taxation for City and County purposes.

Supervisor Francois requested that the matter of Federal assistance in funding capital improvements necessary to comply with requirements of the San Francisco Bay Regional Water Quality Control Board be the subject of committee hearing in order that the Board may have the advices of the City's representatives in Washington, the Mayor, City departments, local and Federal offices as to how the City should proceed in a program aimed at stimulating Federal assistance in this field.

Supervisor Mendelsohn requested that a communication be directed to Stanford Research Institute through the Mayor, asking what Federal funds are available at the present time for control and treatment of discharges from San Francisco's sewer system.

In response to questions by Supervisor Ertola, Mr. Fred H. Dierker, Executive Officer of the San Francisco Bay Regional Water Quality Control Board, stated that, in terms of the tax base, population, and the need for treatment facilities in terms of water quality control, all other cities in the bay area are doing more than San Francisco is doing. Treatment of discharges from the San Joaquin master drain is being studied in some detail. It is likely a method of treatment will be found before completion of the drain.

In response to a question by Supervisor Ertola, Mr. Dierker said he thought the Board of Supervisors would do well to make every effort to stimulate federal funding for water quality control purposes.

Supervisor Ertola stated that he will vote against the proposed legislation, not because he is unaware of the need to protect the waters of the Bay but because he feels many more questions need to be answered before committing San Francisco to the expenditures required to adhere to this time schedule.

Motion to Refer to Committee.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved referral to Finance Committee.

Director of Public Works Myron Tatarian called the Board's attention to the fact that the San Francisco Bay Regional Water Control Board will meet on October 30, 1968, before which time San Francisco should make a commitment as to intent.

Supervisor Morrison stated that the Director of Public Works and City Engineer have done an amazingly productive job on this problem over the past month or two and he doubted they will have any more information to give the Finance Committee than they are prepared to give the Board today.

Supervisor Mendelsohn stated that he would have no objection to referral to Finance Committee if the matter is heard next Wednesday and reported back to the Board on October 28, 1968.

Supervisor Tamaras requested that the Executive Director of the San Francisco Bay Regional Water Control Board be asked to furnish the Board with a written report as to what progress is being made to discontinue pollution in the San Joaquin Delta region. Supervisor Tamaras added that he believes most of the pollution of the Bay originates in that area and unless that problem is solved, nothing San Francisco does will improve the situation.

In response to a question by Supervisor Francois, the Chair stated that the pending motion to refer to Finance Committee includes both the subject legislation and the question of financing.

Motion to re'er adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisor Morrison—1.

Absent: Supervisor Blake—1.

In response to a question by Supervisor Pelosi, the Director of Planning stated his staff's conclusions at the present time are that an extension of the rapid transit system already started would be the best means of transportation to the Airport and eventually to a point beyond the Airport.

Supervisor Morrison urged a "no" vote. If the Board wishes a study made of a monorail system between San Francisco and the Airport, it should ask the Department of City Planning and the Public Utilities Commission to include it in their on-going studies. The Board should decide at this point whether it really does want to build a "Third Street El." The City should lay down basic policy and then decide on a means of carrying out that policy.

Supervisor von Beroldingen stated that by having private industry undertake these studies at their own expense, City Departments will be spared the task of making lengthy analyses. When the studies are presented to the Board, they will be referred to City departments for evaluation and recommendations. The Board's action today will not authorize construction of a monorail system.

Supervisor McCarthy raised the question of whether or not the non-profit corporation anticipates that City funds will be used to pay any debt service deficit or maintenance and operational deficits if the City enters into a contractual arrangement with the nonprofit corporation.

Supervisor Morrison stated he believed the corporation is asking the City to pay eight million dollars a year to lease the system from the corporation.

In response to a question by Supervisor McCarthy, Controller Cooper stated it was his recollection that in the original letter of intent submitted by the corporation there was a provision that the City lease the entire system from the corporation for a sum that would be sufficient to meet its financial obligations. Since that time there has been considerable verbal alteration of that letter of intent.

Motion to Amend.

Supervisor McCarthy, seconded by Supervisor Morrison, moved amendment as follows: Add a new paragraph at end reading:

“FURTHER RESOLVED, That should aforesaid in-depth studies confirm preliminary data developed concerning the financial feasibility of the proposed aerial transport system, it is understood that no funds from the City and County of San Francisco shall be used to pay any deficit incurred from debt service or from maintenance and operational costs of said system, if the City and County of San Francisco enters into a contractual agreement with San Francisco Aerial Transport System for construction and operation of said system.”

In response to a question by Supervisor Boas, Deputy City Attorney Cohen said he interprets the amendment to mean that the City cannot lease the system from the nonprofit corporation if in any year there are not sufficient revenues derived from the facility.

Motion to amend refused adoption by the following vote:

Ayes: Supervisors McCarthy, Morrison, Pelosi—3.

Noes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, Mendelsohn, Tamaras, von Beroldingen—8.

Supervisor Boas stated that he has three concerns about the proposal before the Board today. The first stems from the excellent report of the Department of City Planning showing a lack of compatibility between monorail and other systems throughout the Bay Area. The second relates to the overwhelming concern about the effect on neighborhood aesthetics of an elevated system. The third concern is that the proposal should be before the Public Utilities Commission at this time rather than the Board of Supervisors. Supervisor Boas added that although he understands the subject legislation does not bind the Board to future action, he is further advised that this action will somewhat limit the Board's freedom of action. Because of the concerns he has expressed, Supervisor Boas stated that he will vote “no” on the subject proposal.

Supervisor McCarthy stated he will vote “no” because in his opinion, to consider construction of a \$117 million public transportation system without the approval of the electorate shows a disdain for the right of the voters to pass on such matters, particularly when there appears a strong likelihood that public funds will be required to meet any deficits that may accrue from the operation and maintenance of this system. Also, by this action the Board will be on record as considering an elevated structure in a long-neglected part of San Francisco which now shows promise of becoming an attractive urban environment. Finally, Supervisor McCarthy said, no City department or official supports the subject proposal: the Department of City Planning strongly opposes it and the Public Utilities Commission remains silent.

Adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, Mendelsohn, Tamaras, von Beroldingen—7.

Noes: Supervisors Boas, McCarthy, Morrison, Pelosi—4.

Amending Ordinance No. 245-68, Business Tax Ordinance, by amending Section 2 thereof, Operation of Definitions, to provide for exemption from the term "gross receipts" certain receipts derived from the publication, printing, or sale of newspapers, magazines and other periodicals, and receipts derived by a radio or television studio, station, or network from the production or broadcasting of radio or television programs or advertising material.

File No. 238-68-8, Ordinance No.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved amendment as follows: Add Section 2 thereto, to amend Section 2 of Ordinance No. 245-68, Business Tax Ordinance, by renumbering subsections (a) through (o) thereof so that they shall be designated as Sections 2.1 through 2.15, respectively; amend title to reflect said renumbering.

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisors McCarthy, Morrison—2.

Supervisors von Beroldingen and Tamaras presented the Committee recommendation.

Supervisor Morrison spoke in opposition, stating it is important that San Francisco widen its tax base as much as possible. In response to a question by Supervisor Morrison, Deputy City Attorney Stark verified Supervisor Morrison's statement that there is no authority holding that there is a constitutional prohibition against a local tax based on gross receipts of radio or television stations or newspapers as long as such tax is based on local activities.

Supervisor Ertola explained that he would vote "yes" on the proposal before the Board because he feels all segments of the news media should be equally exempt.

Supervisor Pelosi stated that he is concerned that a "no" vote will be interpreted by some as opposition to free speech. Such an interpretation is not correct. Board action should be based on the sound premise that if profit accrues from doing business in San Francisco, a minor fraction of that profit should be paid into the tax coffers of San Francisco.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Mailliard, Tamaras, von Beroldingen—6.

Noes: Supervisors Boas, McCarthy, Mendelsohn, Morrison, Pelosi—5.

File No. 238-68-10, Ordinance No.

Supervisor Morrison stated that in his opinion it is inopportune for the Board to enact amendments to the Business Tax Ordinance at this time. The Board should wait until the City has at least one year's experience before enacting amendments.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

File No. 238-68-13, Ordinance No.

Supervisor Francois requested that the Journal reflect the fact that the contractors had in writing called to the attention of the Committee during the original hearings on the Business Tax Ordinance the inequity which the subject amendment is designed to correct. The communication had inadvertently been overlooked by the Committee. The Committee wishes it to be clear that it will not look favorably upon requests of any proponents who neglected to make a case at the proper time.

Ayes: Supervisors Blake, Boas, Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

File No. 200-68-17, Ordinance No.

Supervisor Tamaras stated that he felt the weakness of Mini-Park Program is the failure to have community representation involved in maintenance. The Coordinator should be advised that it is a contemplated policy of the City to require the guarantee of neighborhood participation and maintenance. In this respect he directed the City Attorney to inform this Board whether the neighborhoods in which the Mini-parks would be constructed can be involved and placed under some obligation with respect to maintenance, under special arrangement terms and City supervision. Supervisor von Beroldingen concurred in requesting this information from the City Attorney and added that no unnecessary funds would be appropriated for replacement of facilities destroyed by vandalism. Supervisor Francois also favored encouraging a policy of maintenance by the neighborhoods, inasmuch as in this way the people would be helping themselves by saving money from taxes and at the same time providing badly needed recreation for themselves.

Supervisor von Beroldingen explained that funds for this position will not affect the tax rate. She stated that the position will be financed by City funds already appropriated and from a Federal subsidy. Because the Departments of Recreation and Park, City Planning, and Public Works all have responsibility for certain phases, it is desirable

that one person administer the program and coordinate the activities of the departments involved.

Supervisor Boas stated that he was not sure creation of the subject position is necessary: It would appear that the program could proceed under present personnel.

Endorsing new rules and regulations proposed by Federal Highway Administrator relative to public hearings and procedures for the location and design of all Federal-aid highways.

Supervisor Mendelsohn announced that on November 18, 1968, he plans to introduce a resolution for immediate adoption, endorsing the new rules and regulations proposed by the Federal Highway Administrator relative to public hearings and procedures for the location and design of all Federal-aid highways.

Supervisor Morrison requested that the matter of the new rules and regulations be referred to Streets and Transportation Committee for public hearing. He stated he has no objection to adoption of a resolution endorsing the proposal of the Federal Highway Administrator but he expected this will be an issue for some time to come and the Board should have more detailed information than it does on the proposed new rules and regulations.

The Chair stated that when a copy of the rules and regulations are received, they will be referred to committee for consideration.

Supervisor Morrison requested the Director of Public Works to get for the Board a copy of the proposed rules and regulations as soon as possible. The Director of Public Works indicated he will do so.

Motion to Continue Consideration.

Supervisor Tamaras, seconded by Supervisor Blake, moved that consideration be continued to December 2, 1968, in order that the opposition of the Board of Permit Appeals to establishment of an Abatement Appeals Board can be resolved.

Supervisor Boas advised that the Committee had spent considerable time on this and other controversial items in the code, as follows:

(1) Establishment of a separate Abatement Appeals Board; (2) Height limit of concrete structures; (3) Designation of department responsible for the issuance of building permits; (4) use of plastics in building construction; (5) provision of personnel for the inspection of refrigeration and airconditioning installations; (6) use of prefabricated components; (7) provisions covering use of wood.

Supervisor Boas stated that the Committee recommends passage of the ordinance with amendment relative to height of concrete structures, and with continued committee hearings on the questions of establishment of the Abatement Appeals Board and adoption of provisions for staff to inspect refrigeration and airconditioning installations. The remaining items listed above are presently being discussed by industry, other interested parties, and City officials, after which recommendations will be made to the Board in accordance with agreements reached therein. He added that prompt passage of the new code is important, since a number of construction projects are being held in abeyance until passage.

Supervisor McCarthy stated that Mr. Henry Wald, owner of Block 1343, Lot 4, had telephoned him earlier, requesting a continuance, since Mr. Wald was too ill to attend the hearing today.

Supervisor McCarthy, seconded by Supervisor Mendelsohn, moved that consideration of correction of assessment on Block 1343, Lot 4, be continued to December 9, 1968.

No objection and motion adopted.

In response to a question by Supervisor Francois, Deputy City Attorney Kenealey stated that he would like to have some time to research the question of whether the correction of assessment on

Block 793, Lot 1, is properly before the Board of Supervisors or is under the jurisdiction of the Assessment Appeals Board, which has already considered an appeal of the assessment on this property.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that consideration be continued to December 9, 1968, to give the City Attorney an opportunity to investigate the matter.

File No. 450-68, Ordinance No. 335-68.

Supervisor Morrison said that in his opinion, in considering a matter which touches on personal freedoms, legislators must be very careful not to enact a law directed against one segment of the population, as seems clearly the case in this measure. Also, the ordinance is loose in the language "other public places." Supervisor Morrison said that he would vote against the measure because it is in conflict with State law, because no specific intent to violate the law is required, and because it could be applied to persons who are not, in fact, obstructing anyone's free access.

Finally passed by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisor Morrison—1.

Absent: Supervisor Mailliard—1.

Absent: Supervisor Mailliard—1.

Thereupon, Supervisor Tamaras, seconded by Supervisor Francois, moved that the proposals for the conduct of studies of the feasibility of a monorail system between San Francisco and the Airport also be referred to Streets and Transportation Committee.

Supervisor McCarthy called attention to the fact that the legislation referred to by Supervisor Tamaras has already been enacted by the Board.

Supervisor Francois stated that his understanding of the motion was that all matters relative to transportation shall be referred to Streets and Transportation Committee.

Supervisor Blake stated his belief that Streets and Transportation Committee should determine policy relating to transportation; the Finance Committee should confine itself to consideration of finances.

In response to a question relative to the propriety of Supervisor Francois' understanding of the pending motion, the Clerk advised that rules of the Board require the President to assign matters to committees. If there is any disagreement relative to references made by the President, a member of the Board can bring it to the President's attention. However, the contemplated action would, in fact, be an attempt to amend the rules of the Board.

Supervisor Tamaras thereupon withdrew his motion.

File No. 412-68-5, Ordinance No.

City Attorney O'Connor stated that he believes the agreement as written is a good, operable agreement as far as San Francisco is concerned. Rectification of the governing State legislation can be made by the Legislature in Sacramento at some future date.

Supervisor Morrison urged that the Board refuse passage of the proposed legislation and instruct San Francisco's negotiating team to resume negotiations for an agreement more favorable to San Francisco's interest.

Chief Administrative Officer Mellon stated that in his opinion San Francisco came out of these negotiations with as good an agreement as possible under the circumstances. If negotiations are reopened, San Francisco would risk opening up other issues on which it could stand to lose an advantage.

File No. 80-68-52, Ordinance No.

(Permanent Salaries	\$72,415

Fixed charges	7,100)

Supervisor von Beroldingen presented the Committee recommendation.

Mr. James K. Carr, General Manager of Public Utilities, and Mr. Warren Poole, representing McKinsey and Company, Inc., responded to detailed questions of Supervisor Morrison relative to the report of that company's survey of the City's public utilities organization.

Supervisor McCarthy stated that about three years ago he had written the General Manager of Public Utilities and several other City departments, asking for an opinion on how well it might serve the City in the matter of surface and subsurface transportation to consolidate several City departments into one Department of Transportation which would be headed by a director responsible to the Mayor. At that time the General Manager had responded.

On November 14, 1968, in anticipation of the subject proposals, Supervisor McCarthy stated he had again asked the General Manager

of Public Utilities if he would offer any resistance if the Charter Revision Committee should recommend to the Mayor and the Board of Supervisors the integration of various City departments dealing with surface and subsurface transportation.

Mr. Carr responded that he felt this to be a policy question to be decided by the Commission.

Mr. William E. McDonnell, President of the Public Utilities Commission, stated that he believed the Public Utilities Commission and the staff would make no resistance if such a recommendation were made and approved by the Mayor and the Board of Supervisors. He added that what the Commission is asking today is the establishment of a transportation bureau.

Supervisor McCarthy stated that his concern is that there not be a jurisdictional battle during the period of public consideration of any proposal for establishment of a separate transportation department and prior to a decision by the Mayor and the Board of Supervisors.

Mr. McDonnell stated that in considering the reorganization of City departments it could be expected that there would probably be disagreement among the various members of the Commission relative to any particular aspect of the reorganization; however, Mr. McDonnell said, he did not believe there would be any attempt by the Public Utilities Commission to prevent the formation of a separate Bureau of Transportation.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisors Mailliard, Morrison—2.

Declaring it to be public policy that the imposition of a gross receipts tax on news media poses a threat to freedom of speech and press and would constitute an undue burden on interstate and foreign commerce.

File No. 238-68-18, Resolution No.

Supervisor Morrison requested the Chair to rule the subject proposal out of order on the grounds that it is against the laws of the United States and the State of California and against the declared policy of the City and County.

In response to a question by the Chair, Deputy City Attorney Stark stated that while it is true that the legal effectiveness of the resolution would be meaningless, since the public policy of the City has been established by ordinance, it is in order.

The Chair thereupon ruled consideration of the proposed resolution to be in order.

There being no errors, corrections, or omissions, the Journals of Proceedings for the meetings of Monday, November 4, and Tuesday, November 12, 1968, were considered read and approved.

SPECIAL ORDER—2:00 P.M.

Hearing objections to correction of clerical errors in 1968-69 Assessment Roll which will increase amount of taxes payable; List No. R.E. 221-I.2.

File No. 22-68-16.

The Clerk presented a communication from the City Attorney, discussing proposed correction of assessments.

Noted and ordered filed.

The Chair inquired if anyone present wished to protest further.

Mr. Mathew M. Fishgold, representing the owner of Block 793, Lot 1, accepted the fact that the Board must be guided by the opinion of the City Attorney that the Assessor acted correctly in this matter, but now wished to pursue the matter on the grounds of the assessed valuation placed upon the improvements.

Mr. William Lowry, representing the Assessor, informed the Board that the question of value of the property is subject to determination by the Board of Supervisors.

Mr. Henry J. Wald, owner of Block 1343, Lot 4, asked for and received an explanation of the correction of assessment on his property.

There being no one else present desiring to protest, the Chair declared the hearing concluded.

Adopted as Amended.

The following from Finance Committee, heretofore considered, was taken up:

Authorizing correction of clerical errors in 1968-69 Assessment Roll which will increase amount of taxes payable; List No. R.E. 221-1.2.

File No. 22-68-16, Resolution No. 778-68.

3090	38	1,550	4,075	50	—	5,675

Supervisor Morrison, seconded by Supervisor Mailliard, moved that consideration of assessment of Block 793, Lot 1, be continued to December 16, 1968, and that resolution authorizing correction of balance of list be adopted.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Blake, Francois—2.

Taken Up Out of Order.

Adopted.

There being no objection, on motion of Supervisor Morrison, the following recommendation of Streets and Transportation Committee appearing on the calendar under New Business was taken up out of order:

Authorizing execution of amendment to agreement with North Water-front Associates, Inc., for disposition of land (vacated portions of Montgomery and Lombard Streets).

File No. 218-68-3, Resolution No. 772-68.

Supervisor Morrison, seconded by Supervisor McCarthy, moved that the privilege of the floor be granted to representatives of pro-

ponents and opponents and that each side be limited to a ten-minute presentation.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Mailliard, McCarthy, Mendelsohn, Morrison, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Blake, Francois—2.

In response to a call of the Board, Supervisor Blake returned to the Chambers.

Supervisor Blake, seconded by Supervisor Mailliard, moved rescission of the foregoing action.

The roll was called on the motion and was as follows:

Ayes: Supervisors Blake, Boas, Ertola, Mailliard, Mendelsohn, Tamaras—6.

Noes: Supervisors McCarthy, Morrison, Pelosi, von Beroldingen—4.

Absent: Supervisor Francois—1.

Supervisor Blake presented the Committee recommendation.

At this point several Supervisors indicated that they had misunderstood the question before the Board at the time of the immediately foregoing roll call.

The Chair ruled that the roll call had not been reflective of the intent of Board members and that a motion that the roll be taken again on Supervisor Blake's motion would be in order.

Supervisor von Beroldingen, seconded by Supervisor McCarthy, moved that the roll be called again on the motion to rescind Board action granting the privilege of the floor.

Motion to rescind refused adoption by the following vote:

Ayes: Supervisors Blake, Mailliard, Mendelsohn, Tamaras—4.

Noes: Supervisors Boas, Ertola, McCarthy, Morrison, Pelosi, von Beroldingen—6.

Absent: Supervisor Francois—1.

The privilege of the floor was granted the following:
Proponents:

Frederick Johnson, representing North Waterfront Associates.
Opponents:

Roger Kent, representing the law offices of Crimmins, Kent, Bradley & Burns, 155 Montgomery Street;

Robert Katz, 2 Whiting Street, representing the Telegraph Hill Dwellers.

In response to questions by Supervisor Boas, Director of Planning Jacobs stated that his understanding of the purport of the amendment is that, by and large, the conditions imposed on the development will not apply if the developers do not buy the vacated street areas. He called attention to the fact that the City Planning Commission by its

Resolution No. 6215, dated April 11, 1968, adopted a policy requiring review by the Commission of all building permit applications, using its discretionary power, and of review of all matters which may properly come before it concerning this development. He said he thought there was a strong possibility that the developers may want to change the development and proceed without the vacated street areas if they find they cannot proceed within the time schedule they have set.

Supervisor Morrison urged that the covenants running with the land be retained whether or not the terms of the agreement are complied with. In response to a question by Supervisor Morrison as to whether Resolution 6215 of the City Planning Commission applies to any future development proposed for that land, Deputy City Attorney Kenealey responded that it does.

In response to further questions by Supervisors Morrison and Ertola, Mr. Kenealey stated that under the present agreement the developers cannot take title to the vacated street areas after December 31, 1969. With the adoption of the proposed amendment, the agreement may be terminated by either party after December 31, 1969, and the City could give notice of termination and would not be required to convey the street areas. In the event title to the streets does not pass, there is an essential failure of consideration and there is no agreement between the parties.

Supervisor Morrison noted that North Waterfront Associates has stated it intends to sell this parcel of land to Travelers Insurance Company. In light of that knowledge, and knowing there may be an entirely new proposal for development of the land, the City should be very careful about retaining the conditions imposed.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Mailliard, McCarthy, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisor Morrison—1.

Absent: Supervisor Francois—1.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

ADD "It is specifically understood no funds of the City and County of San Francisco shall be requested or required for implementation or administration of the commission or its functions."

General discussion ensued as to which City and County agency should be designated to staff the proposed commission. Supervisor von Beroldingen stated that she had just been informed that State law requires the formation of a Delinquency Prevention Commission for a period of four years.

File No. 582-68, Ordinance No.

Supervisor Pelosi said he felt the whole question of electronic data processing of records by the City and County should be reconsidered. There is much change occurring in this industry and he wondered if it might not be financially advantageous for the City and County to use the services of firms furnishing this service rather than doing the work itself.

Controller Nathan Cooper advised that it did not appear that it would be economically feasible in the foreseeable future for the City not to operate its own data processing center, since at the present time it would cost two-and-a-half times as much to contract for such service as the City now pays for base rental and programming service. He added that this legislation arises from a request of an employee organization to use certain equipment for the benefit of employees at no cost to the City. There is presently no provision for receipt of payment for such use.

Supervisor Blake stated he will vote against the subject proposal, first, because he has had numerous complaints about the efficiency of the data processing center and, second, because this will freeze provisions into the Administrative Code. Supervisor Blake said he believed

employee organizations should be able to come to the Board for a determination as to any charges to be made for service rendered them by a City and County department.

Supervisor Blake, seconded by Supervisor Boas, moved rereferral to Committee for preparation of substitute legislation to permit Controller to receive payment only for the requested use of equipment out of which the subject legislation arises.

Motion to rerefer refused adoption by the following vote:

Ayes: Supervisors Blake, Boas, Pelosi—3.

Noes: Supervisors Ertola, Francois, Mailliard, McCarthy, Mendelsohn, Morrison, Tamaras, von Beroldingen—8.

The following Recommendation of Caucus of the Board was taken up:

Motion—Directing Clerk of the Board of Supervisors to initiate a request for a supplemental appropriation of funds in the amount of (((\$27,480)) \$13,740 to provide for creation of ((six)) three new positions of Administrative-Secretarial Assistants and office equipment.

It is hereby moved that the Clerk of the Board be and he is hereby authorized and directed to initiate a request for a supplemental appropriation of funds in the total amount of (((\$27,480)) \$13,740 as follows: Permanent salaries, (((\$22,710)) \$11,355 to provide for creation of ((six)) three new positions of Administrative-Secretarial Assistant to members of the Board of Super-

visors; equipment ((\$4,770)) \$2,385 for the purchase of ((six)) *three* electric typewriters ((\$2,784)) \$1,392, ((six)) *three* desks ((\$810, six)) \$405, *three* chairs ((\$486, six)) \$243, *three* typewriter tables ((\$240, six)) \$120, *three* two-drawer file cabinets ((\$450)) \$225 said supplemental appropriation to be made from any funds certified by the Controller to be available for the purpose.

File No. 69-68-12.

Supervisor Tamaras announced that because of the heavy burden carried by the taxpayers, he is, with reluctance, dispensing with the very fine services of his Administrative-Secretarial Assistant.

Supervisor von Beroldingen said that while she agrees with those Supervisors who spoke in favor of the proposal that the office of Supervisor has become a full-time job, and a member's ability to serve is impaired without the necessary help, she feels compelled to choose to give the best service possible without the help of an Administrative-Secretarial Assistant: therefore she has informed the Clerk that she will dispense with the services of her Assistant, who has rendered outstanding service.

Supervisor Boas stated he does not plan to use the services of an Administrative Assistant because he is concerned about the very high tax rate in the City and because the Citizens Charter Revision Committee will be considering the Board of Supervisors next year and the question of organization and staff should be left to that Committee.

Supervisor McCarthy, seconded by Supervisor Francois, moved amendment to reduce the number of new positions from six to three as follows: Reduce total appropriation to \$13,740, reduce appropriation for permanent salaries to \$11,355, reduce appropriation for equipment to \$2,385 of which \$1,392 is for 3 typewriters, \$405 for 3 desks, \$243 for 3 chairs, \$120 for 3 typewriter tables, \$225 for 3 file cabinets.

Supervisor Ertola presented:

File No. 72-66-3, Ordinance No.

Improvement and expansion of Candlestick Park Stadium.

Supervisor Ertola stated that he had received a response from the Recreation and Park Commission relative to the status of the proposed improvement and expansion of Candlestick Park. Controller Nathan Cooper is planning to report next Monday on the status of funds allocated from hotel tax receipts for a sports arena-convention center in the Yerba Buena Redevelopment Project Area.

Supervisor Ertola said he felt it most important that San Francisco reach a decision and proceed to implement that decision or the City might find that it has lost its major league football team.

Supervisor Francois stated that, legally, it seems to him the Candlestick Park Stadium study should have proceeded and that he is opposed to any further extended studies. He asked that the Finance Committee which presently has the matter under consideration, calendar at the earliest possible date the matter of improvement and expansion of Candlestick Park Stadium for a report from all parties involved.

Use of chemical weapons by the Police Department.

Supervisor Morrison presented a photograph taken on the campus of San Francisco State College on December 12, 1968, during a disturbance in which it appeared one of three members of the Police Department tactical squad had squirted or was about to squirt mace into the face of a person being subdued.

Supervisor Morrison requested that a communication over his signature be directed to the Chief of Police and the Police Commission, forwarding a copy of the photograph and a copy of Board of Supervisors' Resolution No. 369-68, stating policy in regard to use of toxic or potentially toxic chemical weapons, and asking if they have received a public report from the Director of Public Health relative to the toxic effect of mace and how they view their responsibility in this regard in view of the Board's declaration of policy.

Supervisors Francois and Mendelsohn requested that a communication be directed to the Director of Public Health over their signatures, asking when the Board might expect his report on the toxic effect of mace. Supervisor Francois said that because of the possible substantial liability of the City that could result if the material is found to be permanently damaging, the Board should have some guidance from the Director of Public Health.

Chief Administrative Officer Mellon suggested that, because the Director of Public Health lacks facilities to do the necessary research,

the question be put to him as to whether or not there is any case on record in which mace has done permanent, irreparable damage. This would give the Director the opportunity to point out a dangerous situation if one exists.

No objection and Clerk directed to comply.

Reference to Committee.

Amending Municipal Code Part III to temporarily suspend or reduce the license fee on auction houses.

In response to questions by various Supervisors, Mr. John H. Tolan, Jr., Deputy for Development, explained the provisions of the legislation and lease.

Reference to Committee.

Supervisor Mendelsohn requested that the appropriate committee of the Board begin immediately a continuing review of the definition of moderate income and rental charges for apartments, pursuant to Title 1 and Title 7 of the terms of proposed lease of Midtown Park Project.

Referred to Joint Finance and Social Services Committee.

Supervisor Ertola stated he will vote against the proposed legislation because he feels it completely inappropriate for the City and County to be in the business of leasing an apartment house and setting rents to be charged therein. He said the social purpose sought to be served is a fine one, but the method used borders on the absurd.

Supervisor Mailliard stated that he opposes acquisition of this property essentially because this is another example of government involvement in an area where there is already too much government. The City and County should not become a landlord.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

Policing of disorders at San Francisco State College.

Supervisor Blake called attention to reports of costly damage done to the physical plant at San Francisco State College and the high cost to San Francisco taxpayers of maintaining San Francisco policemen on the campus to quell student disorders.

Supervisor Blake requested that communications be directed to the Police Commission and Controller over his signature and that of any Supervisor wishing to join, asking what the cost has been to the taxpayers of San Francisco to date of policing the disturbances at San Francisco State College.

Supervisor Blake added the request that the Mayor be advised of his concern about the costs to the taxpayers and the fact that the stationing of policemen at the college campus is taking men from duty in other areas of the City.

Supervisor Blake then requested that communications be sent the Governor and State College Trustees, advising them of his concerns and suggesting that the National Guard should be performing police work on the campus instead of the San Francisco Police Department. Requests granted.

Supervisor Tamaras indicated he wished to join with Supervisor Blake in signing the above-mentioned communications.

Later on roll call, Supervisor Francois and Supervisor Morrison strongly opposed Supervisor Blake's suggestion that the National Guard be called in to handle disorders on the San Francisco State College campus.
